Licensed To Lie Exposing Corruption In The Department Of Justice:

Licensed to Lie Sidney Powell, 2018-11 This true legal thriller debunks everything the media and the government told us about the Department of Justice's destruction and prosecution of the venerable accounting firm Arthur Andersen Merrill Lynch executives who did one business transaction with Enron Alaska Senator Ted Stevens and more The common thread through it all is a cabal of narcissistic federal prosecutors who broke all the rules and rose to great power Still in the news today Robert Mueller's pitbull Andrew Weissmann and other members of Obama's inner circle are wreaking havoc on our Republic This is the book that began exposing the Deep State *The United States Vs. Abbott, Et Al. a Love Story* Greg Abbott, 2022-10-18 A gripping insightful humorous firsthand account on the Varsity Blues College Admissions Scandal as seen through the eyes of a parent From the moment armed federal officers barged into his bedroom at dawn dragging him away in irons without telling him the nature of his crime Greg Abbott recounts his experiences all the way through federal prison Without skirting any wrongdoing Abbott humanizes a case otherwise marked by federal abuse and one dimensional often flagrantly dishonest media portrayals He shares why he paid 125 000 to Rick Singer's Key Worldwide Foundation to support his daughter's standardized test scores how he believed it was a humane one off accommodation for her physical disability a severe form of Lyme disease that robbed his otherwise accomplished daughter of focus The author shares unsettling truths about how lives otherwise blessed even exemplary at times can become cursed by a single false step taken out of love and compassion not crass ambition Such a misstep can incur the government's wrath where none was needed and become endless grist for media and internet mills to satisfy our insatiable appetites for schadenfreude His story in the mere telling exposes the real scandals of Varsity Blues and explains why citizens of all political stripes should be concerned We are merely one side of this multifaceted infamy he writes *The Fall of the FBI* Thomas J. Baker, 2022-12-06 An FBI veteran explains how the Mueller Comey cabal turned the FBI from a swear to tell the truth law enforcement agency to a politicized intelligence organization Americans have lost faith in the Federal Bureau of Investigation an institution they once regarded as the world's greatest law enforcement agency Thomas Baker spent many years with the FBI and is deeply troubled by this loss of faith Specific lapses have come to light and each is thoroughly discussed in this book Why did they happen What changed The answer begins days after the 9 11 attacks when the FBI underwent a significant change in culture To understand how far the Bureau has fallen this book shows the crucial role played by the FBI and its agents in past decades It was quite often as the reader will see from these firsthand experiences a fun filled adventure with exciting skyjackings kidnappings and bank robberies At the same time the reader will see the reverence the Bureau had for the Constitution and the concern agents held for the rights of each American This book is not mere memoir it is history From the shooting of President Reagan and the death of Princess Diana to the TWA 800 crash and even getting marching orders from St Mother Teresa Baker's story shows how the FBI has played a pivotal role in our country's history *Compromised* Seamus

Bruner,2018-08-16 If you ask most Americans what they think about the FBI they would tell you it s far and away the government agency they trust the most The Bureau has for decades sold an image of itself as efficient professional unbiased and untouchable by corruption That portrait is a sham Seamus Bruner and the Government Accountability Institute have spent years cataloging the widespread conflict of interests of the D C political class They have found massive self enrichment and political bias at the highest levels of government including the Justice Department and the FBI Indeed the nation s most important law enforcement agency has become so compromised that every major investigation should face intense scrutiny from the public the media and from Congress James Comey Robert Mueller Andrew McCabe and the rest of the recent FBI leadership should be forced to answer for the way the Bureau has abused the public trust under their watch **Lawfare**

Cristiano Martins,Valeska Martins,Rafael Valim,2021-06-13 This book examines one of the most emblematic cases of lawfare today the criminal prosecution of former Brazilian President Lula The authors argue that lawfare is not just a slogan or a game at the service of any one political ideology Rather it has to do with a complex multifaceted phenomenon that should be carefully reflected upon in modern constitutional democracies given that it is able to demolish majority rule and the rule of law They contend it is the strategic use of the law with the purpose of delegitimizing harming or annihilating an enemy The literature specializing in the subject tends to alternate between analysis of only one aspect of the phenomenon or consists of extensive case studies In order to fill this gap this book revisits the subject and offers a sophisticated theoretical approach to lawfare in an unprecedented combination of theory of war and theory of law The book will be of interest to students researchers and policy makers working in the areas of public law international law procedural law anthropology of law and sociology of law as well as political science and international relations **Killing the Deep State** Jerome R. Corsi.

