**I Dream of a Digital India** Devsena Mishra, 2016-01-29 In his first Independence Day speech, our Prime Minister Shri Narendra Modi has called upon the youth of the country to participate and contribute to the growth of the nation. *I Dream of a Digital India* book is my contribution. It is a Digital India encyclopedia that covers different aspects of Digital India programme. I have tried to collect all important facts and records related with Digital India programme. This book helps in understanding the pace and direction in which Digital India programme is moving and gives a clear picture of its progress. Our Prime Minister used to say that 21st century is the century of knowledge and I believe that this book will help you in becoming a knowledge citizen. After writing this book, I would say Good Governance has just begun and begun on a very promising note. Here I would like to mention that I skipped challenges part of Digital India because for that critics have already done a good job. If you Google you will find it. I believe that executors and enablers of this programme are capable enough to deal with any kind of challenge that will come their way. Big Foundation takes lots of positive energy of dynamic, dedicated and determined individuals. After the success, such individuals are called creators. Digital India is an ambitious programme and it needs lots of creators. I appeal to the professionals of our country to come forward and play the role of a creator in this programme.
