ranging from obscure music zines to transcripts of Congressional hearings Drew examines a moment in the early 1980s when music industry representatives argued that the cassette encouraged piracy At the same time 1980s indie rock culture used the cassette as a symbol to define itself as an outsider community Indie s love affair with the cassette culminated in the mixtape which advanced indie s image as a gift economy By telling the cassette s long and winding history Drew demonstrates that sharing cassettes became an acceptable and meaningful mode of communication that initiated rituals of independent music recording re recording and gifting

Punk Rock Mindy Clegg,2022-08-01 Punk Rock examines the history of punk rock in its totality Punk became a way of thinking about the role of culture and community in modern life Punks forged real alternatives to producing popular music and built community around their music This punk counterpublic forged in the late Cold War period spanned the globe and has provided a viable cultural alternative to alienated young people over the years This book starts with the rise of modernity and places the emergence of punk as a musical subculture into that longer historical narrative It also reveals how punk itself became a contested terrain as participants sought to imbue the production of music with greater meaning It highlights all styles of punk and its wide variety of creators around the world including from the LGBTQ feminist and alternative communities Punk was and remains a transnational phenomenon that influences music production and shapes our understanding of culture s role in community building

Beat Happening's **Beat Happening** Bryan C. Parker,2015-09-24 This is the album that sent a shockwave of empowerment through the nation s cultural underground In 1985 Olympia Washington band Beat Happening released their eponymous debut of lo fi pop songs on K Records and challenged every conception held about music At the center of the group was the enigmatic Calvin Johnson and his revolutionary vision of artistic creation His foresight and industriousness allowed him to recruit to the K Records roster other free spirited artists like Beck Modest Mouse and Built to Spill long before they gained widespread acclaim This book structured in abecedarian fashion breaks down the fundamental components that defined Beat Happening s self titled album With a foreword by Phil Elverum it s organized in a light hearted yet incisive format each of the book s chapters details a particular facet of the record band members historic shows recording sessions songs and ideologies parts reflecting the album as a whole These alphabetic ingredients constitute a recipe book for feeding your creative spirit Here is the story of a band that popularized do it yourself projects and home recording with four track tape machines decades before the digital revolution would extend an open hand to garage bands everywhere This is the story of musical pioneers This is Beat Happening

Big Feelings Dan DiPiero,2025-10-07 In the past decade a distinctive resurgence of indie music has seen young queer and feminist artists reformulating the genre with strategic reappropriations of 90s grunge and 2000s era pop Big Feelings offers a nuanced analysis of these musicians and the socio political crises informing their sounds Dan DiPiero situates this new wave of indie music within the context of the emotional sensibilities and social orientations of a young generation flattened by an endless stream of everyday traumas Listening closely to Soccer Mommy Indigo De Souza Jay Som

SASAMI The Ophelias Vagabon boygenius and more Big Feelings traces points of resonance and connection that help fans perceive politics where it might first appear absent By bringing listeners experiences into the analysis DiPiero shows how indie rock feminisms have shifted since the 1990s rejecting overt political messages in favor of sonic catharsis and reflecting the complex ambivalent feeling of being young while the world burns In reprising the sounds of an alt rock associated in public consciousness with white male pain Big Feelings doubles down on the stereotypical association between femininity and emotionality to perform whole spectrums of feeling in varied states of overwhelm In doing so these artists draw attention to overlooked histories of women and queer musicians who have been forging indie rock all along while also remaking how the music matters in the present

Composing Capital Marianna Ritchey,2019-08-05 The familiar old world of classical music with its wealthy donors and ornate concert halls is changing The patronage of a wealthy few is being replaced by that of corporations leading to new unions of classical music and contemporary capitalism In Composing Capital Marianna Ritchey lays bare the appropriation of classical music by the current neoliberal regime arguing that artists critics and institutions have aligned themselves and by extension classical music itself with free market ideology More specifically she demonstrates how classical music has lent its cachet to marketing schemes tech firm sponsored performances and global corporate partnerships As Ritchey shows the neoliberalization of classical music has put music at the service of contemporary capitalism blurring the line between creativity and entrepreneurship and challenging us to imagine how a noncommodified musical practice might be possible in today s world

