Studies in Medieval Legal Thought Gaines Post,2006 Roman Law s Influence on Public Law and the State This collection of eleven distinguished essays explores the revival of Roman law and its subsequent influence on the development of public law and early modern theories of the state This very fine book deserves to be judged as something more than a mere collection of scattered essays There is an impressive unity of thought and argument running through all the various studies and together they form a coherent and extremely valuable contribution to a recent movement of thought that has been reshaping our understanding of the principles on which medieval government was based Brian Tierney Harvard Law Review 78 1964 1965 1502 GAINES POST 1902 1987 received an M A in 1925 and Ph D in 1931 at Harvard University He researched medieval history and culture at the Ecole de Chartres in France from 1927 1928 and also conducted research in Italy Germany and England Post was a member of the Department of History at the University of Wisconsin Madison from 1935 to 1941 a lecturer at the Riccoboro Seminar in 1947 and a lecturer at the Medieval Institute at the University of Notre Dame Some of his many accomplishments include a Fulbright research award to France in 1951 1952 two Guggenheim Fellowships 1939 1940 and 1955 1956 and an honorary fellowship in the American Society for Legal History While an instructor at Princeton University from 1959 1960 he was the chairman of the Institute of Research and Study in Medieval Canon Law In 1954 he accepted a faculty position at Princeton University where he remained until his retirement in 1970

Thermonuclear Monarchy Elaine Scarry,2014-02-17 From one of our leading social thinkers a compelling case for the elimination of nuclear weapons During his impeachment proceedings Richard Nixon boasted I can go into my office and pick up the telephone and in twenty five minutes seventy million people will be dead Nixon was accurately describing not only his own power but also the power of every American president in the nuclear age Presidents Eisenhower Kennedy Johnson and Nixon each contemplated using nuclear weapons Eisenhower twice Kennedy three times Johnson once Nixon four times Whether later presidents from Ford to Obama considered using them we will learn only once their national security papers are released In this incisive masterfully argued new book award winning social theorist Elaine Scarry demonstrates that the power of one leader to obliterate millions of people with a nuclear weapon a possibility that remains very real even in the wake of the Cold War deeply violates our constitutional rights undermines the social contract and is fundamentally at odds with the deliberative principles of democracy According to the Constitution the decision to go to war requires rigorous testing by both Congress and the citizenry when a leader can single handedly decide to deploy a nuclear weapon we live in a state of thermonuclear monarchy not democracy The danger of nuclear weapons comes from potential accidents or acquisition by terrorists hackers or rogue countries But the gravest danger comes from the mistaken idea that there exists some case compatible with legitimate governance There can be no such case Thermonuclear Monarchy shows the deformation of governance that occurs when a country gains nuclear weapons In bold and lucid prose Thermonuclear

Monarchy identifies the tools that will enable us to eliminate nuclear weapons and bring the decision for war back into the hands of Congress and the people Only by doing so can we secure the safety of home populations foreign populations and the Law and the Imagination in Medieval Wales Robin Chapman Stacey, 2018-09-06 In Law and the Imagination in Medieval Wales Robin Chapman Stacey explores the idea of law as a form of political fiction a body of literature that blurs the lines generally drawn between the legal and literary genres She argues that for jurists of thirteenth century Wales legal writing was an intensely imaginative genre one acutely responsive to nationalist concerns and capable of reproducing them in sophisticated symbolic form She identifies narrative devices and tropes running throughout successive revisions of legal texts that frame the body as an analogy for unity and for the court that equate maleness with authority and just rule and femaleness with its opposite and that employ descriptions of internal and external landscapes as metaphors for safety and peril respectively Historians disagree about the context in which the lawbooks of medieval Wales should be read and interpreted Some accept the claim that they originated in a council called by the tenth century king Hywel Dda while others see them less as a repository of ancient custom than as the Welsh response to the general resurgence in law taking place in western Europe Stacey builds on the latter approach to argue that whatever their origins the lawbooks functioned in the thirteenth century as a critical venue for political commentary and debate on a wide range of subjects including the threat posed to native independence and identity by the encroaching English concerns about violence and disunity among the native Welsh abusive behavior on the part of native officials unwelcome changes in native practice concerning marriage divorce and inheritance and fears about the increasing political and economic role of women A (Studies in Medieval and Early Modern Canon Law, Volume 6) Pernicious Sort of Woman Elizabeth Makowski, 2005-05 WINNER OF THE 2007 HISTORY OF WOMEN RELIGIOUS DISTINGUISHED BOOK AWARD Whether they were secular canonesses or bequines tertiaries or Sisters of the Common Life quasi religious women in the later Middle Ages lived their lives against a backdrop of struggle and insecurity resulting in large measure from their ambivalent legal status Because they lacked one or more of the canonical earmarks of religious women strictly speaking they had to justify their unauthorized way of life and to defend themselves against association with those who had been branded unorthodox unruly or even heretical Ambiguous legal status within the organized Church and the contests to which it gave rise are a constant theme in the historiography of quasi religious women yet there has been no full scale study of what it meant at law to be a mulier religiosa This book provides a thorough examination of the writings of canon lawyers in the late Middle Ages as they come to terms both in their academic work and also in their roles as judges and advisers with women who were not strictly speaking religious but who were popularly thought of as such It studies the ways in which jurists strove to categorize these women and to clarify the sometimes ambivalent canons relating to their lives in the community It assesses among other things the extent to which lawyers proved responsive to popular as well as learned notions of what constituted religious life for women when the

