the top two bestselling genres in modern fiction It is a linguistic literary stylistic and structurally formalist analysis of the male and female sentences in the genres that have the greatest gender divide romances and mysteries The analysis will search for the historical roots that solidified what many think of today as a natural division Virginia Woolf called it the fabricated feminine sentence and other linguists have also identified clear sexpreferential differences in AngloAmerican Swedish and French novels Do female mystery writers adopt a masculine voice when they write mysteries Are femalepenned mysteries structurally or linguistically different from their male competitors and vice versa among male romance writers The first part can be used as a textbook for gender stylistics as it provides an indepth review of prior research The second part is an analysis of the results of a survey on readers perception of gender in passages from literature The last part is a linguistic and structural analysis of actual statistical differences between the novels in the two genres considering the impact of the author s gender

Her Neighbor's Wife Lauren Jae Gutterman, 2019-10-04 At first glance Barbara Kalish fit the stereotype of a 1950s wife and mother Married at eighteen Barbara lived with her husband and two daughters in a California suburb where she was president of the Parent Teacher Association At a PTA training conference in San Francisco Barbara met Pearl another PTA president who also had two children and happened to live only a few blocks away from her To Barbara Pearl was the most gorgeous woman in the world and the two began an affair that lasted over a decade Through interviews diaries memoirs and letters *Her Neighbor's Wife* traces the stories of hundreds of women like Barbara Kalish who struggled to balance marriage and same sex desire in the postwar United States In doing so Lauren Jae Gutterman draws our attention away from the postwar landscape of urban gay bars and into the homes of married women who tended to engage in affairs with wives and mothers they met in the context of their daily lives through work at church or in their neighborhoods In the late 1960s and 1970s the lesbian feminist movement and the no fault divorce revolution transformed the lives of wives who desired women Women could now choose to divorce their husbands in order to lead openly lesbian or bisexual lives increasingly however these women were confronted by hostile state discrimination typically in legal battles over child custody Well into the 1980s many women remained ambivalent about divorce and resistant to labeling themselves as lesbian therefore complicating a simple interpretation of their lives and relationship choices By revealing the extent to which marriage has historically permitted space for wives relationships with other women *Her Neighbor's Wife* calls into question the presumed straightness of traditional American marriage
