Apprentices' Library, 1888 *A Forgotten Landscape: How A Place Called Crockett's Corner Became The Maine Mall* M.M. Drymon PhD, 2015-10-25 A place called Crockett s Corner began as a seventeenth century colonial settlement that grew into a stable and sustainable nineteenth century American agrarian landscape During the twentieth century in a rapid but staged process the landscape was changed into an edge city These changes were the direct result especially after 1938 of prevailing public policies which acted to constrain some land uses while supporting others Landscape change has had unintended consequences including local social network destruction historic building demolition and unmitigated air and non point source water pollution Raising awareness of the deep history of this place may help empower advocates for historic preservation open space environmental protection and more sustainable land use practices in the future Catalogue of the Free Public Library, Sydney, 1876. Reference Department Free Public Library (Sydney, N.S.W.), New South Wales. Library, 1878 **The Bookseller, Newsdealer and Stationer** , 1904 **Reinventing King Arthur** Inga Bryden, 2016-12-05 In her systematic reassessment of the remaking of the Arthurian past in nineteenth century British fiction and non fiction Inga Bryden examines the Victorian Arthurian revival as a cultural phenomenon offering insights into the relationship between social cultural religious and ethnographic debates of the period and a wide range of texts Throughout she adopts an intertextual and historical perspective informed by poststructuralist thinking to reveal nineteenth century attitudes towards the past Starting with a review of the historical evidence available to Victorian writers and an examination of how historians of the time represented Arthur the author connects Victorian accounts of Arthur s quest to contemporary scientific and historical searches for origins and knowledge and to his appropriation by competing religious movements She

shows how writers explored the dynamics of heroism by recruiting Arthur and his knights to define codes of chivalric service and to personify the psychological complexities of love Finally the legend of his death and transportation to Avalon is deconstructed and placed in the context of cultural attitudes towards commemorating the dead and theological debates about the afterlife Inga Bryden engages not only with well known Arthurian texts by Tennyson Swinburne Morris and Rossetti but with lesser known works by Bulwer Lytton Robert Stephen Hawker Sebastian Evans Diana Maria Mulock Christiana Douglas and Joseph Shorthouse Nineteenth Century Readers' Guide to Periodical Literature, 1890-1899 Helen Grant Cushing, Adah Vivian Morris, 1944