interests of particular clients were at stake A Pernicious Sort of Woman will be a useful supplement to books devoted to individual quasi religious women or to specific manifestations of female lay piety It will be of interest to historians of Christianity and specialists in the law and women s studies as well as anyone interested in the history of religious women ABOUT THE AUTHOR Elizabeth Makowski is Associate Professor of History at Texas State University She is the author of Canon Law and Cloistered Women and coauthor of Wykked Wyves and the Woes of Marriage PRAISE FOR THE BOOK This book should help shed light on the context in which women developed their forms of religious life and be of use to historians and those who study particular women or communities that were trying to survive in the later Middle Ages Magistra This book is a worthy follow up to the author's excellent monograph Canon Law and Cloistered Women There is no doubt that A Pernicious Sort of Woman is a first rate book Makowski s story of the formulation reception and use of the Clementine decrees on quasi religious women is a model of how the neglected elephantine literature of Fourteenth and Fifteenth century canon law can be tamed and put to good use Makowski aimed at a wide scholarly audience and her book hits the mark a reader ignorant of canon law may take for granted the lucid summaries of texts that can be rather intractable Those expert in ecclesiastical law will appreciate this achievement all the more but should also be grateful for the way Makowski smoothly integrated such technical material with one of the hot topics of medieval historiography today late medieval women s religiosity Patrick Nold Ecclesiastical Law Journal Elizabeth Makowski brilliantly makes sense of the incongruities between canon law s increasing crack down on religious women of all sorts and the actuality of increasing numbers of late medieval quasi religious women In so doing she has written an essential book for all those embarking on the study of medieval religious women on the history of canon law and on the history of those late medieval towns and regions that began to persecute beguines and other religious women The importance of this study is threefold it constitutes a valuable introduction Literature and Complaint in England 1272-1553 Wendy Scase, 2007-03-29 Giving a different perspective to the work on the relations between early judicial process the development of literature in England this book argues that texts ranging from political libels pamphlets to laments of the unrequited lover constitute a literature shaped by the crucial role of Time, History, and Political Thought John Robertson, 2023-06-22 Between the clich that a complaint in the law courts week is a long time in politics and the aspiration of many political philosophers to give their ideas universal timeless validity lies a gulf which the history of political thought is uniquely qualified to bridge For that history shows that no conception of politics has dispensed altogether with time and many have explicitly sought legitimacy in association with forms of history Ranging from Justinian's law codes to rival Protestant and Catholic visions of political community after the Fall from Hobbes and Spinoza to the Scottish Enlightenment and from Kant and Savigny to the legacy of German Historicism and the Algerian Revolution this volume explores multiple ways in which different conceptions of time and history have been used to understand politics since late antiquity Bringing together leading contemporary historians of political thought Time History

and Political Thought demonstrates just how much both time and history have enriched the political imagination

Canon Law) History of Medieval Canon Law in the Classical Period, 1140-1234 Wilfried Hartmann,Kenneth

Pennington,2008 This latest volume in the ongoing History of Medieval Canon Law series covers the period from Gratian s

initial teaching of canon law during the 1120s to just before the promulgation of the Decretals of Pope Gregory IX in 1234

