## **Life Is A Road The Soul Is A Motorcycle:**

*Life is a Road, the Soul is a Motorcycle* Daniel Meyer, 2003-03-05 I was on a lonely stretch of road There were no lights other than the moon and stars and I had not encountered any traffic in at least 10 minutes Far ahead of me a figure stepped out of the brush and stood on the shoulder of the road The figure was still far out of my headlight range but was visible as a stunning and marvelous silhouette in the bright moonlight Capturing the essence of the riding experience through a series of adventures and a candid look into the author's mind this book explodes the myths and shows the reader something few books have before the complex motivations of an avid motorcycle rider

Soul and Man Kit Cain, 2006-05-15 Insofar as I am able to discover and I have purposefully not looked very hard no one has yet come up with an adequate description or definition of the human soul After attempting to tackle the task for three years I can easily understand why Being a forerunner in unexplored and unknown territory carries with it at first a level of uncertainty which runs a high risk of making a fool of any intelligent explorer Ironically the quest produces only the fool for the perspective gained from the attempt alone reveals a previously unseen unfelt unknown dimension which dwarfs the mind and intelligence of man Had I not long since come to know myself as a fool albeit a wise one I would never have attempted the Herculean task of making the hidden soul more visible The frame of reference for the soul established in this book is taken from thinking and experience far broader deeper and higher than my own much of it having existed in secret teachings thousands of years old They were secret because

mankind was not yet ready for them and still may not be This book is not easy reading It was never intended to be It took me 30 years to begin to understand what is written herein This is really my notebook open architecture for further thought

*The Soul-Catcher's Calling* Nigel J. Jamieson LLD,2020-01-08 There are hot spots sink holes and hell holes all over the earth They move around a bit Baghdad in Iraq has been often a hot spot Kabul in Afghanistan is another Then there s the sink hole of Tehran in Iran together with the recently war torn Damascus in Syria Don t blame the places nor even the folks New York in the USA London in the UK and Brussels in the EU are no different for being sometimes politically sinking hot spots or terrorist targeted hell holes In terms of prophetic history a welter of the world s biggest cities are everyday battlegrounds from which governmental academics compartmentalise their own specialist solutions Most of these solutions whether military or civic fall so far short of the cosmic solution as to escalate the existing state of world disorder Sure enough without a barebones history of hell there s no point to fixing up hell holes Without the briefest history of heaven it s also pointless to shore up sink holes And as for the world s hot spots you have to look as deep into the souls of the good guys as you do into the souls of the bad guys But you can t just walk off from compartmentalising a problem and expect it to sort itself out For a workable solution you ve got to bring back all the component parts together again that you first took apart and make them work together That s exactly why this Soul Catcher s Calling stops at nothing short of dealing with all things both under the sun and beyond the sun Soul catching

is a military operation at first under command and then undertaken entirely by personal commitment All such tours of duty overseas will be carefully monitored and guided by the most experienced of guardian angels However perilous the front line travel none who seriously commit themselves to this soul catching operation shall get left behind      **The Chasm Crossed**

Kit Cain,2006-05-15 The Chasm Crossed is about my personal spiritual journey through various schools of thought and training beginning with an early exposure to the wilds and beauty of nature in the back woods of Nova Scotia thence to an Episcopal preparatory school Hindu meditation techniques a Catholic monastery Zen meditation training becoming a missionary in the Christian Church and later to personal inner and outer teachers I have always been one of those individuals compelled to reach out beyond the confines of what we see feel hear taste or smell into the area of the unknown and unprovable which has been in the past the rather exclusive domain of religion spirituality and mysticism No matter what school of thinking or beliefs I found myself learning within the boundaries of each school sooner or later became too limiting for my eternally questioning mind I did however keep track of my thoughts contemplations and experiences during that 35 year period and wrote them down sometimes as poetry sometimes as prose and sometimes as an entire book such as is Soul And Man This book is a story of the journey itself without a lot of theory or contemplative thought      **Flying the Yukon's**

**Bush** Kit Cain,2006-05-15 In 1962 I had just been released from active duty as a US Marine helicopter pilot and had no idea what I wanted to do with the rest of my life but had planned from the very beginning to make the most of my mandatory armed services draft obligation so that I would at least have the qualifications and experience of being a commercial pilot as one means to earn a living The most interesting job offer which would utilize my training as a pilot came from Klondike Helicopters of Whitehorse in the Yukon Territory Despite my very excellent and thorough training in the Navy and Marines bush flying turned out to be dramatically different and more challenging The high costs of commercial helicopter operations demanded that the pilot make daily judgments crucial to the safety of not only the machine but also its occupants And then there was the total unpredictability and rapid changeability of weather conditions in mountains and above the Arctic Circle I was fortunate enough to be one of two pilots and two helicopters on a project whose purpose was to map the stratigraphy of the entire northern half of the Yukon Territory This took me over nearly every square mile of the northern Yukon at a time when it was still a relatively untouched frontier It was most certainly an opportunity of a lifetime covered here with color photos and stories from legendary bush pilot Pat Callison owner of Klondike Helicopters      **The Tears of Power** Kit

Cain,2006-05-15 The Tears Of Power is a fable for all ages from ten to eternity about a mouse named Victor who lives in Edgeville a mouse town located at the edge of everything the river the fields the forest the mountains and the sky Victor is entirely unlike his nine brothers and sisters having an innate courage and belief in himself that compels him to be an inveterate wanderer into areas not at all suited to mouse longevity His secret forays into the town dump yield treasures too numerous to bring home thus requiring ingenious extraction and storage solutions of pack rat proportion often resulting in

life endangering adventure Edgeville quickly becomes too small for his restless soul so he ventures out into the world of the great unknown learning to repair boats pilot tugboats fly helicopters and be a real friend to those he meets along the way Victor makes unusual friends like Oddie the Otter and Mo the musical Mole who teach him to be street wise in the face of a deceitful world Minkie his flight instructor teaches him to overcome fear with thorough training practice and constant vigilance It is Eagle though who teaches Victor to think and introduces him to the inner powers of his soul finally telling him what the Tears of Power really are Both versions of the book are masterfully illustrated with 24 illustrations by Scott Peck

**An Arrow to the Heart** Kit Cain,2006-05-15 An Arrow To The Heart is decidedly not a standard conventional love story la Cupid s arrow It s more like discovering too late that one s potential soul mate is equally attracted to a cat a wildcat to be precise in the form of an 18 year old daughter who is twice as precocious and desirable as her mother It s a challenge for none other than a master of the universe and that master is Jack Diamond himself the Master of the Welded Bead and the lead character in the story which goes by that same name It is actually a continuation of that story written originally as a follow on screenplay but of such a different character as to demand its own title The story is unique in that it demonstrates that no matter how advanced developed or experienced the soul the vastness of the Event Former s intelligence is always tossing a new combination of ingredients into life s cake to make the temptations of Satan seem like child s play next to the cake baked to tempt mastery s extended capabilities What would you have done wearing the shoes of any of the story s principle characters
