American Football and the American Way of War Daniel Sukman, 2024-04-10. This book provides the reader with a history on the linkages between American football and the American way of war. It provides concise summaries of aspects of tactics, operations, and strategy, as well as international relations theory, using football as a metaphor to simplify the concepts. International relations theory and military strategy tend to be complicated subjects, often explained with jargon that puts the average reader to sleep. A book about war and foreign policy explained through football analogies and comparisons is designed to liven the topic and explain various military theories, strategies, and concepts.
