collection situates women's writing within and also reframes the field's male defined and male dominated traditions. Its collection of documents demonstrates women's consistent and wide ranging engagement with writing about theatre and performance and offers a more expansive understanding of the forms and locations of such theoretical and critical writing dealing with materials that often lie outside established production and publication venues. This alternative tradition of theatre writing that emerges allows contemporary readers to form new ways of conceptualizing the field bringing to the fore a long neglected vibrant intelligent deeply informed and expanded canon that generates a new era of scholarship learning and artistry. The Routledge Anthology of Women's Theatrical Theory and Dramatic Criticism is an important intervention into the fields of Theatre and Performance Studies, Literary Studies and Cultural History while adding new dimensions to Feminist Gender and Sexuality Studies.

Dis/figuring Sam Shepard Johan Callens, 2007. This illustrated volume covers the career of Sam Shepard, the provocative American playwright, scriptwriter, actor and director through an introductory survey followed by in depth analyses of representative selections from the one acts *Action States of Shock*, experimental collaborations with Joseph Chaikin *Savage Love* and by now classic family plays *Buried Child*, *A Lie of the Mind*. It ranges from Shepard's unpublished adaptation of Marlowe's *Doctor Faustus* through the textual variants and political context of *Operation Sidewinder* to Robert Altman's movie version of *Fool for Love* besides offering brief comparisons with fellow dramatists Albee and Beckett and visual artists Edward Weston, Marsden Hartley. Several performance analyses supplement the textual criticism and provide a sample of European directorial approaches. Together these takes offer a composite picture of an artist whose output over the past forty years has turned him into a figurehead of twentieth century drama studied and produced all over the world with a keen eye for his idiosyncratic and critical view of what it means to be American.

The Late Work of Sam Shepard Shannon Blake Skelton, 2016-04-21. Hailed by critics during the 1980s as the decade's Great American Playwright, Sam Shepard continued to produce work in a wide array of media including short prose, films, plays, performances and screenplays until his death in 2017. Like Samuel Beckett and Tennessee Williams in their autumnal years, Shepard relentlessly pressed the potentialities and possibilities of theatre. This is the first volume to consider Shepard's later work and career in detail and ranges across his work produced since the late 1980s. Shepard's motion picture directorial debut *Far North* (1988) served as the beginning of a new cycle of work. He returned to the stage with the politically engaged *States of Shock* (1991) which resembled neither his earlier plays nor his family cycle. With both *Far North* and *States of Shock*, Shepard signaled a transition into a phase in which he would experiment in form, subject and media for the next two decades. Skelton's comprehensive study includes consideration of his work in films such as *Hamlet* (2000), *Black Hawk Down* (2001), *The Assassination of Jesse James by the Coward Robert Ford* (2007) and *Brothers* (2009), issues of authenticity in the film and screenplay *Don't Come Knocking* (2005) and the play *Kicking a Dead Horse* (2007), of memory and trauma in *Simpatico*, *The Late Henry Moss* and *When the World was Green*, and of masculine and conservative narratives in *States of Shock* and *The God of*

generous with his time and forthcoming on a wide range of topics The selected interviews in *Conversations with Sam Shepard* begin in 1969 when Shepard already a multiple Obie winner was twenty six and end in 2016 eighteen months before his death from complications of ALS at age seventy three In the interim the voice the writer and the man evolved but there are themes that echo throughout these conversations the indelibility of family his respect for stage acting versus what he saw as far easier film acting and the importance of music to his work He also speaks candidly of his youth in California his early days as a playwright in New York City his professionally formative time in London his interests and influences the mythology of the American Dream his own plays and more In *Conversations with Sam Shepard* the playwright reveals himself in his own words

Performing Women Gay Gibson Cima,2018-10-18 Some feminists criticize male playwrights for misrepresenting and thereby victimizing women through patriarchal narratives other feminists applaud selected male playwrights as creators of universal women s roles In this bold and imaginative book Gay Gibson Cima delineates previously unacknowledged complexities in the relationship between male playwrights and female characters in the modern theatre That relationship has been misinterpreted she maintains because the contributions of female actors and the variations in their actual performance conditions and styles are too often ignored Taking into account hypothetical as well as historical performances of works by representative male playwrights from Ibsen to Beckett Cima sheds important new light on the acting styles invented by women to create female characters on stage Changes in performance style Cima observes may alter conventional modes of viewing and disrupt behavioral codes generated by a patriarchal cultural system *Performing Women* is essential reading for theatre critics and historians feminist theorists theatre professionals and amateurs and others interested in film and the stage
