Life Lessons Brian E. Bartes, 2011-06-09 *How to Learn Life's Lessons and Become Life's Favorite* , **Life's Lessons from MOM** Patrick Flaherty, 2005-05 Author Patrick Flaherty and his brothers honor their mother by sharing stories and life lessons learned from her during their childhood Doris Flaherty was typical of the millions of moms raising families in the 1950 s 60 s and 70 s Much of what these moms did on a daily basis for teaching and disciplining their children can easily be used by today s mothers Many stories are humorous anecdotes of how common situations were handled through the wisdom of motherhood **Life's Lessons from a Father to His Daughter** Bob Grossmann, 2003-05-21 Life s Lessons from a Father to his Daughter uses twenty four stories pictures and artwork to help teach our children life s lessons with the aim of helping our children learn to make good decision making skills Decision making skills are often not well taught or integrated into a strong sense of personal philosophy Human nature can be impulsive The use of stories real life or metaphors to pass on life lessons from one generation to another is at the core of our oral and written traditions Parents can help to pass on this information as a creative way to install core values help reduce the chance of mishap and enhance lifelong success Part of the challenge is establishing a dialogue that allows worldviews to be discussed both the commonalties and the differences Perhaps part of the failure to achieve a sustained dialogue is that we as parents wait too long to start the dialogue Part of the challenge too is that the lessons have different levels of meaning as we age So Life s Lessons from a Father to his Daughter was written to have meaning at the different stages of life in one s mid teens mid twenties and again in mid life Value exists in the stories being real Non fiction can carry more weight Children need to learn early that their parents continue to go through what they are experiencing We too make mistakes that we try and fail and we are both individuals and members of larger communities All the increasing access to information may not make decision making easier Greater discrimination and better choices will be essential So read the vignettes with your children and see where the discussion goes Be sure to have a few good laughs along the way Life s Lessons from a Father to his Daughter is a tool to help parents communicate with their children by providing a context for parents to add their own personal stories **Garden Whispers: Cultivating Life's Lessons Through the Matriarch's Green Thumb** Lizzie Simmons, Embark on a journey of growth and beauty with Garden Whispers Cultivating Life s Lessons Through the Matriarch s Green Thumb This book is a heartfelt ode to the green thumbed matriarchs the nurturing souls who find solace and joy in cultivating life in their gardens Filled with practical tips expert advice on plant care and inspiring stories of the rewards of tending to a garden this book will become your go to companion on your gardening adventures Within the pages of this book you will discover a treasure trove of knowledge on everything from soil health to pest control from choosing the right plants for your climate to creating stunning flower arrangements With easy to follow instructions and insightful anecdotes you will learn how to create a flourishing garden that reflects your unique spirit and creativity As you delve deeper into the world of gardening through this guide you will find yourself
