

Steins;Gate

1

...the universe has no end, though it does have a beginning. — Infinite.
...can't have a beginning, though they are destroyed by their own power. — Finite.
...those who believe they have wisdom, are often shown by history to be the most foolish.
...though in the end don't know what the world is like on the inside, Wisdom would destroy them as well.
...faster than the speed of light would be more ridiculous than fish to living on land.
...This is God's final warning to you. — God.
