

MODES & HERO CULTS IN LATIN AMERICA

EDITED BY
SAMUEL BRUNK &
BEN FALLAW

Heroes And Hero Cults In Latin America

Samuel Brunk, Ben Fallaw

Heroes And Hero Cults In Latin America:

Heroes and Hero Cults in Latin America Samuel Brunk, Ben Fallaw, 2006-12 Latin American history traditionally has been defined by larger than life heroes such as Simón Bolívar, Emiliano Zapata and Evita Perón. Recent scholarship however tends to emphasize social and cultural factors rather than great leaders. In this new collection Samuel Brunk and Ben Fallaw bring heroes back to the center of the debate arguing that heroes not only shape history they also tell us a great deal about the places from which they come. The original essays in this collection examine ten modern Latin American heroes whose charisma derived from the quality of their relationships with admirers rather than their innate personal qualities. The rise of mass media for instance helped pave the way for populists such as radio actress turned hero Evita Perón. On the other hand heroes who become president often watch their images crumble as policies replace personality in the eyes of citizens. In the end the editors argue there is no formula for Latin American heroes who both forge and are forged by unique national events. The conclusion points toward Mexico where the peasant revolutions that elevated Miguel Hidalgo and later Emiliano Zapata are so revered that today's would be heroes such as the EZLN's Subcomandante Marcos must link themselves to peasant mythology even when their personal roots are far from native ground. The enduring or in some cases fading influence of those discussed in this volume validates the central placement of heroes in Latin American history.

Heroes and Hero Cults in Latin America Samuel Brunk, Ben Fallaw, 2006-12 Latin American history traditionally has been defined by larger than life heroes such as Simón Bolívar, Emiliano Zapata and Evita Perón. Recent scholarship however tends to emphasize social and cultural factors rather than great leaders. In this new collection Samuel Brunk and Ben Fallaw bring heroes back to the center of the debate arguing that heroes not only shape history they also tell us a great deal about the places from which they come. The original essays in this collection examine ten modern Latin American heroes whose charisma derived from the quality of their relationships with admirers rather than their innate personal qualities. The rise of mass media for instance helped pave the way for populists such as radio actress turned hero Evita Perón. Death, Dismemberment, and Memory

Lyman L. Johnson, 2004 The long history of the politically symbolic use of the bodies or body parts of martyred heroes in

Poetics of Race in Latin America Mabel Moraña, 2022-06-14 Poetics of Race constitutes a critically and theoretically innovative analysis of racial and ethnic dynamics in Latin America and their symbolic artistic ideological

representation The book illustrates the relevance of cultural and racial minorities in different national contexts particularly in Mexico Brazil the Andean region and the Caribbean through the study of literary filmic and visual productions that depict otherness marginalization and popular resistance The book focuses on negritude indigenous cultures andinismo performance and cinematic discourses in which racial issues are displayed elaborated and symbolized The various critical approaches utilized in this volume also contribute to expand methodological horizons in the field while contributing to widening the corpus of literary texts and cultural practices in this area of studies

Modernity of Religiosities and Beliefs Pablo Alberto Baisotti,Ricardo Martínez Esquivel,2021-09-23 Modernity of Religiosities and Beliefs A New Path in Latin America From the Nineteenth to Twenty First Century synthesizes new research on various phenomena related to religions and beliefs in Latin America The contributors provide comprehensive analytical interpretations of Latin American spheres of religious ideas and worldviews and show that they are a key element to understanding the history of the region Overall this book gives an account of the whole spectrum of religious phenomena in Latin American societies providing a global interpretation that will contribute to the study of political economic and cultural modernities in Latin America

Simon Bolivar Maureen G. Shanahan,Reyes, Ana M,2016-07-06 One of Latin America s most famous historical figures Sim n Bol var has become a mythic symbol for many nations empires and revolutions used to support wildly diverse sometimes opposite ideas From colonial Cuba to Nazi occupied France to Soviet Slovenia the image of El Libertador has served a range of political and cultural purposes Here an array of international and interdisciplinary scholars shows how Bol var has appeared over the last two centuries in paintings fiction poetry music film festivals dance traditions city planning and even reliquary adoration Whether exalted reimagined or fragmented Bol var s body has taken on a range of different meanings to represent the politics and poetics of today s national bodies Through critical approaches to diverse cultural Bolivarianisms this collection demonstrates the capacity of the arts and humanities to challenge and reinvent hegemonic narratives and thus vital dimensions of democracy

