Hines, 2012 Gifted with the ability to draw objects out of books Isacc Vainio a Libriomancer seeks assistance from a Harley riding dryad after a number of vampire attacks are reported by other members of his secret magic organization *Codex Born* Jim C. Hines, 2013-08-06 Hugo winner Jim C Hines s hilarious and clever Magic ex Libris series where books come alive and libriomancer Isaac Vainio combats magical threats that spring from the page Five hundred years ago Johannes Gutenberg discovered the art of libriomancy allowing him to reach into books to create things from their pages Gutenberg s power brought him many enemies and some of those enemies have waited centuries for revenge Revenge which begins with the brutal slaughter of a wendigo in the northern Michigan town of Tamarack a long established werewolf territory Libriomancer Isaac Vainio is part of Die Zwelf Porten re better known as the Porters the organization founded by Gutenberg to protect the world from magical threats Isaac is called in to investigate the killing along with Porter psychiatrist Nidhi Shah and their dryad bodyguard and lover Lena Greenwood Born decades ago from the pages of a pulp fantasy novel Lena was created to be the ultimate fantasy woman strong and deadly but shaped by the needs and desires of her companions Her powers are unique and Gutenberg s enemies hope to use those powers for themselves But their plan could unleash a far darker evil **Terminal Alliance** Jim C. Hines, 2018-10-30 The first installment of Hugo winning author Hines new series ideal for fans of Douglas Adams and Terry Pratchett Marion Mops Adamopoulos head of a spaceship s Health and Sanitation crew guides her team through a zombie infestation and their discovery that the human history they took for granted isn t quite the whole story *Revisionary* Jim C. Hines, 2017-02-07 When Isaac Vainio helped to reveal magic to the world he dreamed of a utopian future a new millennium of magical prosperity but things aren t going as he planned Surrounded by betrayal and political intrigue Isaac and a ragtag group of allies must evade pursuit both magical and mundane expose a conspiracy by some of the most powerful people in the world and find a path to a better future Terminal Uprising Jim C. Hines, 2020-01-28 Hugo award winning author Hines returns to science fiction with the second book of the Janitors of the Post Apocalypse featuring the unlikely heroes that may just save the galaxy from a zombie plague Human civilization didn t just fall It was pushed The Krakau came to Earth in the year 2104 By 2105 humanity had been reduced to shambling feral monsters In the Krakau s defense it was an accident and a century later they did come back and try to fix us Sort of It s been four months since Marion Mops Adamopoulos learned the truth of that accident Four months since she and her team of hygiene and sanitation specialists stole the EMCS Pufferfish and

stopped a bioterrorism attack against the Krakau homeworld Four months since she set out to find proof of what really happened on Earth all those years ago Between trying to protect their secrets and fighting the xenocidal Prodryans who ve been escalating their war against everyone who isn t Prodryan the Krakau have their tentacles full Mops mission changes when she learns of a secret Krakau laboratory on Earth A small group under command of Fleet Admiral Belle Bonne Sage is working to create a new weapon one that could bring victory over the Prodryans or drown the galaxy in chaos To discover the truth Mops and her rogue cleaning crew will have to do the one thing she fears most return to Earth a world overrun by feral apes wild dogs savage humans and worse After all the planet hasn t been cleaned in a century and a half What Mops finds in the filthy ruins of humanity could change everything assuming she survives long enough to share it Perhaps humanity isn t as dead as the galaxy thought

Terminal Peace Jim C. Hines,2022-08-23 The third and final book of the Janitors of the Post Apocalypse follows a group of unlikely heroes trying to save the galaxy from a zombie plague Marion Mops Adamopoulos and her team were trained to clean spaceships They were absolutely not trained to fight an interplanetary war with the xenocidal Prodryans or to make first contact with the Jynx a race who might not be as primitive as they seem But if there s one lesson Mops and her crew have learned it s that things like training and being remotely qualified are overrated The war is escalating This might be Mops fault The survival of humanity those few who weren t turned to feral shambling monsters by an alien plague as well as the fate of all other non Prodryans will depend on what Captain Mops and the crew of the EDFs Pufferfish discover on the ringed planet of Tuxatl But the Jynx on Tuxatl are fighting a war of their own and their world s long buried secrets could be more dangerous than the Prodryans To make matters worse Mops is starting to feel a little feral herself
