The writers here represent a broad range of writing styles cultural influences and moral philosophies And all are rated on their literary achievement the effectiveness of plot character and setting plus their recognition of the moral ethical and spiritual values of mankind Here is a unique critical perspective that measures the meaning of literature against the meaning of life Beyond Heaven and Earth Steven H. Dexter Covell, 2013-08-19 The book you should read before your death The subject of death is something that most of us would rather not consider but it is the one major event we all share with no exceptions This is so because the death experience has often been portrayed in frightening or painful terms but it neednt be and in fact it is neither Come along with us as we follow one of my ancestors through his accidental death at a young age his subsequent trip to Heaven his time spent in Heaven and his eventual reincarnation back to life on Earth You will see that far from being a frightening place Heaven is a true paradise and the time spent there is rewarding and educational and totally pleasant it is a place of never Jan Patočka and the Phenomenology of Life After Death Gustav Strandberg, Hugo ending bliss Strandberg, 2023-12-12 This volume contains for the first time in English Jan Pato kas seminal essay The Phenomenology of Afterlife as well as contributions surrounding and analyzing this text In his essay Pato ka reflects on our relation to the dead and on how the departure of a loved one affects our continued existence The premise of Pato kas investigation is that our existence always takes place by and through an originary and reciprocal being for others. The contributors in the volume extend the field of inquiry into the wider phenomenological and post phenomenological discussion of death by being cognizant of how works of literature can broaden our understanding of the care of death grief forgiveness and non reciprocal love Also included are reflections on issues of philosophical anthropology community collective memory and the ecstatic nature of life issues that can all be related back to Pato ka s initial reflections but which nonetheless radiate into a myriad of directions This volume appeals to students and researchers in the field **Life After Life** Evans D.