Women Warriors and National Heroes Boyd Cothran,Joan Judge,Adrian Shubert,2020-02-20 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched This volume presents women warriors and hero cults from a number of cultures since the early modern period The first truly global study of women warriors individual chapters examine figures such as Joan of Arc in Cairo revenging daughters in Samurai Japan a transgender Mexican revolutionary and WWII Chinese spies Exploring issues of violence gender fluidity memory and nation building the authors discuss how these real or imagined female figures were constructed and deployed in different national and transnational contexts Divided into four parts they explore how women warriors and their stories were created consider the issue of the violent woman discuss how these female figures were gendered and highlight the fate of women warriors who live on The chapters illustrate the ways in which female fighters have figured in nation building stories and in the ordering or re ordering of gender politics and give the history of women fighters a critical edge Exploring women as military

actors women after war and the strategic use of women's stories in national narratives this intellectually innovative volume provides the first global treatment of women warriors and their histories

Daily Lives of Civilians in Wartime Latin America Pedro Santoni, 2008-09-30 The countries of Latin America have suffered through numerous foreign interventions and domestic wars in the nearly two centuries that have followed its independence These conflicts have also given rise to mass mobilizations of middle class professionals women peasants urban workers and Indians who sought to carve out a more active public role in the new states that emerged from these struggles In some cases elites and their military allies violently repressed the newly emerging forces Recent research has begun to place greater emphasis on the lives of common people and the interventions they had on the larger events of the day Eight chapters written by different scholars show the the importance of the actions of civilians in wars in Latin America Chapters describing civilians roles and lives through wars in Latin America are supplemented by recommended print and online resources for further study a glossary defining important terms and concepts and a timeline putting events into a chronological context

Nineteenth-Century Spanish America Christopher Conway, 2015-07-14 Nineteenth Century Spanish America A Cultural History provides a panoramic and accessible introduction to the era in which Latin America took its first steps into the Modern Age Including colorful characters like circus clowns prostitutes bullfighters street puppeteers and bestselling authors this book maps vivid and often surprising combinations of the new and the old the high and the low and the political and the cultural Christopher Conway shows that beneath the diversity of the New World there was a deeper structure of shared patterns of cultural creation and meaning Whether it be the ways that people of refinement from different countries used the same rules of etiquette or how commoners shared their stories through the same types of songs Conway creates a multidisciplinary framework for understanding the culture of an entire hemisphere The book opens with key themes that will help students and scholars understand the century such as the civilization and barbarism binary urbanism the divide between conservatives and liberals and transculturation In the chapters that follow Conway weaves transnational trends together with brief case studies and compelling snapshots that help us understand the period How much did books and photographs cost in the nineteenth century What was the dominant style in painting What kinds of ballroom dancing were popular Richly illustrated with striking photographs and lithographs this is a book that invites the reader to rediscover a past age that is not quite past still resonating into the present

The Right and Radical Right in the Americas Tamir Bar-On, Bàrbara Molas, 2021-11-22 Studies of the right and radical right have proliferated since the rise of European nationalist and populist parties in the 1980s Yet the literature on the right and the radical right has a largely Euro American bias and has been limited by partisan academics that focus on the left The Right and Radical Right in the Americas hopes to be a pioneering work that examines the history and contemporary manifestations of the right and radical right throughout the Americas From interwar Canada to contemporary Chile the right and radical right have come in diverse ideological currents Those

ideological currents have undergone historical changes and the strategies of the right and radical right need to be contextualized in respect of country and region The right and radical right also have distinctive meanings throughout the Americas and in different epochs *Encyclopedia of U.S. Military Interventions in Latin America* Alan

