

Life In A Medieval Castle Gatekeeper

Alfonso J. García-Osuna

Life In A Medieval Castle Gatekeeper:

Life in a Medieval Castle Tony McAleavy, 1998-01-01 Another one of Tony McAleavy's lively reconstructions of life in days gone by. Aimed at the younger end of the market, this and his other books *Life in a Medieval Abbey* and *Picturing the Past* bring the past to life through colourful illustrations and readable text concentrating on the things children really want to know: cruelty, bloodshed, feasting and merry making to name a few. **Man's Guide to a Fulfilling Marriage and Family**

Life Conrad Riker, *Trapped in a Marriage War* Unleash Your Leadership Now Got a wife who attacks you instead of respecting you? Is she abusive, defiant and utterly dismissive of your role? Are you exhausted by gossip, cruelty and zero civility? Feel like a slave on feminism's plantation? Stop abuse dead using battle-tested strategies. Apply biblical truths to command respect instantly. Crush defiance with evolutionary science facts. Laugh at woke lies while reclaiming power. End covert attacks and toxic gossip for good. Lead like an alpha: no apologies, no weakness. Escape gynocratic oppression permanently. Transform marriage chaos into godly order. If you want to dominate your home and end her rebellion, buy this book today.

Bookseller, 1998 **History Today**, 1998 *Medieval Castles of England and Wales* Bernard Lowry, 2017-05-18 Designed to dominate the surrounding area to house powerful garrisons, offer sumptuous quarters for local nobility and to discourage and repel enemy attacks, castles dominated England and Wales for more than half a millennium. Though some were built before 1066, the Norman Conquest left a lasting legacy in the form of fortifications ranging from small earthworks now barely discernible to mighty and dominating stone fortresses. This book examines why castles were so essential to medieval warfare, their importance in domestic politics and the day-to-day lives of those who lived and worked within them. It also shows how the development of new technologies affected their construction and design and why they eventually fell into disrepair in the late Middle Ages. Beautifully illustrated with stunning photographs, this is the perfect guide for any castle enthusiast seeking to discover more about medieval fortifications and their inhabitants. *Shaping Courtliness in Medieval France* Daniel E. O'Sullivan, Laurie Shepard, 2013 The question of what medieval courtliness was, both as a literary influence and as a historical reality, is debated in this volume. The concept of courtliness forms the theme of this collection of essays. Focused on works written in the Francophone world between the twelfth and fifteenth centuries, they examine courtliness as both an historical privilege and a literary ideal and as a concept that operated on and was informed by complex social and economic realities. Several essays reveal how courtliness is subject to satire or is the subject of exhortation in works intended for noblemen and women, not to mention ambitious bourgeois. Others, more strictly literary in their focus, explore the witty, thoughtful and innovative responses of writers engaged in the conscious process of elevating the new vernacular culture through the articulation of its complexities and contradictions. The volume as a whole, uniting philosophical, theoretical, philological and cultural approaches, demonstrates that medieval courtliness is an ideal that fascinates us to this day. It is thus a fitting tribute to the scholarship of Matilda Tomaryn Bruckner in its exploration of the profound and wide-ranging ideas.

Castles in Medieval Society Charles Coulson, 2004 In this challenging new book Charles Coulson overturns many of the traditional assumptions about the nature and purpose of castle building in the middle ages He demolishes the traditional belief that castles were overwhelmingly military in their function showing how this was simply one aspect of a more complicated whole He sets out to recreate the medieval understanding of castles as symbolically fortified places of all kinds from ancient walled post Roman towns and prestigious religious enclaves to transitory campaign forts Going back to the original sources Dr Coulson proposes a new and more subtle understanding of the function and symbolism of castles as well as vivid insights into the lives of the people who inhabited them Fortresses were only occasionally caught up in war but constantly were central to the ordinary life of all classes of the nobility and gentry of widows and heiresses of prelates and clergy of peasantry and townspeople alike *Castles in Medieval Society* presents and explores this broad social panorama

Parish Church Treasures John Goodall, 2015-10-08 An enthralling guide to the largely unrecognised treasures of England's remarkable Parish Churches the supreme treasury of English vernacular art and memory Our parish churches constitute a living patrimony without precise European parallel Their cultural riches are astonishing not only for their quality and quantity but also their diversity and interest Fine art and architecture here combine unpredictably with the functional the curious and the naive from prehistory to the present day to form an unsung national museum which presents its contents in an everyday setting without curators or formal displays Because church treasures usually remain in the buildings they were created for properly interpreted they tell from thousands of local perspectives the history of the nation its people and their changing religious observance John Goodall's weekly series in *Country Life* has celebrated particular objects in or around churches that are of outstanding artistic social or historical importance to underline both the intrinsic interest of parish churches and the insights that they and their contents offer into English history of every period *Parish Church Treasures* incorporates and significantly expands this material to tell afresh the remarkable history of the parish church It celebrates the special character of churches as places to visit whilst providing an authoritative and up to date history at a time when the use and upkeep of these buildings and the care of their contents is highly contentious

