Impeachment Trial Committee on the Articles against Judge Walter L. Nixon, Jr, 1989 **The End of Desegregation?** Stephen J. Caldas, Carl Leon Bankston, 2003 After over half a century of court directed efforts to redress the historical educational chasm between blacks and whites in the United States both the past achievements and the future direction of school desegregation are uncertain Too often the early gains made in racially desegregating America s schools seem to have been halted and in many cases reversed Urban school decay is once again on the rise with predictable consequences For the very poorest minority students who have limited educational options apart from dangerous deteriorating neighbourhood schools drop out rates are high standardised test scores are abysmally low and violence is an everyday fact of life The gulf between the unskilled marginalised students being warehoused in these predominantly poor minority schools on the one hand and the increasingly high tech society they cannot compete in on the other is growing This ground breaking book presents the viewpoints and research of some of the most prominent scholars in the field of school desegregation It covers virtually the entire spectrum of thinking and scholarship on school desegregation and its promise success necessity pitfalls and failures **The Seven Vices** Guglielmo Ferrero, Arthur Livingston, Elisabeth Abbott, 1929 **Report of the Senate Impeachment Trial Committee on the Articles Against Judge Walter L. Miscellaneous Documents United States. Congress. House,1871 *Judicial Impeachment* Mary L. Volcansek,1993 Impeachment by the House and conviction by the Senate are the sole means of removing presidents and other federal officials from office The congressional power to do so had been used sparingly until the early 1980s when three federal judges were removed by the Senate in almost as many years Through extensive use of original transcripts Mary Volcansek analyzes the criminal and congressional proceedings that led to the Senate s conviction and removal of U S Judges Harry Claiborne Nevada Walter Nixon Mississippi and Alcee Hastings Florida Claiborne and Nixon both had already been convicted of felonies yet they demanded impeachment and trial rather than resign their judicial appointments They and Hastings

portrayed themselves as victims of vendettas claims that altered little when the Senate considered their cases Volcansek explores various political and legal explanations for the rise in impeachments among them the Judicial Conduct Act of 1980 the Public Integrity Office of the U S Department of Justice partisanship and ideology and judicial corruption She also shows how the cases of Claiborne Hastings and Nixon are more than studies in judicial misconduct the events leading to their Senate convictions she is convinced allow evaluation of how law enforcement the Judicial Conduct Act impeachment and politics fit together Finally she considers the impeachments in the context of the competing ideals of judicial accountability and independence suggesting that a type of special counsel be used to investigate alleged judicial misbehavior as a means of stemming misconduct while insulating the judiciary from executive or partisan interference The Texas Court Reporter, 1903