Dictionary Catalogue of the Library of the Pontifical Institute of Mediaeval Studies, Toronto, Canada: Manu-Rob Pontifical Institute of Mediaeval Studies. Library, 1972 Magna Carta David Carpenter, 2015-01-15 David Carpenter deserves to replace Sir James Holt as the standard authority and an unfailingly readable one too Ferdinand Mount TLS An invaluable new commentary Jill Leopore New Yorker With a new commentary by David Carpenter No free man shall be seized or imprisoned or stripped of his rights or possessions or outlawed or exiled or deprived of his standing in any other way nor will we proceed with force against him or send others to do so except by the lawful judgment of his equals or by the law of the land Magna Carta forced on King John in 1215 by rebellion is one of the most famous documents in world history It asserts a fundamental principle that the ruler is subject to the law Alongside a new text and translation of the Charter David Carpenter's commentary draws on new discoveries to give an entirely fresh account of Magna Carta's text origins survival and enforcement showing how it quickly gained a central place in English political life It also uses Magna Carta as a lens through which to view thirteenth century society focusing on women and peasants as well as barons and knights The book is a landmark in Magna Carta studies 2015 is the 800th anniversary of Magna Carta's creation an event which will be marked with exhibitions commemorations and debates in all the countries over whose constitutions and legal assumptions the shadow of Magna Carta hangs Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries, 1979 Routledge Handbook of International Law David Armstrong, 2009-01-13 This Handbook provides a definitive global survey of the interaction of international politics and international law Fear of Enemies and Collective Action Ioannis D. Evrigenis, 2007-12-03 What makes individuals with divergent and often conflicting interests join together and act in unison By drawing on the fear of external threats this book develops a theory of negative association that examines the dynamics captured by the maxim The enemy of my enemy is my friend It then traces its role from Greek and Roman political thought through Machiavelli and the reason of state thinkers and Hobbes and his emulators and critics to the realists of the twentieth century By focusing on the role of fear and enmity in the formation of individual and group identity this book reveals an important tradition in the history of political thought and offers insights into texts that are considered familiar This book demonstrates that the fear of external threats is an essential element of the formation and preservation of political groups and that its absence renders political association unsustainable

Dictionary Catalogue of the Byzantine Collection of the Dumbarton Oaks Research Library, Washington, D.C. Dumbarton Oaks.1975 Library of Congress Catalog Library of Congress, 1960 A cumulative list of works represented by Library of Congress printed cards Reform, Representation and Theology in Nicholas of Cusa and His Age H. Lawrence Bond, Gerald Christianson, 2023-03-31 While most works on Nicholas of Cusa concentrate either on his early career as author of the monumental Catholic Concordance or on his later career as writer of remarkable philosophical theological works such as On Learned Ignorance and The Vision of God the essays included here attempt to address the whole Cusanus sharing common contexts issues and themes Following chapters on the legacy of conciliarism and ecumenicity the story begins with the Council of Basel for which Cusanus wrote The Catholic Concordance but from which he broke away raising issues of private conscience as well as the balance between papal authority and representative councils in the pursuit of reform The story then turns to the matrix between Constantinople and a new council in Ferrara when Cusanus received a ship board gift from the Father of Lights and began to write his great philosophical theological treatises When taken together the essays in this book not only form a cohesive whole they also enlighten aspects often left in the shade such as the enigmatic aspects of Cusanus participation in the council and his mystical theology that reveals a man of faith in search of certainty beyond the well trod paths of philosophical reflection **Library Journal** ,1992 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Sovereign of the Market Jeffrey Sklansky, 2024-05-31 What should serve as money who should control its creation and circulation and according to what rules For more than two hundred years the money question shaped American social thought becoming a central subject of political debate and class conflict Sovereign of the Market reveals how and why this happened Jeffrey Sklansky s wide ranging study comprises three chronological parts devoted to major episodes in the career of the money question First the fight over the innovation of paper money in colonial New England Second the battle over the development of commercial banking in the new United States And third the struggle over the national banking system and the international gold standard in the late nineteenth century Each section explores a broader problem of power that framed each conflict in successive phases of capitalist development circulation representation and association The three parts also encompass intellectual biographies of opposing reformers for each period shedding new light on the connections between economic thought and other aspects of early American culture The result is a fascinating insightful and deeply considered contribution to the history of capitalism Library of Congress Catalogs Library of Congress, 1964 Law Books in Print J. Myron Jacobstein, Meira G. Pimsleur, 1971