We're Not Here to Entertain Kevin Mattson,2020-05-14 Many remember the 1980s as the era of Ronald Reagan a conservative decade populated by preppies and yuppies dancing to a soundtrack of electronic synth pop music In some ways it was the MTV generation However the decade also produced some of the most creative works of punk culture from the music of bands like the Minutemen and the Dead Kennedys to avant garde visual arts literature poetry and film In We re Not Here to Entertain Kevin Mattson documents what Kurt Cobain once

called a punk rock world the all encompassing hardcore indie culture that incubated his own talent Mattson shows just how widespread the movement became ranging across the nation from D C through Ohio and Minnesota to LA and how democratic it was due to its commitment to Do It Yourself DIY tactics Throughout Mattson puts the movement into a wider context locating it in a culture war that pitted a blossoming punk scene against the new president Reagan s talk about end days and nuclear warfare generated panic his tax cuts for the rich and simultaneous slashing of school lunch program funding made punks who saw themselves as underdogs seethe at his meanness The anger went deep since punks saw Reagan as the country s entertainer in chief his career from radio to Hollywood and television synched to the very world punks rejected Through deep archival research Mattson reignites the heated debates that punk s opposition generated in that era about everything from straight edge ethics to anarchism to the art of dissent By reconstructing the world of punk Mattson demonstrates that it was more than just a style of purple hair and torn jeans In so doing he reminds readers of punk s importance and its challenge to simplistic assumptions about the 1980s as a one dimensional conservative epoch

Lamestains Nicholas Attfield,2023-11-12 A surprising history of Seattle s Sub Pop Records pioneer of grunge and champion of losers This book is a critical history of Sub Pop Records the Seattle independent rock label that launched the careers of countless influential grunge bands in the late 1980s and early 1990s It focuses in particular on the languages and personas of the loser a term that encompassed the label s founders and personnel its flagship bands including Mudhoney TAD and Nirvana and the avid vinyl collecting fans it rapidly amassed The loser became and remains the key Sub Pop identity but it also grounded the label in the overt masculinity sexism and transgression of rock history Rather than the usual reading of grunge as an alternative to the mainstream Lamestains reveals a more equivocal and complicated relationship that Sub Pop exploited with great success

High Bias Marc Masters,2023-09-14 The cassette tape was revolutionary Cheap portable and reusable this small plastic rectangle changed music history Make your own tapes Trade them with friends Tape over the ones you don t like The cassette tape upended pop culture creating movements and uniting communities This entertaining book charts the journey of the cassette from its invention in the early 1960s to its Walkman led domination in the 1980s to decline at the birth of compact discs to resurgence among independent music makers Scorned by the record industry for killing music the cassette tape rippled through scenes corporations couldn t control For so many tapes meant freedom to create to invent to connect Marc Masters introduces readers to the tape artists who thrive underground concert tapers who trade bootlegs mixtape makers who send messages with cassettes tape hunters who rescue forgotten sounds and today s labels which reject streaming and sell music on cassette Their stories celebrate the cassette tape as dangerous vital and radical

Sleater-Kinney's Dig Me Out Jovana Babovic,2016-05-19 Sleater Kinney s 1997 album Dig Me Out is built on Corin Tucker and Carrie Brownstein s competing guitars Janet Weiss s muscular rhythms and layered vocals that teeter between an urgent banshee like vibrato and a lower accompaniment Dig Me Out was the band s third studio album but the

first one written and recoded with Weiss It inaugurated Sleater Kinney into a lineup that would span its two decade career This 33 1 3 follows the narrative of Dig Me Out from its inception in Olympia to its recording in Seattle and its reception across the United States It s anchored in a short period of time roughly from mid 1996 to mid 1998 but it encompasses a series of battles over meaning that continued to preoccupy Sleater Kinney in the coming decades The band wrestled with the media about how they would be presented to the public it contended with technicians about how their sound would be heard in clubs and they struggled with pervasive social hierarchies about how their work would be understood in popular culture The only instance where the band didn t have to put up much of a fight was when it came to their fans The acclaim Sleater Kinney received from their listeners in the late 1990s and continue to receive today speaks to a need for icons who challenged normative notions of culture and gender This story of Dig Me Out chronicles how Sleater Kinney won the fight to define themselves on their own terms as women and as musicians and in the process how they redefined the parameters of rock

Freeze! Henry Richard Maar III, 2022-01-15 In Freeze Henry Richard Maar III chronicles the rise of the transformative and transnational Nuclear Weapons Freeze Campaign Amid an escalating Cold War that pitted the nuclear arsenal of the United States against that of the Soviet Union the grassroots peace movement emerged sweeping the nation and uniting people around the world The solution for the arms race that the Campaign proposed a bilateral freeze on the building testing and deployment of nuclear weapons on the part of two superpowers of the US and the USSR That simple but powerful proposition stirred popular sentiment and provoked protest in the streets and on screen from New York City to London to Berlin Movie stars and scholars bishops and reverends governors and congress members and ultimately US President Reagan and General Secretary Gorbachev took a