An Inventory of the Ancient Monuments in Glamorgan: Volume III: Medieval secular monuments. The early castles - from the Norman Conquest to 1217 Royal Commission on the Ancient and Historical Monuments of Wales, 1991 Fifty seven castles founded in Glamorgan by 1217 are here described These include mottes castle ringworks and presumed Welsh earthworks all without masonry as well as sixteen masonry castles ranging from well known

sites at Cardiff Coity and Ogmere to the Welsh stone castle now identified at Plas Baglan Later defensive monuments will be described in part lb Glamorgan castles occur in unrivalled density their study enriched by an exceptional range of works on local history and records County borders embrace the lordships of Gower and Glamorgan Most castles lie in the fertile lowlands where Norman rule was imposed Welsh independence endured in the uplands until the mid 13th century conquests of the Clare lords When they inherited Glamorgan in 1217 Norman rule had survived unbroken in the lowlands from the late 11th century if not in Gower Profusely illustrated descriptions incorporate comprehensive historical accounts The Introductory Survey and Sectional Preambles discuss the evidence illustrated by maps and diagrams Significant conclusions emerge William the Conqueror founded Cardiff in 1081 Glacial drift provides a determinant for the segregation of mottes and castle ringworks Roman roads forts and river crossings influenced Norman settlement Early Masonry Castles rare in Wales were numerous in Glamorgan Castle of the lords of Glamorgan are of particular interest especially Newcastle which might be attributed to Henry II These lords included King John 1189 1216 and leading magnates of the realm Rufus's favourite Robert Fitzhamon 1093 1107 Robert earl of Gloucester base son of Henry I 1134 1147 and later the great Clare earls 1217 1314 and Edward II's favourite Hugh Despenser 1317 26 Content Map of sites treated in this Part la of Volume III Chairman's Preface Report with a List of Monuments selected by the Commissioners as most worthy of preservation List of Commissioners and Staff Authorship and Compilation Presentation of Material Introductory Survey I The Division of the material Parts la and lb Explained II The Geographical Background III The Historical Background 1072 1217 IV The Early Castles Discussed Inventory of the Early Castles Section MO Mottes without Masonry Section CR Castle Ringworks without Masonry Section UW Unclassified probably Welsh Castles Section VE Vanished Early Castles Section MM Masonry Castles Built Over Mottes Section MR Masonry Castles built over Castle ringworks Section EM Early Masonry Castles Abbreviated Titles of References Map and List of Ecclesiastical Parishes with incidence of Monuments Map and List of Civil Parishes with incidence of Monuments Index of National Grid References for sites treated in Part la Glossary General Glossary Welsh Terms and Place name Elements List of Figures including maps and photographs General Index Alphabetical List of sites treated in Part 1 b of Volume III Map of sites treated in Part lb of Volume III

The Atlantic as Mythical Space: An Essay on Medieval Ethnography

Alfonso J. García-Osuna, 2023-05-23 The Atlantic as Mythical Space is a study of medieval culture and its concomitant myths legends and fantastic narratives as it developed along the European Atlantic seaboard It is an inclusive study that touches upon early medieval Ireland the pre Hispanic Canary Islands the Iberian Peninsula courtly love France and the pagan and early Christian British Isles The obvious and consequential ligature that runs throughout the different sections of this text is the Atlantic Ocean a bewildering expanse of mythical substance that for centuries fueled the imagination of ocean side peoples It analyzes how and why myths with the Atlantic as preferential stage are especially relevant in pagan and early Christian western Europe It further examines how prescientific societies fashioned an alternate cosmos in the Atlantic where

