## Guerre Identit S Ernesto Laclau:

**Communism and Strategy** Isabelle Garo, 2023-04-18 If the question of communism is making a comeback today this renewed interest is often accompanied by an abandonment of any concrete political perspective Critical philosophies are flourishing and proliferating but folded into the academic terrain they often remain disconnected from the global issues associated with the present crisis of capitalism contributing in turn to the fragmentation of the resistances that are opposed to it Instead of locking the perspective of emancipation into the registers of utopia or relegating it to the side of an empty populism Isabelle Garo studies in this book the conditions of a contemporary revival of the alternative as a collective construction anchored in real aspirations and struggles and inseparable from a rethinking of the theoretical work By addressing the impasses faced by many of the most fashionable radical theorists Badiou Laclau the theorists of the commons and revisiting them in relation to Marx and Gramsci also allows us to re read the latter from the point of view of contemporary questions of the state and the party of work and property of conflict and hegemony Thus to rethink strategy is above all to re explore the question of mediations whether they be forms of organisation or existing mobilisations as sites par excellence of political invention

*Sounding the Cape* Denis Martin, 2013 For several centuries Cape Town has accommodated a great variety of musical genres which have usually been associated with specific population groups living in and around the city Musical styles and genres produced in Cape Town have therefore been assigned an identity which is first and foremost social This volume tries to question the relationship established between musical styles and genres and social in this case pseudo racial identities In *Sounding the Cape* Denis Martin recomposes and examines through the theoretical prism of creolisation the history of music in Cape Town deploying analytical tools borrowed from the most recent studies of identity configurations He demonstrates that musical creation in the Mother City and in South Africa has always been nurtured by contacts exchanges and innovations whatever the efforts made by racist powers to separate and divide people according to their origin Musicians interviewed at the dawn of the 21st century confirm that mixture and blending characterise all Cape Town s musics They also emphasise the importance of a rhythmic pattern particular to Cape Town the ghoema beat whose origins are obviously mixed The study of music demonstrates that the history of Cape Town and of South Africa as a whole undeniably fostered creole societies Yet twenty years after the collapse of apartheid these societies are still divided along lines that combine economic factors and racial categorisations Martin concludes that were music given a greater importance in educational and cultural policies it could contribute to fighting these divisions and promote the notion of a nation that in spite of the violence of racism and apartheid has managed to invent a unique common culture

*Africa and France* Dominic Thomas, 2013-03-20 An excellent and incisive look at identity immigration and culture in postcolonial France *Journal of West African History* This stimulating and insightful book reveals how increased control over immigration has changed cultural and social production in theater literature and even museum construction Dominic Thomas s analysis

unravels the complex cultural and political realities of long standing mobility between Africa and Europe Thomas questions the attempt to place strict limits on what it means to be French or European and offers a sense of what must happen to bring about a renewed sense of integration and global Frenchness Essential reading for anyone investigating the debates surrounding contemporary French identity and the ever changing relationship between France and her former colonial possessions African Studies Bulletin *Critical Republicanism* Cécile Laborde, 2008-10-09 Critical Republicanism proposes an entirely new approach to the management of religious and cultural pluralism based on the pursuit of the progressive ideal of non domination in existing non ideal societies BOOK JACKET **Rousseau and Radical Democracy** Kevin

