Representing Kink Sara K. Howe,Susan E. Cook,2019-09-06 *Representing Kink* raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non

normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions

**Sanctum Sanctorum** Justin Mandela Roberts,2019-11-11 This book seeks to answer the question What is holiness What do we talk about when we talk about holiness We might describe many things as holy but as Socrates says what is the essential aspect by which all holy acts are holy Sanctum Sanctorum gives an account of the holy from within the Christian participatory tradition and argues that holiness is included in a special category of divine names that Christian metaphysics calls transcendentals which are five being one truth goodness and beauty Moreover holiness stands in a hierarchical relationship to the other five transcendentals as the culmination or concentration of the rest Only by understanding holiness as the head of the transcendentals as the transcendental can one account for all the complexity the idea of the holy conjures Therefore holiness is the transcendental of the transcendentals It adds the aspect of reverence to existence and as such it is constituted by the formula sanctum sanctorum Holy of holies which extends from the divine nature through the triune life to all creation

**Longman Anthology of Gothic Verse** Caroline Franklin, 2024-11-01 Gothic verse liberated the dark side of Romantic and Victorian verse its medievalism melancholy and morbidity Some poets intended merely to shock or entertain but Gothic also liberated the creative imagination and inspired them to enter disturbing areas of the psyche and to portray extreme states of human consciousness This anthology illustrates that journey This is the first modern anthology of Gothic verse It traces the rise of Gothic in the late eighteenth century and follows its footsteps through the nineteenth century Gothic has never truly died as it constantly reinvents itself and this lively illustrated and annotated anthology offers students the atmospheric poetry that originally studded terror novels and inspired horror films Alongside canonical verse by Coleridge Keats and Poe it introduces readers to lesser known authors excursions into the macabre and the grotesque A wide range of poetic forms is included as well as ballads tales lyrics meditative odes and dramatic monologues a medievalist romance by Scott and Gothic drama by Byron are also included in full A substantial introduction by Caroline Franklin puts the rise of Gothic poetry into its historical context relating it both to Romanticism and Enlightenment historicism Although Gothic fiction has now been receiving serious critical attention for twenty years Gothic verse has been largely overlooked It is therefore hoped that this anthology will stimulate scholarly interest as well as readers pleasure in these unearthly poems      **Tropical Gothic in**

**Literature and Culture** Justin D. Edwards, Sandra G.T. Vasconcelos, 2016-01-13 Tropical Gothic examines Gothic within a specific geographical area of the South of the Americas In so doing we structure the book around geographical coordinates from North to South and move between various national traditions of the gothic Mexico Argentina Brazil etc alongside regional manifestations of the Gothic the US south and the Caribbean as well as transnational movements of the Gothic within the Americas The reflections on national traditions of the Gothic in this volume add to the critical body of literature on specific languages or particular nations such as Scottish Gothic American Gothic Canadian Gothic German Gothic Kiwi Gothic etc This is significant because while the Southern Gothic in the US has been thoroughly explored there is a gap in the critical literature about the Gothic in the larger context of region of the South in the Americas This volume does not pretend to be a comprehensive examination of tropical Gothic in the Americas rather it pinpoints a variety of locations where this form of the Gothic emerges In so doing the transnational interventions of the Gothic in this book read the flows of Gothic

forms across borders and geographical regions to tease out the complexities of Gothic cultural production within cultural and linguistic translations Tropical Gothic includes but is by no means limited to a reflection on a region where European colonial powers fought intensively against indigenous populations and against each other for control of land and resources In other cases the vast populations of African slaves were transported endowing these regions with a cultural inheritance that all the nations involved are still trying to comprehend The volume reflects on how these histories influence the Gothic in this region

The League of Exotic Dancers Kaitlyn Regehr, Matilda Temperley, 2017-04-04 Every year in downtown Las Vegas often called Old Vegas The Burlesque Hall of Fame reunion brings together members of the League of Exotic Dancers one of the earliest unions for women in exotic entertainment to perform their half century old routines In this annual tradition performers from the golden age of Vegas burlesque rally counter culture neo burlesque fans who both keep the tradition alive and add new meaning to it Over the past four years documentarian Kaitlyn Regehr and photographer Matilda Temperley have embedded themselves within this community a group which like Old Vegas itself continues to survive and thrive sixty years past its supposed prime Here in a smoky off strip casino they found women at times well into their 80s subversively bumping and grinding away preconceptions about appropriate behavior for a pensioner This collection of interviews and photographs is drawn from the backstage dressing rooms homes and lives of this aging burlesque community as well as the young neo burlesque community who adore them The authors present an inter generational sisterhood that is both unique and socially significant Through a range of experiences from discussing struggles for wage equality to helping stabilize an 85 year old as she steps into a sequined g string the authors describe the complexity of the lives of these performers and the burlesque history from which they come Regehr and Temperley present multidimensional portraits of this community and conclude that they are at their most vital when read with all the nuances troubles trials and triumphs that they formerly and currently experience

