Indian English as well as stylistic studies in Indian English fiction Chapter III is concerned with a brief introduction to the texts chosen for study Chapter IV discusses the methodology adopted in the study Chapter V deals with the results of the study and makes a comparison between the two authors styles Chapter VI consists of a summary of the research and concludes with suggestions regarding further research needs

John Thieme,2013-07-19 R K Narayan s reputation as one of the founding figures of Indian writing in English is re examined in this comprehensive study of his fiction which offers detailed readings of all his novels Arguing against views that have seen Narayan as a chronicler of authentic Indianness John Thieme locates his fiction in terms of its specific South Indian contexts and cultural geography and its non Indian intertexts The study also considers the effect that Narayan s writing for overseas publication had on novels such as Swami and Friends The Guide and The Man Eater of Malgudi Narayan s imaginary small town of Malgudi has often been seen as a metonym for India Thieme draws on recent thinking about the ways in which place and space are constructed to demonstrate that Malgudi is always a fractured and transitional site an interface between older conceptions of Indianness and contemporary views that stress the ubiquitousness and inescapability of change in the face of modernity The study also shows that Malgudi is seen from varying angles of vision and with shifting emphases at different

points in Narayan s career As well as offering fresh insights into the influences that went into the making of Narayan s fiction this is the most wide ranging and authoritative guide to his novels to have appeared to date It provides a unique account of his development as a writer
