Modeling Life Sarah R. Phillips, 2012-02-01 This is a book about life modeling Unlike the painter whose name appears beside his finished portrait the life model posing nude perhaps for months goes unacknowledged Standing at a unique juncture between nude and naked between high and low culture between art and pornography the life model is admired in a finished sculpture but scorned for her or his posing Making use of extensive interviews with both male and female models and quoting them frequently Sarah R Phillips gives a voice to life models She explores the meaning that life models give to themselves and to their work and seeks to understand the lived experience of life models as they practice their profession Throughout history people have romanticized life models in an aura of bohemian eroticism or condemned them as strippers or sex workers Modeling Life reveals how life models get into the business managing sexuality in the studio what it means to be a muse and why their work is important *Architectures of Art and Design Education* Neil Drabble, Rose Gridneff, 2025-06-20 The art school has had a fundamental effect on society internationally influencing how the creative arts are represented and perceived At a time that funding in the UK is placing arts education in crisis this is the first book of its kind to investigate the concept of the art school and its social impact and legacy It highlights how the physical studios and workshops designed for learning teaching and making influence and interact with the curriculum creativity and practice Beautifully illustrated with both archival and contemporary photographs many taken by the authors this book celebrates the spaces dedicated to learning and teaching creative disciplines Exploring a drastically shifting landscape in higher education it celebrates the crucial relationship between the creative working spaces and the development of creative minds A timely reflection on the current social and political climate this book emphasises the significant role that the art school has to play in society developing thriving creative industries and a wider culture of the arts Featured art schools include Chelsea College of Arts Government College of Art Chandigarh The Bauhaus Escuelas Nacionales de Arte ENA Cuba Manchester School of Art *Arts Digest*, 1928 **Art World and Arts & Decoration**, 1915 *The Building News and Engineering Journal*, 1869 **Practical Teacher's Art Monthly**, 1903 *English Art, 1860-1914* David Peters Corbett, Lara Perry, 2000 In one of the first studies of its kind Orphan texts seeks to insert the orphan and the problems its existence poses in the larger critical areas of the family and childhood in Victorian culture In doing so Laura Peters considers certain canonical texts alongside lesser known works from popular culture in order to establish the context in which discourses of orphanhood operated The study argues that the prevalence of the orphan figure can be explained by considering the family The family and all it came to represent legitimacy race and national belonging was in crisis In order to reaffirm itself the family needed a scapegoat it found one in the orphan figure As one who embodied the loss of the family the orphan figure came to represent a dangerous threat to the family and the family reaffirmed itself through the expulsion of this threatening difference Orphan texts will be of interest to final year undergraduates postgraduates academics and those interested in the areas of Victorian