The Gestalts of Mind and Text Chanita Goodblatt, Joseph Glicksohn, 2022-05-12 The Gestalts of Mind and Text bridges literary studies and cognitive psychology to provide a unique contribution to the field of Cognitive Literary Studies The book presents an investigation of metaphor in poetic texts adopting and developing empirical methods used by Gestalt Psychology while integrating concepts informed by Gestalt Psychology The title indicates an intellectual tradition to be termed the Gestalt of the Mind that begins with the W rzburg School of Psychology and its subsequent development into Gestalt Psychology which provides a rich heritage for the field of Cognitive Literary Studies The title further indicates an intellectual and creative tradition to be termed the Gestalt of the Text applied to various literary schools Medieval Early Modern Modernist Finally the Gestalt Interaction Theory of Metaphor delineates the potentialities for different types of readings of poetic metaphor This book further makes three significant contributions the first is the focus on the empirical investigation of metaphor in poetic texts the second is the integration of the aspects of problem solving bidirectionality of metaphor embodied cognition and the grotesque in analyzing poetic texts and verbal protocols and the

third is the focus on various literary traditions spanning languages and periods The goal of this book is to present an interdisciplinary study of the Gestalts of Mind and Text This will be of interest to a varied audience including cognitive psychologists literary scholars researchers in aesthetics scholars of metaphor and those with an interest in intellectual history *Comedy and Critical Thought* Iain MacKenzie, Fred Francis, Krista Bonello Rutter Giappone, 2018-03-13

Throughout history comedians and clowns have enjoyed a certain freedom to speak frankly often denied to others in hegemonic systems More recently professional comedians have developed platforms of comic license from which to critique the traditional political establishment and have managed to play an important role in interrogating and mediating the processes of politics in contemporary society This collection will examine the questions that arise when of comedy and critique intersect by bringing together both critical theorists and comedy scholars with a view to exploring the nature of comedy its potential role in critical theory and the forms it can take as a practice of resistance **Merry Murderers** Zsófia Anna Toth, 2011-07-12 This book explores the different trends and the various changes in the representational history of femmes fatales within twentieth century American culture While providing precedents discussing the Western cultural history of this iconic female figure as well as presenting the cultural and theoretical debates surrounding her the major focus lies in Maurine Dallas Watkins's story entitled Chicago and how its diachronic and transmedial revivals contributed to this debate and what kind of an interpretation it provided of the lethal woman Through a cultural historical literary and cinematic excavation this book argues that the story of Chicago produces a unique kind of deathly woman figure the farcical femme fatale by combining the traditionally tragic aspects with comic modes of discourse and representation In addition to the theorization of the femme fatale within Western culture the discussion of the comic as well as various comic genres and comic strategies of representation Mikhail Bakhtin's theory of the carnival and the carnivalesque is discussed in great detail with an emphasis on scapegoating as well as Judith Butler's concept of gender performativity and Joan Riviere's womanly masquerade in order to understand how the farcical femmes fatales of Chicago manage to get away with their sins and crimes Additionally the Vice of sixteenth century drama as well as the figure of the homme fatale are also taken under scrutiny since it is argued that in the various versions of Chicago we encounter farcical femmes fatales who are the minions of a modernized Vice figure and all their comic grotesque performances and masquerades take place in the heterotopic space of the carnival While also examining their historical and cultural contexts the different versions of Chicago are investigated one by one starting from the original Chicago Tribune articles and ending in the 2002 film adaptation This book reveals what strategies can be employed to justify the modification of the traditionally tragic scenario of the femme fatale It is a scholarly work that is informative thorough as well as entertaining **Modernism** Peter Childs, 2016-10-04 Modernist movements radically transformed the late nineteenth and early twentieth century literary establishment and their effects are still felt today Modernism introduces and analyzes what amounted to nothing less than a literary and cultural revolution In

this fully updated expanded and revised third edition charting modernism in its global and local contexts Peter Childs details the origins of modernism and the influence of thinkers such as Darwin Marx Freud Nietzsche Saussure and Einstein explores the radical changes which occurred in the arts literature drama and film of the period traces modernism at work in literature especially in writings by a range of British Irish American and other Anglophone authors including James Joyce Virginia Woolf Samuel Beckett Nella Larsen Gertrude Stein Katherine Mansfield T S Eliot and many others explains recent critical interest in the culture and worldwide impact of modernism reflects upon the shift from modernism to postmodernism At once accessible and critically informed *Modernism* guides readers from first steps in the field to an advanced understanding of one of the most important cultural phenomena of the last centuries