Inston, 2010-06-16 Rousseau and Radical Democracy presents the first comprehensive examination of Rousseau s founding role in and continuing relevance for recent and influential theories of democracy Kevin Inston demonstrates the actuality of Rousseau s thinking through an analysis of his deep connection with the groundbreaking work of contemporary European thinkers including Lefort Laclau and Mouffe The book affirms Rousseau s centrality for current debates in democratic thought by showing how contrary to common assumptions his writings emphasise the openness and difference necessary for a dynamic mode of democracy committed to extending the principles of freedom and equality By connecting Rousseau s philosophy with present day thinking Inston stresses the theoretical consistency of his political thought against those influential deconstructive readings of his work by thinkers such as Derrida and De Man This book argues that the ambiguities and tensions in Rousseau actually form part of the logic of Rousseau s rigorous reflection on democracy that accepts the inherent incompleteness and uncertainty of any political project as the condition of freedom and change *La République identitaire* Bélich Nabli, 2016-04-20 Atteintes la la cit agressivité des communautarismes rgressions de la condition f minine attaques contre la langue en croire ce tableau la R publique serait menac e Or les forces oppos es qui la convoquent jettent le trouble sur sa nature et son histoire Or les intellectuels et les ditorialistes qui l invoquent l enferment le plus souvent dans une repr sentation fig e et pass iste Or les politiques qui s en revendiquent en font un parti Pourquoi comment D passant les vaines querelles d cryptant sans concession notre pass et notre pr sent levant les non dits des uns et des autres B ligh Nabli met au jour l insoutenable contradiction de la France d aujourd hui Que faire de l clatement minoritaire auquel tend la revendication des identit s ethniques et culturelles Que faire de l isolement majoritaire auquel tend la reconstruction d une identit sociale unique Comment r soudre le clivage qui na t de ce rapport de forces et qui d termine notre avenir Un essai vif brillant averti sur la crise identitaire de la R publique et de la France *Human Rights as Battlefields* Gabriel

Blouin-Genest, Marie-Christine Doran, Sylvie Paquerot, 2018-08-20 This book examines human rights as political battlefields spaces that are undergoing constant changes in which political conflicts are expressed by a translation process within networks of interactions This translation in turn contributes to modifying the scope and understanding of human rights Ultimately these battlefields express the legitimacy encounter of different versions of human rights in contemporary political

practices The volume thus challenges both the tendency to minimize the changing nature of human rights as well as the struggles emerging from the use of human rights discourses as a legitimization tool By shifting the focus on what stakeholders do instead of solely on the origin nature or foundations of human rights the authors reveal that human rights are not static objects they are constantly transformed and as such affect the horizon of universal rights Savoir et pouvoir en al-Andalus au XIe siècle Emmanuelle Tixier du Mesnil, 2022-05-13T00:00:00+02:00 Al Andalus continue de susciter fantasmes nostalgie et projections de toutes sortes Tour tour rig e en haut lieu de la tol rance islamique en paradis perdu dont ne subsistent que de d licats palais et l cho lointain d un art de vivre disparu mais aussi en th tre d une lutte mort entre Islam et Chr tient elle est l une des rares terres ayant donn naissance des mythes aussi riches que contradictoires Ce morceau d Europe qui fut l Islam a heureusement laiss des textes qu Emmanuelle Tixier du Mesnil se propose de relire en regardant plus particuli rement la tr s riche moisson intellectuelle du XIe si cle lorsqu une vingtaine de principaut s les royaumes des Ta fas se partageaient les lambeaux du territoire califal Ce temps de tous les dangers alors que mena aient tant les rois chr tiens du nord de la p ninsule que les guerriers berb res du Maghreb fut celui d une grande inventivit politique l Espagne islamique exp rimentait deux cents ans avant l Orient la disparition du califat mais aussi celui d une tr s belle floraison culturelle Pouvoir et savoir nou rent dans ce th tre d exception des liens tr s solides au cours d un beau XIe si cle dont il faut restituer le d roulement et la complexe histoire Les princes andalous firent de la culture un projet politique un ferment de l gitimit le moyen de la concurrence entre eux contribuant fixer pour des si cles l image d une p ninsule savante Professeur d histoire m di vale de l Islam l universit de Paris Nanterre Emmanuelle Tixier du Mesnil est sp cialiste de la g ographie arabe m di vale et de l histoire d al Andalus Elle est notamment l auteur d Al Andalus Anthologie en collaboration avec Brigitte Foulon GF Flammarion 2009 et de G ographes d al Andalus De l inventaire d un territoire la construction d une m moire Presses universitaires de la Sorbonne 2014 Gender after Lyotard ,2007-01-04 **Les fronti res du politique en Am rique latine** Andr Corten, 2006 Il faut changer le monde Par rapport cet id al le champ politique s est singul i rement r tr ci Tout semble le r duire aux contraintes de l conomie plus est de l conomie mondiale Au mieux une petite marge de man uvre pour le social Et si le politique avait justement pour enjeu la fixation de sa fronti re Comment alors interpr ter le virage qui a l air de se produire en Am rique latine A partir de deux corpus th oriques confront s l un l autre celui de l institution imaginaire de la soci t de Castoriadis et celui du signifiant vide de Laclau une conceptualisation des fronti res du politique est d finie et ensuite mise en uvre dans des approches m thodologiques diff rentes rigoureusement appliqu es Ce travail permet de poser la question des imaginaires de l mancipation Comment les penser en rapport avec la d finition des fronti res du politique Des r ponses concr tes sont apport es en rapport avec des conjonctures politiques pr cises le Venezuela l Argentine le Mexique le Br sil et le mouvement indien Ce livre pr sente une r flexion fondamentale th oriquement et m thodologiquement articul e sur le changer le monde aujourd hui Il propose un regard p n trant sur les d placements des fronti

