Guided By Spirit A Journey Into The Mind Of The Medium:

Guided by Spirit Charles F. Emmons, 2003-03-03 AN INVITATION TO A JOURNEY What do spirit mediums themselves think about what they do What do scientists and Spiritualists think about messages from the spirit world We are a social scientist and a psychotherapist who have spent ten years answering these questions Acting as mediums ourselves we question and marvel at our own experiences To learn more we interviewed 40 mediums and studied the lives of 80 others Journey with us INTO THE MIND OF THE MEDIUM *The Language of Mediums and Psychics* Robin Wooffitt, 2017-03-02 Every week thousands of people in Europe and the USA consult psychic practitioners Communication is crucial to the performance of psychic powers in a range of settings Psychic practitioners use language to demonstrate their powers whether they are reporting the words of their spirit contacts or interpreting the spread of Tarot cards Their clients also accept or reject this information through talk This book presents the first sustained study of the verbal interaction between the various kinds of psychic practitioners and their clients Using conversation analysis Robin Wooffitt examines the structure of the interaction focusing on the ways in which psychic practitioners and their clients establish the authenticity of the claimed paranormal powers Adopting a neutral standpoint towards the status of the claims of psychic practitioners the book raises important issues about the role of social science in understanding the activities of psychic practitioners and other kinds of parapsychological phenomena This highly original study will appeal to students and scholars of discourse studies and to sociologists interested in conversation analysis It is written in a style accessible to non specialists and will also interest parapsychologists and social scientists studying psychic phenomena and the paranormal [Encyclopedia of Death & Human Experience](#) Clifton D.
