Life of Napoleon Bonaparte (Classic Reprint) Charles MacFarlane, 2017-10-25 Excerpt from Life of Napoleon Bonaparte The Publishers believe that in adding the Life of Napoleon Bonaparte to their biographical series they are supplying a want that has long been felt by the public Although several works have issued from the English press in which the extraordinary career of Napoleon has been treated at great length and although many disputed passages in his history have received the most minute and searching investigation the Publishers are not acquainted with any volume which within a moderate compass and at a small price contains the essence of the researches of late years and gives a fair and complete account of the life of the French soldier and statesman The present work is intended to supply the deficiency The re establishment of the Napoleon dynasty in France served to increase the interest in the life and fortunes of the founder of this wonderful family In these pages it is hoped that a fitting memorial will be found of that hero who was once the terror of the nations and whose deeds have since attracted the attention of the world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Tarbell, 2015-07-12 Excerpt from A Short Life of Napoleon Bonaparte The chief source of illustration for this volume as in the case of the Napoleon papers in McClure s Magazine is the great collection of engravings of Mr Gardiner G Hubbard which has been generously placed at the service of the publishers In order to make the illustration still more comprehensive a representative of McClure s Magazine and an authorized agent of Mr Hubbard visited Paris to seek there whatever it might be desirable to have in the way of additional pictures which were not within the scope of Mr Hubbard s splendid collection They secured the assistance of M Armand Dayot Inspecteur des Beaux Arts who possessed rare qualifications for the task His official position he owed to his familiarity with the great art collections both public and private of France and his official duties made him especially familiar with the great paintings relating to French history Besides he was a specialist in Napoleonic iconography On account of his qualifications and special knowledge he had been selected by the great house of Hachette et Cie to edit their book on Napole on raconte par I Image which was the first attempt to bring together in one volume the most important pictures relating to the military political and private life of Napoleon M Dayot had just completed this task and was fresh from his studies of Napoleonic pictures when his aid was secured by the publishers of McClure s Magazine in supplementing the Hubbard collection The work was prosecuted with the one aim of omitting no important picture When great paintings indispensable to a complete pictorial life of Napoleon were found which had never been either etched or engraved photographs were obtained many of these photographs being made especially for our use A generous selection of pictures was made from the works of Raffet and Charlet M Dayot was able also to add a number of pictures not less than a score of unique value through his personal relations with the owners of the great private Napoleonic collections Thus were obtained hitherto unpublished pictures of the highest value from the collections of Monseigneur Due d Aumale of H I H Prince Victor Napoleon of Prince Roland of Baron Larrey the son of the chief surgeon of the army of Napoleon of the Duke of Bassano son of the minister and confidant of the emperor of Monsieur Edmond Taigny the friend and biographer of Isabey of Monsieur Albert Christophle Governor General of the Credit Foncier of France of Monsieur Paul le Roux who has perhaps the richest of the Napoleonic collections and of Monsieur le Marquis de Girardin son in law of the Due de Gaete the faithful Minister of Finance of Napoleon I It will be easily understood that no doubt can be raised as to the authenticity of documents borrowed from such sources The following letter explains fully the plan on which Mr Kubbard s collection is arranged and shows as well its admirable completeness It gives too a classification of the pictures into periods which will be useful to the reader Dear Sir It is about fourteen years since I became interested in engravings and I have since that time made a considerable collection including many portraits generally painted and engraved during the life of the personage I have from two hundred to three hundred prints relating to Napoleon his family and his generals The earliest of these is a

portrait of Napoleon painted in 1791 when he was twenty two years old the next in date was engraved in 1796 There are many in each subsequent year and four prints of drawings made immediately after his death There are few men whose characters at different periods of life are so distinctly marked as Napoleon s as will appear by an examination of these prints

work would wear an unusual appearance without such an introduction it has been deemed proper to make it the vehicle of a few remarks on the work and its author Hazlitt rarely wrote till he was urged by necessity but the Life of Napoleon was undertaken by choice He felt that injustice had been done to the character of that extraordinary man in every attempt that had been hitherto made to describe it Much time was occupied and great expense incurred to obtain ample materials for the present work Not satisfied with books and written documents Hazlitt saw and conversed with the persons most likely to afford him information He resided two years in Paris for this especial purpose and the work in consequence possesses anecdotes and facts which throw quite a new light on many subjects hitherto seen through a glass darkly About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Life of Napoléon Buonaparte (Classic Reprint) J. G. Lockhart, 2015-07-03 Excerpt from The Life of Napoleon Buonaparte The following life of Napoleon Bonaparte is mainly an abridgment of Lockhart's Napoleon Many parts have been re-written entirely and the whole has been so carefully emended that it is believed that in this book will be found a better portraiture of the remarkable man whose history it relates than in the original work An Englishman is in many respects unqualified to judge fairly of Napoleon and Lockhart has failed to hold up his character in what to an unprejudiced mind would readily appear to be the proper aspect It has been the object of the Editor of the present work to remedy this defect and to represent Bonaparte more as he was when viewed as a subject of history than as he appeared to be when contemplated by an Englishman solely as the bitterest foe to his nation There are various orders of greatness among which a great man may be classed The first because the highest is moral greatness where the soul binds itself to virtue and passes its life in strict adherence to duty and truth Nothing can break it from its allegiance The storms may rage and the billows madly dash around it but its sure and steadfast anchor enables it to ride securely amid the tempests and the waves Whatever may befall it nothing can shake its virtue The rational spirit beats back every claim of sense and rises with a serene complacency triumphant over every colliding interest Such a soul does not shut itself up in cloisters thinking it can best overcome temptations by fleeing from them it does not mortify the body in the vain hope of resisting its appetites by destroying them it boldly meets its foe and vanquishes it in fair and open combat it keeps the body under subjection but allows it to remain a body still It moves among men shedding all around its benign influences winning men to admire and love the truth Joy and peace and gladness flow from its steps as naturally as light issues from the uprisen sun It may animate the body of a Howard and the prisoner's heart shall leap with gladness and the darkness of the dungeon flee away at its approach It may live in a Wilberforce or a Clarkson and the captive loses his fetters and the slave walks forth a freeman at its voice It may inspire the heart of a missionary of the Cross and will be seen when the gentle Martyn joyfully dies under the Persian palm tree or the heroic Schwartz proclaims his sublime message to the waiting thousands of India and gladly labors amid privations and toil for the cause he has espoused It passes away from among us and we think of it as of a star which has left our firmament to shed its rays over fairer scenes than any earth can boast There have been such souls but

Bonaparte's greatness was not of this class. There was nothing in his life which allows us to rank him among the morally great.
