Reforming the Art of Dying Austra Reinis, 2016-12-05 The Reformation led those who embraced Martin Luther's teachings to revise virtually every aspect of their faith and to reorder their daily lives in view of their new beliefs Nowhere was this more true than with death By the beginning of the sixteenth century the Medieval Church had established a sophisticated mechanism for dealing with death and its consequences The Protestant reformers rejected this new mechanism To fill the resulting gap and to offer comfort to the dying they produced new liturgies new church orders and new handbooks on dying This study focuses on the earliest of the Protestant handbooks beginning with Luther's Sermon on Preparing to Die in 1519 and ending with Jakob Otter's Christlich leben vnd sterben in 1528 It explores how Luther and his colleagues adopted traditional themes and motifs even as they transformed them to accord with their conviction that Christians could be certain of their salvation It further shows how Luther's colleagues drew not only on his teaching on dying but also on other writings including his sermons on the sacraments The study concludes that the assurance of salvation offered in the Protestant handbooks represented a significant departure from traditional teaching on death By examining the ways in which the themes and teachings of the reformers differed from the late medieval ars moriendi the book highlights both breaks with tradition and continuities that marked the early Reformation

The British Quarterly Review Henry Allon, 1879 *Biblical Theology of the Old and New Testaments* Brevard S. Childs, 1993 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Childs's lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New

Testaments He refuses to follow the common pattern in Christian thought of identifying biblical theology with the New Testament's interest in the Old Rather Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices each of which retains continuing integrity and is heard on its own terms **For the Love of Beauty** Arthur Pontynen, 2017-07-05 For most of the last century the methodology of art history has followed a positivist approach emphasizing form and style fact and history as the means of studying works of art By contrast the philosophical pursuit of truth once central to the fine arts and humanities has largely been abandoned In *For The Love of Beauty* Arthur Pontynen offers a searching and ambitious critique of modern aesthetic practice that aims to restore the pursuit of the knowledge of reality Being to its rightful place Pontynen begins by addressing the question of why the pursuit of truth be it called Dao Dharma God Logos Ideal etc is no longer acceptable in academic circles even though it has been intrinsic to the purpose of art at most times and in most cultures Lacking the pursuit of truth of some degree of knowledge of what is true and good the humanities necessarily lack intellectual and cultural grounding and purpose Fields of study such as philosophy music art and history are therefore trivialized and brutalized Pontynen's focus on the study of the visual arts details the how the denial of purpose and quality in modernist and postmodernist aesthetics has denied art any possibility of transcending entertainment therapy or propaganda In place of the established narratives Pontynen offers a counter narrative based on a cross cultural pursuit of the good the true and the beautiful He recognizes that substantively different cultural traditions exist and that the truth claims of each may be valid in whole or in part He shows how the history of art parallels the intellectual history of Western culture and how these parallels affect both aesthetics and ethics Pontynen engages with those elements of modernist and postmodernist thought that might be true His purpose is not simply to deny their validity but to engage a viewpoint that does not privilege the notion of a purposeless cosmos *For the Love of Beauty* will be of interest *The Confessionalization of Humanism in Reformation Germany* Erika Rummel, 2000-08-17 This book deals with the impact of the Reformation debate in Germany on the most prominent intellectual movement of the time humanism Although it is true that humanism influenced the course of the Reformation says Erika Rummel the dynamics of the relationship are better described by saying that humanism was co-opted perhaps even exploited in the religious debate *The Complete Idiot's Guide to Christianity* Jeffrey B. Webb Ph.D., 2004-03-02 A comprehensive look at the Christian religion From the roots of Catholicism and the three streams of Protestantism to Fundamentalism Evangelicalism the Charismatic movement and New Age Christianity this essential source helps readers define what Christianity is all about in the 21st century In this *Complete Idiot's Guide* you get Simple explanations of the geographical and cultural factors that divide the Christian faith Faithful insights into what Catholics Episcopalians Baptists and others believe and why All the information you need to decide which church is right for you Foolproof facts about what fundamentalists believe about the Bible other Christians and the wider world especially politics **Dedication of the Krauth Memorial Library** Philadelphia (Pa.).