**Histoire des idées politiques - 3e éd.** Olivier  
Nay, 2021-08-18 Comment les hommes comprennent-ils leur époque ? Comment envisagent-ils leur avenir ? Quelle influence leurs idées exercent-elles sur la société ? Quel lien existe-t-il entre la philosophie, le droit, la religion et les grandes luttes politiques qui divisent le corps social ? Dans une perspective ouverte sur l'histoire sociale et politique, l'auteur procède d'une analyse rigoureuse des grands débats philosophiques et juridiques qui ont contribué à la formation de la pensée occidentale. La troisième édition de cet ouvrage incontournable dans le domaine qui présente un vaste panorama des idées politiques de l'Antiquité gréco-romaine nos jours est enrichi d'un chapitre inédit entièrement consacré à la question des pensées dites dissidentes, du féminisme contemporain, de la pensée environnementaliste, des nouvelles radicalités intellectuelles. Une somme de connaissances incontournable pour tous les passionnés des idées.

**Diffraction normative, comportements cachés et identités transverses** Casimiro Balsa, 2020-12-15 La société investit dans la production de cadres normatifs en même temps qu'elle construit des moyens de les transgresser en proposant des cadres alternatifs ou contre-normatifs. Cependant, les effets d'intégration que ces cadres permettent n'ont pas le même sens social et jouent sur des valeurs, des intérêts et des niveaux d'accès aux ressources distincts en motivant au même temps des comportements divergents et des attentes différentes. La diffraction normative résulte de l'entrecroisement de ces cadres référentiels de l'action et des marges de jeu ainsi ouvertes pour des systèmes de transaction entre les actions et les positionnements des acteurs quand ils nouent une relation en biais. Dans ces circonstances, les comportements qui se y jouent peuvent être analysés dans leurs dimensions cachées ou dissimulées et les populations dans des formes d'identités transverses.

L'identité en jeu Martin Denis-Constant, 2010-04-01 Ce que l'on nomme identité est devenu un thème central du débat politique et des affrontements idéologiques dans un grand nombre de sociétés contemporaines. Cet ouvrage s'efforce de comprendre ce dont il est en réalité question lorsque le thème de l'identité nationale ou autre est mis en avant. Les études de cas montrent la diversité des modes de configuration des identités en politique, la variété des usages qui en sont faits et la complexité des effets que ces usages en ont dans les sociétés étudiées : France, Italie, Hongrie, Roumanie, Russie, Liban, Inde, États-Unis.

*Penser le politique en Amérique latine*, 2009 Le temps de la politique aurait-il expiré ? Ou alors le politique ne se serait-il pas déplacé ailleurs que dans les lieux historiquement tabus pour le domestiquer ? C'est autour de ces questions que s'organise cet ouvrage réunissant des chercheurs d'horizons disciplinaires variés soucieux de réfléchir la question du politique en Amérique latine de ce point de vue millénaire. Mais des gouvernements, des institutions et des espaces définis et légitimés comme relevant du politique, il ne sera point question. Loin du champ constitué de la politique, les analyses ici présentées montrent l'indtermination des formes et des espaces de constitution du politique, la porosité des frontières entre les champs du social, les pratiques visibles ou silencieuses de décalage qui sont autant d'occasions de surgissement du politique. La question posée est celle de la force politique de l'antipolitique, le mouvement de dépolitisation du politique que connaît l'Amérique latine depuis une vingtaine d'années représente bien un projet politique de technicisation, moralisation des décisions.