events beings and places existed in harmony with communal mental structures It explores why in that contrived geography these societies angels and monsters were able to materialize with wonderful profusion it further analyzes how the ocean became a place where human beings ventured forth searching for explanations for what is essentially unknowable the origins of the universe and the reason for our existence in it *Growing Big Dreams* Robert Moss,2020-09-29 LEARN TO MANIFEST YOUR HEART S DESIRES *Growing Big Dreams* is a passionate yet practical call to step through the gates of dreams and imagination to weather tough times embark on travel adventures without leaving home and grow a vision of a life so rich and strong it wants to take root in the world Vitally relevant today more than ever dreams are a tool available to all Robert Moss is a cartographer of inner space equally at home in Jung s psychology and shamanic journeying The compelling stories playful activities and wild games he provides are designed to lead you to manifest a life of creative joy and abundance You ll learn to connect with your inner imagineer and become scriptwriter director and star of your own life movies choosing your preferred genre and stepping into a bigger and braver story Great artists mystics and shamans know that there are places of the imagination that are entirely real Moss shows you how to get there **The Marlborough Mound** Richard Barber,2022 The Marlborough Mound has recently been recognised as one of the most important monuments in the group around Stonehenge It was also a medieval castle and a feature in a major 17th century garden This is the first comprehensive history of this extraordinary site Marlborough Mound standing among the buildings of Marlborough College has attracted little attention until recently Records showed it to be the motte of a Norman castle of which there were no visible remains The local historians and archaeologists who had investigated it had found very little in the way of archaeological evidence beyond a few prehistoric antler picks the odd Roman coin and a scatter of medieval pottery It was to be archaeology which provided the most dramatic discovery after the Mound Trust began to restore the mound in 2003 English Heritage were investigating Silbury Hill and arranged to take cores from the Mound for dating purposes The results were remarkable as they showed that the Mound was almost a twin of Silbury Hill and therefore belonged to the extraordinary assembly of prehistoric monuments centred on Stonehenge For the medieval period this book brings together for the rst time all that we know about the castle from the royal records and from chronicles These show that it was for a time one of the major royal castles in the land Most of the English kings from William I to Edward III spent time here For Henry III and his queen Eleanor of Provence it was their favourite castle after Windsor It marks the end of the rst stage of the work of the Mound Trust which following the restoration turns to its second objective of promoting public knowledge of the Mound based on scholarly research As to its nal form as a garden mound next to the house of the dukes of Somerset in the eighteenth century this emerges from letters and even poems and from the recent restoration Much of this has been slow and painstaking work however involving the removal of the trees which endangered the structure of the Mound the recutting of the spiral path and the careful replanting of the whole area with suitable vegetation By doing this the shape of the Mound as a garden feature

has re emerged and can now be seen clearly This book marks the end of the rst stage of the work of the Mound Trust which following the restoration turns to its second objective of promoting public knowledge of the Mound based on scholarly research

Hurt Help Hope Clarissa Moll,Fiona Moll,2024-10-08 This book makes it so easy to find useful realistic and sensible answers to the most common questions teens have about grief Sam Hodges IV President of GriefShare Hurt Help Hope is a sensitive grief guide written for teens by a grieving teen and her mother Together they offer support advice and understanding for navigating life after loss After the death of a loved one anyone can be caught up in a whirlwind of emotions and unanswered questions Hurt Help Hope divides lists of relatable questions into five categories covering topics like the logistics of funerals how your body copes with grief how it affects your faith in God how to manage feelings and more Features Credibility and vulnerability of the authors The authors aren t writing about grief from a theoretical or clinical place they are walking through it themselves Their deeply genuine and empathetic words will comfort readers like a friend Written by a teen and her mom for grieving teens Fiona shares her experience grieving the death of her father as a teenager Clarissa shares insights from her family s life as they learned to live without their dad Question and answer format Each chapter is made up of questions teens may have as they experience grief The authors don t write in a clinical or theoretical way but in a conversational tone sharing what they ve learned like an encouraging friend Grounded in Jesus There are encouraging truths about our hope in Jesus and how our theology as Christians can be a great comfort in the face of death An excellent balance of theology and helpful practical advice Practical advice This book is brimming with practical day to day suggestions of how to handle grief These include a list of tips to promote better sleep what to do when you re experiencing anger confusion or even numbness what to expect at funerals a list of insensitive things people might say in the face of loss ideas about how to respond to comments like those and many more Engaging quizzes charts and graphs help to processes fears feelings and all the hard things

Popular protest in late-medieval Europe Samuel Kline Cohn Jr,2013-01-01 The documents in this stimulating volume span from 1245 to 1424 but focus on the contagion of rebellion from 1355 to 1382 that followed in the wake of the plague They comprise a diversity of sources and cover a variety of forms of popular protest in different social political and economic settings Their authors range across a wide political and intellectual horizon and include revolutionaries the artistocracy merchants and representatives from the church They tell gripping and often gruesome stories of personal and collective violence anguish anger terror bravery and foolishness Of over 200 documents presented here most have been translated into English for the first time providing students and scholars with a new opportunity to compare social movements across Europe over two centuries allowing a re evaluation of pre industrial revolts the Black Death and its consequences for political culture and action This book will be essential reading for those seeking to better understand popular attitudes and protest in medieval Europe

