

Self Esteem Guided Imagery

Find a comfortable place to sit and close your eyes. Relax your body. Und clinch your jaw, relax your neck, and stretch any parts of your body where you may be holding tension.

Take a deep breath and focus on your breathing.
Breathe in relaxation and breathe out tension.
breathe in calmly and let all the tension go as you exhale.

Continue to breathe slowly, and gently, deepening your state of relaxation more and more with each breath. Deeper and deeper. More and more relaxed. Calm. At peace.

Bring your attention to your thoughts and begin to picture a place that creates a sense of calm and safety in your life. This place may be real or imagined. Allow yourself to travel to that place in your mind as you continue to focus on your breathing and deepen your relaxation.

Breathe in relaxation and breathe out tension
breathe in calm and let all the tension go as you exhale.
Allow the sights and sounds to wash over you. As you sit in this relaxation repeat the following positive statements in your mind.

I am at peace with myself.
I am grateful for the body I have.
I value myself as a person and am confident in myself.
I am a valuable human being and have a purpose.
I deserve to feel calm and relaxed.
I deserve to be happy.
I am human and am allowed to make mistakes.
I am learning and growing every day.
I allow my happy feelings to wash over me and work to be content.

Now it is time to leave your special place. Know that you can return here in your imagination any time to relax, feel calm, and be safe. Take with you the feelings of acceptance of yourself, and increased self-esteem. Continue to feel positive and accepting of yourself. Hold onto this secure feeling of self-esteem as you return to your day.

Guided Meditation Script Barclay J Fisher, 2020-02-12 If you choose to use one or more of these scripts to facilitate a guided meditation journey for others please preface the trip for them by reminding them that no longer all people see matters for the duration of a guided meditation This is very important because our purpose is for them to go a bit closer to their soul during the journey now not to supply them one more cause to consider they've failed In the years that I've been using these guided meditations many human beings have shared experiences with me where they weren't capable of seeing anything but they did hear something Or they felt the environment with imaginary kinesthetic touch Or they just had a deep sense of internal understanding about something all through the internal journey All of this is perfectly okay And as soon as in a while any person doesn't see hear sense or think about anything That's flawlessly okay as well Certain internal journeys simply don't fit with some people And sometimes a guided meditation desires to be listened to and experienced more than once to sufficiently loosen up and open up a person's inner world Also at the cease of facilitating one of these Inner Journeys please allow participants ample time to manner their experience You might favor to supply them several minutes to write in their journals or you may prefer to invite small group voluntary sharing It also may help to make yourself available afterward for a personal conversation about their journey within the meditation It's surely essential that every man or woman has a way to specific and combine the guided meditation experience For some people this capacity verbal sharing with others for others this potential time to absorb it quietly and in solitude into their very own reality Each of these Magical Inner Journeys was given to me as a direct present from Spirit I hope that you revel in experiencing them and facilitating them as a whole lot as I have And A Word About Inner Voices Our internal voices are additionally regarded as our internal parts or persona aspects I

in my view like referring to mine as a Committee I sincerely think of a huge convention desk in an office building and everybody sitting around it are individual parts of ME that have something to say about what I do and who I am You may want to also suppose of it as your inner family and image them sitting around a huge dining room table And of course every family member has something to say an opinion to give
