emergence and battle to protect drivers and occupants of off road and on road vehicles from crush related injuries from
rollovers Deaths and serious injuries have been associated with vehicle overturns that involve tractors other motorized
machinery automobiles and small vehicles It took more than a century to attend to much of this epidemic of death and
disabling injury that resulted from these overturns This book argues that a key factor in this response was epidemiology that
reported rollover related deaths and engineering revisionism that moved responses from blame the victim to rollbars to