The School Librarian ,1999 **A Stranger in Paradise** Julie Chimes,2011-08-01 The remarkable memoir of healing and forgiveness from Julie Chimes who survived a horrific

stabbing on her own driveway In 1986 Julie Chimes allowed an emotionally distressed acquaintance to wait in her cottage for Julie's doctor boyfriend to return Before he could the woman who was suffering from paranoid schizophrenia and unknown to all had stopped taking her medication attacked Julie with a carving knife This book describes what happened in detail and the long period of healing and coming to terms with the attack that followed Julie tells of her out of body experiences during the crisis as well as the dreams and premonitions leading up to it She describes what it feels like to die and then unforeseeably to live to tell the tale But most remarkably of all she tells of her hardest journey learning to forgive King Arthur in the Medieval Low Countries Geert H. M. Claassens, David Frame Johnson, 2000 The Arthurian myth is one of the most fundamental and abiding ones of Western culture The legend of King Arthur and his knights was no less popular in the medieval Low Countries than it was anywhere else in medieval Europe It gave rise to a varied corpus of Middle Dutch Arthurian verse romances most of which are contained in a single manuscript the so called Lancelot Compilation of MS The Hague KB 129 A10 This manuscript of the early fourteenth century contains a cycle of verse narratives that rivals in its scope and thematic concerns the better known Old French Vulgate Cycle of Arthurian tales and Sir Thomas Malory's Morte D Arthur This volume contains new critical work on these and other Middle Dutch Arthurian romances twelve studies by eleven established scholars in the field of Arthurian literature In addition to this new scholarship the volume is provided with an extensive introduction to the Arthurian literature of the medieval Low Countries as well as summaries of all the extant Middle Dutch Arthurian texts As such it should prove of interest to Arthurian specialists and enthusiasts alike many of whom will discover a new body of Arthurian tales at once both familiar and new in a heretofore relatively neglected area of Arthurian studies The Problem with Grace Vincent Lloyd, 2011-04-04 The Problem with Grace develops a post secular post sectarian political theology and shows how a series of religious concepts such as love faith liturgy and revelation can be constructively used today in both political theory and political practice Treatment Advances Cassian Pereira, AI, 2025-03-19 Treatment Advances offers a vital overview of the rapidly evolving landscape of infectious disease treatment It emphasizes the importance of understanding novel antiviral medications and monoclonal antibody therapies that are crucial in combating severe infections One intriguing aspect of the book is its exploration of how these treatments work at a mechanistic level giving readers insight into the science behind medical advances Another is the critical assessment of treatment accessibility highlighting the challenges patients face in obtaining these life saving interventions despite their availability The book takes a structured approach guiding readers from the fundamental principles of antiviral and antibody therapies to their clinical applications It also delves into the ethical and economic considerations surrounding treatment accessibility addressing issues such as manufacturing limitations distribution bottlenecks and cost barriers By synthesizing a wealth of information into a coherent narrative Treatment Advances aims to empower healthcare professionals and the public to make informed decisions focusing on pharmacological interventions while acknowledging the importance of virology

immunology and pharmacology in understanding infectious diseases The later chapters address real world applications and future directions equipping readers with a comprehensive understanding of not only current treatments but also emerging therapies This progression ensures that readers gain a holistic perspective making the book a valuable resource for anyone seeking to navigate the complexities of infectious disease treatment and healthcare access

Semiotic Evolution and the Dynamics of Culture Marcel Bax,Barend van Heusden,Wolfgang Wildgen,2004 This book is about patterns of development in the history of culture Bringing together three areas of research semiotics cultural history and evolutionary psychology it attempts to bridge the gap that still separates the study of culture from the cognitive sciences The multidisciplinary approach chosen by the contributors derives its impetus from the deep conviction that in order to understand the logic of cultural development one must take the building blocks of culture that is signs and language as a starting point for research Central issues related to patterns of cultural evolution are dealt with in contributions on the development of mind and culture the history of the media the diversity of sign systems culture and code and the dynamics of semiosis Theoretically oriented contributions alternate with in depth case studies on such diverging topics as the evolution of language and art in prehistory ritual as the fountainhead of indirect communication developments in renaissance painting the evolution of classification systems in chemistry changing attitudes toward animal consciousness and developments in computer technology
