United States Government Publications Monthly Catalog, 1945. [Women on War in Spain's Long Nineteenth Century](#) Christine Arkinstall, 2022-12-01. The ways in which women have historically authorized themselves to write on war has blurred conventionally gendered lines, intertwining the personal with the political. *Women on War in Spain's Long Nineteenth Century* explores through feminist lenses the cultural representations of late nineteenth and early twentieth century Spanish women's texts on war, reshaping the current knowledge and understanding of key female authors in Spain's fin de siècle. This book examines works by notable writers including Rosario de Acuña, Blanca de los Ríos, Concepción Arenal and Carmen de Burgos as they engage with the War of Independence, the Third Carlist War, Spain's colonial wars and World War I. The selected works foreground how women's representations of war can challenge masculine conceptualizations of public and

domestic spheres Christine Arkininstall analyses the works overarching themes and symbols such as honour blood the Virgin and the Mother and the intersecting sexual social and racial contracts In doing so Arkininstall highlights how these texts imagine outcomes that deviate from established norms of femininity offer new models to Spanish women and interrogate the militaristic foundations of patriarchal societies **Punishment of War Criminals** United States. A. Fernández-Santamaria,1977-09-08 This is a comprehensive study in English of political thought in Spain during the Renaissance In the early sixteenth century Castile experienced two major constitutional crises caused by the accession of a Habsburg ruler shortly to become Holy Roman Emperor to her throne and by the discovery and conquest of America Politically these circumstances created a bizarre situation in which the venerable idea of medieval empire was forced to co exist with a novel imperial vision made inevitable

by expansion in the new world The strain imposed on Castile's constitutional fabric stimulated the most significant developments of Spanish political thought in the Renaissance Against this background Professor Fernandez Santamaria surveys the contribution of a number of eminent writers from diverse intellectual traditions who endeavoured to apply established political assumptions to these unprecedented circumstances *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1973 *Domesticating Empire* Karen Stolley, 2021-04-30 Why has the work of writers in eighteenth century Latin America been forgotten During the eighteenth century enlightened thinkers in Spanish territories in the Americas engaged in lively exchanges with their counterparts in Europe and Anglo America about a wide range of topics of mutual interest responding in the context of increasing racial and economic diversification Yet despite recent efforts to broaden our understanding of the global Enlightenment the Ibero American eighteenth century has often been overlooked Through the work of five authors Jose de Oviedo y Baños Juan Ignacio Molina Felix de Azara Catalina de Jesus Herrera and Jose Martin Felix de Arrate *Domesticating Empire* explores the Ibero American Enlightenment as a project that reflects both key Enlightenment concerns and the particular preoccupations of Bourbon Spain and its territories in the Americas At a crucial moment in Spain's imperial trajectory these authors domesticate topics central to empire conquest Indians nature God and gold by making them familiar and utilitarian As a result their works later proved resistant to overarching schemes of Latin American literary history and have been largely forgotten Nevertheless eighteenth century Ibero American writing complicates narratives about both the Enlightenment and Latin American cultural identity **Hearings** United States.