Ph.D.,2018-02-20 The truth behind how well funded hard left extremists the mainstream media and Obama Clinton holdovers in the government bureaucracy have combined with clandestine forces within the US intelligence apparatus the Deep State to block and undermine Trump s every move At 2 45 a m ET on Nov 8 2016 television networks announced to a stunned nation that Pennsylvania s 20 electoral had gone for Donald Trump making him the president elect of the United States defying all odds in a surreal victory that sent the Deep State into an immediate sense of panic By dawn on Nov 9 2016 the Deep State forces that expected Hillary Clinton to continue the leftist politics of Barack Obama were already planning Donald Trump s demise What emerged from the hard left was a political strategy calculated to block Donald Trump from being inaugurated and if that failed to make sure Donald Trump would not long serve out his term as 45th President of the United States Investigative journalist and conspiracy expert Jerome Corsi goes into shocking detail about how this Deep State or Shadow Government secretly wields power in Washington and why the Deep State is dangerous capable of assassinating Trump if efforts to impeach him or to force him to resign fail Corsi will also define a three point strategy Trump as a political independent opposed both by Democratic Party enemies and GOP establishment must employ to stay in office and have a

chance of a successful first term in office **Conviction Machine** Harvey Silverglate, Sidney Powell, 2020-02-18 In 2009 Harvey A Silverglate a prominent criminal defense and civil liberties lawyer published his landmark critique of the federal criminal justice system *Three Felonies a Day How the Feds Target the Innocent* In 2014 Sidney Powell a former federal prosecutor in three districts under nine United States Attorneys from both political parties and who has been lead counsel in 500 federal appeals published her landmark indictment of the system *Licensed To Lie Exposing Corruption in the Department of Justice* after she witnessed appalling abuses by prosecutors more than a decade after she entered private practice Now these two leading authorities have combined their knowledge experiences and talents to produce a much needed and long awaited blueprint for reforming the way business is conducted within the Department of Justice and in the federal criminal courts Both Powell and Silverglate decided to join forces to write this essential and long awaited book in order to answer the questions and the challenges that each of them has faced over the past several years OK they've been told We understand your criticisms Now how about telling us what has to be done to restore justice to federal criminal justice This collaboration is their response *I'm from the Government and I'm Here to Kill You* David T. Hardy, 2017-10-10 Gallup recently found that 49 percent of Americans believe that the government poses an immediate threat to the rights and freedoms of ordinary citizens *I'm from the Government and I'm Here to Kill You* written by a former federal attorney shows that even the 49 percent have no idea how bad things really are Rights and freedoms are not the only things at stake all too often government imperils the very lives of those it supposedly serves Federal employees have with legal impunity blown up a town and killed six hundred people released staggering amounts of radioactive contamination and lied about the resulting cancer allowed people to die of an easily treated disease in order to study their deaths and run guns to Mexican drug cartels in hopes of expanding agency powers Law enforcement leaders have ordered their subordinates to commit murder Medical administrators have cooked the books and allowed patients to die while raking in plump bonuses Federal prosecutors have sent Americans to prison while concealing evidence that proved their innocence *I'm from the Government* documents how we came to this pass American courts misconstrued and expanded the old legal concept of sovereign immunity the king can do no wrong When Congress attempted to allow suits against the government the legislators used vague language that the courts construed to block most lawsuits The result is a legal system that allows official negligence to escape legal consequences and paradoxically punishes an agency if it tries to secure public safety *I'm from the Government* ends with proposals for legal reforms that will hold the government and its servants accountable when they inflict harm on Americans

Buckley,2017-11-28 Public corruption is the silent killer of our economy We ve spawned the thickest network of patronage and influence ever seen in any country a crony capitalism in which business partners with government and transfers wealth from the poor to the rich This is a betrayal of the Framers vision for America and of the Constitution they saw as an anti corruption covenant Most Americans get it and this explains the otherwise improbable rise of Donald Trump and Bernie Sanders When a country is corrupt legislative efforts to make things better can actually make them worse That s what has happened with our campaign finance laws says the conservative and not entirely without reason We ve criminalized political speech and sent the message that it s unsafe to get involved in politics without a lawyer at one s side Donor disclosure requirements have also unleashed Internet mobs that attack political opponents We d be better off without any of them Buckley argues in this provocative book They re a net with the curious feature that the big fish swim through safely while only the little fish are caught and those with the wrong political beliefs All such rules are a disaster and should be replaced by a different set of laws that focus on crony capitalism and the nexus of legislators and lobbyists that prey on our economy