McPherson, 2013-07-08 This unique reference shows how the United States has intervened militarily politically and economically in Central America South America and the Caribbean from the early 19th century to the present day What do baseball American war crimes and a slice of watermelon have in common in the annals of Latin American history Believe it or not this disparate grouping reflects the cultural and historical remnants of America's military and political involvement in the region As early as 1811 the United States began intervening in the affairs of Central America South America and the Caribbean and it hasn't stopped since This compelling reference analyzes both the major interventions and minor conflicts stemming from our nation's military operations in these areas and examines the people places legislation and strategies that contributed to these events In addition to documented facts and figures the alphabetically organized entries in *Encyclopedia of U.S. Military Interventions in Latin America* present fascinating anecdotes on the subject including why the United States once invaded Panama over a slice of watermelon how an intervention in Nicaragua landed our country on trial for war crimes and how the popularity of baseball in Latin America is a direct result of American influence Primary source documents and visual aids accompany the content *Myths of Demilitarization in Postrevolutionary Mexico, 1920-1960* Thomas

Rath, 2013-04-22 At the end of the Mexican Revolution in 1920 Mexico's large rebellious army dominated national politics By the 1940s Mexico's Institutional Revolutionary Party PRI was led by a civilian president and claimed to have depoliticized the army and achieved the bloodless pacification of the Mexican countryside through land reform schooling and indigenismo However historian Thomas Rath argues Mexico's celebrated demilitarization was more protracted conflict ridden and incomplete than most accounts assume Civilian governments deployed troops as a police force often aimed at political suppression while officers meddled in provincial politics engaged in corruption and crafted official history all against a backdrop of sustained popular protest and debate Using newly available materials from military intelligence and diplomatic archives Rath weaves together an analysis of national and regional politics military education conscription veteran policy and popular protest In doing so he challenges dominant interpretations of successful top down demilitarization and questions the image of the post 1940 PRI regime as strong stable and legitimate Rath also shows how the army's suppression of students and guerrillas in the 1960s and 1970s and the more recent militarization of policing have long roots in Mexican history

Alcohol and Nationhood in Nineteenth-Century Mexico Deborah Toner, 2015-06 Drawing on an analysis of issues surrounding the consumption of alcohol in a diverse range of source materials including novels newspapers medical texts and archival records this lively and engaging interdisciplinary study explores sociocultural nation building processes in Mexico between 1810 and 1910 Examining the historical importance of drinking as both an important feature of Mexican social life

and a persistent source of concern for Mexican intellectuals and politicians Deborah Toner's *Alcohol and Nationhood in Nineteenth Century Mexico* offers surprising insights into how the nation was constructed and deconstructed in the nineteenth century Although Mexican intellectuals did indeed condemn the physically and morally debilitating aspects of excessive alcohol consumption and worried that particularly Mexican drinks and drinking places were preventing Mexico's progress as a nation they also identified more culturally valuable aspects of Mexican drinking cultures that ought to be celebrated as part of an authentic Mexican national culture The intertwined literary and historical analysis in this study illustrates how wide ranging the connections were between ideas about drinking poverty crime insanity citizenship patriotism gender sexuality race and ethnicity in the nineteenth century and the book makes timely and important contributions to the fields of Latin American literature alcohol studies and the social and cultural history of nation building

National Integration and Contested Autonomy Luciano Baracco, 2011 The indigenous and Afro descendant peoples along Nicaragua's Caribbean Coast once colonized by the British have long sought to establish their autonomy vis a vis the dominant Spanish influenced regions of the Pacific coast The book provides a wide overview of the autonomy process by looking at the historical background of autonomy claims to land and language rights and land demarcation and communal forestry projects

Researching Subcultures, Myth and Memory Bart van der Steen, Thierry P.F. Verburgh, 2020-07-30 This book brings together contributions that analyse how subcultural myths develop and how they can be studied Through critical engagement with history writing and other sources on subcultures by contemporaries veterans popular media and researchers it aims to establish how stories and histories of subcultures emerge and become canonized through the process of mythification which developments and actors are crucial in this process and finally how researchers like historians sociologists and anthropologists should deal with these myths and myth making processes By considering these issues and questions in relation to mythmaking this book provides new insights on how to research the identity history and cultural memory of youth subcultures

Icons of Dissent Jeremy Prestholdt, 2019-07-01 Author traces the development of shared global imagery and asks why the world has embraced these controversial figures

