James Ellroy Steven Powell, 2016-01-26 James Ellroy *Demon Dog of Crime Fiction* is a study of all of Ellroy's key works from his debut novel *Brown's Requiem* to the epic *Underworld USA* trilogy. This book traces the development of Ellroy's writing style and the importance of his *Demon Dog* persona to carving out his unique place in American crime fiction. **The Ecology of American Noir** Katrina Younes, 2025-04-07 This volume investigates the relationship between the conventions of noir fiction and film and its sub types in relation to environmental crises. Dr Younes addresses questions that not only allow readers to re-read early hardboiled literature and neo noir films but also help identify a new sub genre of noir and develop an ecocritical methodology *eco noir*. This text traces the development of strategies of mapping urban blight and environmental deterioration in classic hardboiled fiction of the 1940s neo noir films of the 1970s and *eco noir* texts of the post millennial period. Introducing the concept of *eco noir* as both a sub genre and fictional form as well as a methodology, the volume develops a new way of understanding the relationship between noir and climate fiction texts. Through a close reading of hardboiled neo noir and *eco noir* texts including those by Dashiell Hammett, Raymond Chandler, Robert Towne, Kim Stanley Robinson, and Jeff VanderMeer, it asks and addresses the question: how does each sub genre of noir map the noir atmosphere of the private investigator's natural setting in terms of environmental toxicity? *The Ecology of American Noir* contributes to critical conversations in both noir and ecocritical scholarship, making clear how a new understanding of noir as defined through environmental and atmospheric conditions invites readers, viewers, and scholars of the genre to generate meaningful dialogues about our decaying and deteriorating environment. *Touch of Evil* Richard Deming, 2020-05-14 Orson Welles' classic 1958 noir movie *Touch of Evil*, the story of a corrupt police chief in a small town on the Mexican American border, starring Charlton Heston, Janet Leigh, and Marlene Dietrich, is widely recognised as one of the greatest noir films of Classical Hollywood cinema. Richard Deming's study of the film considers it as an outstanding example of the noir genre and explores its complex relationship to its source novel *Badge of Evil* by Whit Masterson. He traces the film's production history and provides an insightful close analysis of its key scenes, including its famous opening sequence, a single take in which the camera follows a booby-trapped car on its journey through city streets and across the border. **Los Angeles stories** Ry Cooder, 2012 [Philosophy, Black Film, Film Noir](#), 2008 Examines how African American as well as international films deploy film noir techniques in ways that encourage philosophical reflection. Combines philosophy, film studies, and cultural studies. Provided by publisher. *Speculative Los Angeles* Denise Hamilton, 2025-07-01 The debut title in a new city-based anthology series featuring all new stories with speculative sci-fi and paranormal themes, each using distinct neighborhood settings as a launching pad. A stimulating anthology of 14 futuristic L.A. fables. Some of the best of these tales seem illumined by the humanistic spirit of the late Ray Bradbury, poet laureate of Southern California fantasy literature. *Wall Street Journal*: As an incubator of the future, Los Angeles has long mesmerized writers from Aldous Huxley to Octavia E. Butler. With its

The Cultural Career of Coolness Ulla Haselstein, Irmela Hijiya-Kirschnereit, Catrin Gersdorf, Elena Giannoulis, 2013-10-10 Cool is a word of American English that has been integrated into the vocabulary of numerous languages around the globe Today it is a term most often used in advertising trendy commodities or more generally in promoting urban lifestyles in our postmodern age But what is the history of the term cool When has coolness come to be associated with certain modes of contemporary self fashioning On what grounds do certain nations claim a privilege to be recognized as cool These are some of the questions that served as a starting point for a comparative cultural inquiry which brought together specialists from American Studies and Japanese Studies but also from Classics Philosophy and Sociology The conceptual grid of the volume can be described as follows

- 1 Coolness is a metaphorical term for affect control It is tied in with cultural discourses on the emotions and the norms of their public display and with gendered cultural practices of subjectivity
- 2 In the course of the cultural transformations of modernity the term acquired new importance as a concept referring to practices of individual ethnic and national difference
- 3 Depending on cultural context coolness is defined in terms of aesthetic detachment and self irony of withdrawal dissidence and even latent rebellion
- 4 Coolness often carries undertones of ambivalence The situational adequacy of cool behavior becomes an issue for contending ethical and aesthetic discourses since an ethical ideal of self control and a strategy of performing self control are

inextricably intertwined 5 In literature and film coolness as a character trait is portrayed as a personal strength as a lack of emotion as an effect of trauma as a mask for suffering or rage as precious behavior or as savvy This wide spectrum is significant artistic productions offer valid insights into contradictions of cultural discourses on affect control 6 American and Japanese cultural productions show that twentieth century notions of coolness hybridize different cultural traditions of affect control