stand for or against the Freeze proposal With the Reagan administration so openly discussing the prospect of winnable and survivable nuclear warfare like never before the Freeze movement forcefully translated decades of private fears into public action Drawing upon extensive archival research in recently declassified materials Maar illuminates how the Freeze campaign demonstrated the power and importance of grassroots peace activism in all levels of society The Freeze movement played an instrumental role in shaping public opinion and American politics helping establish the conditions that would bring the Cold War to an end *Torment Saint William Todd Schultz*,2013-10-01 Elliott Smith was one of the most gifted songwriters of the 90s adored by fans for his subtly melancholic words and melodies The sadness had its sources in the life There was trauma from an early age years of drug abuse and a chronic sense of disconnection that sometimes seemed self engineered Smith died violently in LA in 2003 under what some believe to be questionable circumstances of stab wounds to the chest By this time fame had found him and record buyers who shared the listening experience felt he spoke directly to them from beyond astute damaged lovelorn fighting until he could fight no more And yet although his intimate lyrics carried the weight of truth Smith remained unknowable In *Torment Saint William Todd Schultz* gives us the first proper biography of the rock star a decade after his death imbued with affection authority sensitivity and long awaited clarity *Torment Saint* draws on Schultz s careful deeply knowledgeable readings and insights as well as on more than 150 hours of interviews with close friends from Texas to Los Angeles lovers bandmates music peers managers label owners and recording engineers and producers This book unravels the remaining mysteries of Smith s life and his shocking too early end It will be for Smith s legions of fans and readers still discovering his songbook an indispensable examination of his life and legacy

nessun altro genere musicale diventato la voce e l'amplificatore di processi politici e movimenti sociali destinati a ribaltare la percezione precostituita. E lo ha fatto alla velocità della luce quasi seguendo lo *one two three four* che precede l'inizio di ogni canzone. Un'ondata culturale che cominciata da quei bassifondi che hanno visto la nascita dei Sex Pistols. La loro musica in maniera molto più consapevole di quanto spesso stato raccontato, riuscita nella missione impossibile di mettere in discussione la Corona e la percezione quasi ultraterrena dei reali. Da questo momento in poi non esistita alcuna istituzione che non potesse essere criticata, attaccata, presa di mira. E dalla musica e dai testi, il processo di decostruzione si poi tradotto in veri e propri movimenti socio-politici in grado di risvegliare la coscienza di migliaia di giovani su tematiche come l'anarchia, l'antimilitarismo e la discriminazione di genere. Un impulso che ha portato il punk a essere elemento aggregatore anche in Sud America, nella tristissima stagione delle dittature militari. Da Viv Albertine alle Bikini Kill, il punk stato anche il primo genere musicale aperto a band interamente femminili. E ancora oggi la voce delle band, uno strumento di consapevolezza dai NOFX che hanno posto l'attenzione sull'abolizione del diritto d'aborto negli Usa, al Sidewalk Project, un'associazione di artisti che ha l'obiettivo di sostenere fasce non protette di popolazione attraverso l'arte. Il punk non assolutamente morto, quindi, ma ancora una volta pronto a riscrivere le nostre vite.

Bassa fedeltà Marc Masters, 2024-06-03. UNA STORIA CHE CELEBRA L'AUDIODCASSETTA COME MEZZO PERICOLOSO VITALE E RADICALE PER UN'INTERA GENERAZIONE. Creare i propri nastri. Scambiarli con gli amici. Fare personalissime playlist da ascoltare nel Walkman e da regalare al partner del momento. Economica, portatile e riutilizzabile, la musicassetta stata rivoluzionaria: un piccolo rettangolo di plastica che ha saputo cambiare la storia della musica e ribaltare la cultura pop, creando movimenti e mettendo in connessione comunità diverse. Questo divertente libro traccia il viaggio della cassetta dalla sua invenzione nei primi anni Sessanta alla sua ascesa come supporto all'epoca dei Walkman, negli anni Ottanta fino al suo declino con la diffusione dei compact disc, e alla rinascita recente attraverso i produttori di musica indipendente. Disprezzata dall'industria discografica per aver ucciso la musica grazie alla facilità di riproduzione, la cassetta si propagata capillarmente nel tessuto sociale in modo incontrollabile dalle major. Per un'intera generazione ha significato libertà: creare, inventare, connettersi. Marc Masters introduce i lettori agli artisti del nastro che prosperano nell'underground, dai taper di concerti che commerciano bootleg ai produttori di mixtape che inviano messaggi dai cacciatori di nastri che recuperano suoni dimenticati alle etichette indipendenti di oggi che rifiutano lo streaming e vendono musica su cassetta.

Kurt Daniel Goldberg, 2019-04-03. Un nouveau témoignage exceptionnel sur Kurt Cobain 25 ans après sa mort.