Imprints of Revolution Lisa B. Y. Calvente, Guadalupe García, 2016-05-02 What is the significance of the visual representation of revolution How is history articulated through public images How can these images communicate new histories of struggle *Imprints of Revolution* highlights how revolutions and revolutionary moments are historically constructed and locally contextualized through the visual It explores a range of spatial and temporal formations to illustrate how movements are articulated reconstituted and communicated The collective work illustrates how the visual serves as both a mobilizing and demobilizing force in the wake of globalization Radical performances cultural artefacts architectural and fashion design as well as social and print media are examples of the visual mediums analysed as alternative archives that propose new understandings of revolution The volume illustrates how revolution remains significant in visually communicating and articulating social change with the ability to

transform our contemporary understanding of local national and transnational spaces and processes **Pariah in the Desert** Todd S. Garth, 2016-08-29 This is the first book in English on Horacio Quiroga Uruguay 1878 Argentina 1937 a canonical author whose works are read by all advanced students of Spanish in the US and many other countries The study examines Quiroga s work through the theoretical lens of the heroic a lens elaborated in part by means of Quiroga s own disquisitions on the subject and the complementary phenomenon of the monstrous This lens serves to elucidate many evidently obscure and self contradictory aspects of Quiroga s work and its relation to the context in which he lived That context included the neo colonial social and economic milieu of Argentina s fast changing immigrant charged increasingly materialistic society the growing influence of foreign cultural discourses particularly Hollywood film the conflict between the genders in a society that embraced modernity but resisted changes in gender roles the weight of new scientific discourses especially Darwinian evolution in social and political thought and the impact on pedagogical theory and practice of these multiple changing discourses This study discloses the extraordinary range of Quiroga s work which includes erotic romance science fiction and fantasy psychological occult social satire a great variety of juvenile literature outdoor adventure and most familiar to readers in the United States gothic and naturalist horror The book concludes that Quiroga s consistent imperative of the heroic is essential to reconciling these various evidently incompatible aspects of Quiroga s poetics revealing its theoretical and ethical coherence Understanding Leadership Robert M McManus, Gamaliel Perruci, 2015-04-10 Lao Tzu Marx the Buddha Ibsen Machiavelli these are just a few of the world s great thinkers who have weighed in on the subject of leadership over the centuries Yet the contemporary student of leadership often overlooks many of these names in favour of more recent theorists hailing from the social sciences Understanding Leadership An Arts and Humanities Perspective takes a different angle employing the works of the great philosophers authors and artists found in world civilization and presenting an arts and humanities perspective on the study of leadership The authors build their conceptual framework using The Five Components of Leadership Model which recognizes the leader the followers the goal the environmental context and the cultural values and norms that make up the leadership process Supporting the text are a wealth of case studies which reflect on works such as Ayn Rand s novella Anthem Eug ne Delacroix s painting Liberty Leading the People Charlie Chaplin s film Modern Times Athol Fugard s play Master Harold and the Boys Lao Tzu s poetic work Tao Te Ching and Anton n Dvo k s New World Symphony The authors also introduce studies from various world cultures to particularly illustrate the role cultural values and norms play in leadership This illuminating framework promotes the multidimensional thinking that is necessary for understanding and problem solving in a complex world Understanding Leadership An Arts and Humanities Perspective will be a valuable textbook for both undergraduate and postgraduate leadership students while leadership professionals will also appreciate the book s unique liberal arts and cultural approach **Outright Assassination** Adel Beshara, 2012 Since the trial and execution of Antun Sa adeh was held many complex issues have been raised Why the secrecy and haste Was it a

fair trial Was the offence political and if so why did the Lebanese State refuse to treat it as such What did the Khoury regime hope to achieve from the trial This book answers these and many more questions

Enjoying the Tune of Expression: An Emotional Symphony within **Heroes And Hero Cults In Latin America**

In some sort of used by monitors and the ceaseless chatter of instant connection, the melodic splendor and psychological symphony created by the written word usually diminish in to the background, eclipsed by the relentless sound and interruptions that permeate our lives. But, located within the pages of **Heroes And Hero Cults In Latin America** an enchanting literary prize brimming with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, this interesting masterpiece conducts visitors on an emotional trip, well unraveling the hidden tunes and profound influence resonating within each cautiously constructed phrase. Within the depths with this touching review, we will examine the book is central harmonies, analyze their enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
