Library Of Whistleblowers Leaks Media Amendment National:

National Security, Leaks and Freedom of the Press Lee C. Bollinger, Geoffrey R. Stone, 2021 Written by a group of the nation's leading constitutional scholars a deeply informed thoughtful and often surprising examination of who has First Amendment rights to disclose to obtain or to publish classified information relating to the national security of the United States One of the most vexing and perennial questions facing any democracy is how to balance the government's legitimate need to conduct its operations especially those related to protecting the national security in secret with the public's right and responsibility to know what its government is doing There is no easy answer to this issue and different nations embrace different solutions In the United States at the constitutional level the answer begins exactly half a century ago with the Supreme Court's landmark 1971 decision in the Pentagon Papers case The final decision though left many important questions unresolved Moreover the issue of leaks and secrecy has cropped up repeatedly since most recently in the Edward Snowden and Chelsea Manning cases In *National Security Leaks and Freedom of the Press* two of America's leading First Amendment scholars Lee C Bollinger and Geoffrey R Stone have gathered a group of the nation's leading constitutional scholars including John Brennan Eric Holder Cass R Sunstein and Michael Morell among many others to delve into important dimensions of the current system to explain how we should think about them and to offer as many solutions as possible

whistleblowers vs leakers and the growing field of financial intelligence The Future of Journalism: Risks, Threats and Opportunities Stuart Allan, Cynthia Carter, Stephen Cushion, Lina Dencik, Inaki Garcia-Blanco, Janet Harris, Richard Sambrook, Karin Wahl-Jorgensen, Andy Williams, 2020-04-28 This volume draws together research originally presented at the 2015 Future of Journalism conference at Cardiff University UK The conference theme Risks Threats and Opportunities highlighted five areas of particular concern for discussion and debate The first of these areas Journalism and Social Media explores how journalism and the role of the journalist are being redefined in the digital age of social networking crowd sourcing and big data and how the influence of media like Twitter Facebook YouTube Instagram and Reddit affects the gathering reporting or consumption of news Journalists at Risk assesses the key issues surrounding journalists safety and their right to report as news organizations and their sources are increasingly targeted in war conflict or crisis situations The third area Journalism Under Surveillance asks what freedom of the press means in a post Snowden climate What are the new forms of censorship confronting journalism today and what emergent tactics will help it to speak truth to power Journalism and the Fifth Estate examines the traditional ideals of the fourth estate which risk looking outdated if not obsolete in the modern world How much can we rely on citizen media to produce alternative forms of news reporting and how can we reform mainstream media institutions to make them more open transparent and accountable to the public The final area Journalism s Values asks how journalism s ethical principles and moral standards are evolving in relation to the democratic cultures of communities locally regionally nationally or internationally What are the implications of changing priorities for the education training and employment of tomorrow s journalists Every chapter in this volume engages with a pressing issue for the future of journalism offering an original thought provoking perspective intended to help facilitate further dialogue and debate The chapters in this book were originally published in special issues of Digital Journalism Journalism Practice and Journalism Studies Manufacturing Militarism Christopher J. Coyne, Abigail R. Hall, 2021-08-03 The U S government s prime enemy in the War on Terror is not a shadowy mastermind dispatching suicide bombers It is the informed American citizen With Manufacturing Militarism Christopher J Coyne and Abigail R Hall detail how military propaganda has targeted Americans since 9 11 From the darkened cinema to the football field to the airport screening line the U S government has purposefully inflated the actual threat of terrorism and the necessity of a proactive military response This biased incomplete and misleading information contributes to a broader culture of fear and militarism that far from keeping Americans safe ultimately threatens the foundations of a free society Applying a political economic approach to the incentives created by a democratic system with a massive national security state Coyne and Hall delve into case studies from the War on Terror to show how propaganda operates in a democracy As they vigilantly watch their carry ons scanned at the airport despite nonexistent threats or absorb glowing representations of the military from films Americans are subject to propaganda that Coyne and Hall argue erodes government by citizen consent Histoires de communication politique Anne-Marie

Gingras,2019-11-28T00:00:00-05:00 Histoires de communication politique est le premier ouvrage en français qui utilise la fois l'analyse sociopolitique et la dimension communicationnelle pour comprendre des événements historiques constitutifs des rapports de pouvoir et ce du XIXe siècle nos jours Les multiples histoires politiques présentées ici traitent de phénomènes comme la recherche de soutien populaire en temps de lecture ou de guerre la persuasion le déséquilibre mondial de l'information le développement des technologies de communication l'intérêt pour les mégadonnées et l'institutionnalisation des pratiques de communication *Free Speech and Censorship* Cari Lee Skogberg Eastman,2022-02-15 This annotated

document collection surveys the history and evolution of laws and attitudes regarding free speech and censorship in the United States with a special emphasis on contemporary events and controversies related to the First Amendment The United States collective understanding of First Amendment freedoms was formed by more than 200 years of tensions between the power of word and the power of the government During that time major laws and legal decisions defined the circumstances and degree to which personal expression could be rightfully expressed and rightfully limited This struggle to define the parameters of free speech continues today Vibrant and passionate debates about First Amendment limitations once inspired by the dissemination of birth control information now address such issues as kneeling during the national anthem removing controversial books from public libraries attempts by the Trump administration to discredit the press and disseminating false or hateful information through social media platforms By exploring diverse examples of censorship victories and triumphs of free expression readers will better understand the enormous impact of First Amendment freedoms on American society

World Politics James J. Marquardt,2016-02-24 At a time when greater transparency is needed this book advances a novel explanation of America's efforts to advance greater transparency in international relations Marquardt argues that American

statesmen have long sought to secure an American dominated international system to encourage states to be more open and forthcoming about their internal affairs Yet the United States routinely uses its calls for military transparency in particular as a policy instrument to discipline its rivals and therefore paradoxically contributes to greater tension in international relations In contrast to conventional thinking about transparency in relation to overcoming power politics and promoting international cooperation this book explores the relationship between America s power and international security competition Though analytically distinct openness and transparency have served the same strategic goal ensuring America s position of preponderance in the international system Access Reports/freedom of Information ,1988 **APAIS 1992: Australian public affairs information service** , *CQ Weekly* ,2006 **The Federal Index** ,1979 **Current Law Index** ,2004 **Covertaction Quarterly** ,1996 **APAIS, Australian Public Affairs Information Service** ,1992 Vol for 1963 includes section Current Australian serials a subject list
