Life Goes On The Dawn Of A New Eden Book 4:

The Prophetic Call to Love and Justice Arnold H. De Graaff, 2025-06-20 Scripture's compelling message of love and justice is powerfully relevant for today. The implications of the Amsterdam way of interpreting Scripture are evident throughout the book. It is both a personal and timely way of speaking to our disintegrating society. The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re-connecting with the Bible. As one of the founders of the Amsterdam way of interpretation, Karel Deurloo stated, "The opportunity to learn anew and understand the language of the Bible has been taken away. Often the focus is on the assumed origin and history of a text, a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches. Instead, Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today. This alternative is rooted in the Hebrew Scriptures. Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters. Hence the choice of subtitle: Rediscovering the Old Testament. It is a joyful journey of discovery finding new meaning in the Bible for our lives." LIFE, 1959-12-28. LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. Can science, psychology, and biology explain miracles? This three-volume set attempts to answer that question, presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology, psychiatry, theology, biology, and history. We have all heard of what seem miraculous events which have surfaced across history. They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted, from people who can predict unexpected events to so-called mediums and those who can allegedly see and speak with the dead. These books, led by an eminent scholar who serves as series editor for the Praeger series *Psychology, Religion, and Spirituality*, examine miracles of body, mind, and spirit, presenting the most recent research and writing on these uncommon events, aiming to bring hard science to some of the most persistent and peculiar phenomena.
