Law, 2024-09-10 Tracing the narratives of five incarcerated individuals Sentenced to COVID speaks to the devastating impact of surviving the pandemic inside prison walls Corridors of Contagion brings to light the experiences of five people incarcerated across the United States as they navigate the onset of the pandemic and the many months stretched into years that followed Journalist Victoria Law combines this storytelling with a trenchant analysis of the structural failures of the US carceral system failures that made prisons uniquely vulnerable to COVID 19 outbreaks from overcrowding to solitary confinement from insufficient healthcare to life sentences The book portrays the horrors of continual lockdowns not in the comfort of one s own home but in prisons where routine violence and chaos is made even more unimaginable by the complete lack of control over protection from a terrifying and lethal new virus The pandemic provided an opportunity for lawmakers and policy makers to rethink the nation s addiction to perpetual punishment Instead US jails and prisons doubled down on punishment under the guise of pandemic protections As a result people behind bars experienced increased stress mental health challenges increased violence and higher rates of deaths many of which could have been prevented While the pandemic emergency has been declared over we are continuing to learn more about the extent of its destruction Corridors of Contagion reminds readers about both the particular horrors experienced by people in cages and the continued role of the US as the world s prison nation **Sexual Assault in the U.S. Military** Rosemarie Skaine, 2015-12-01 This book provides

Muslim Fashion Reina Lewis, 2015-10-15 In the shops of London s Oxford Street girls wear patterned scarves over their hair as they cluster around makeup counters Alongside them hip twenty somethings style their head wraps in high black topknots to match their black boot cut trousers Participating in the world of popular mainstream fashion often thought to be the domain of the West these young Muslim women are part of an emergent cross faith transnational youth subculture of modest fashion In treating hijab and other forms of modest clothing as fashion Reina Lewis counters the overuse of images of veiled women as evidence in the prevalent suggestion that Muslims and Islam are incompatible with Western modernity Muslim Fashion contextualizes modest wardrobe styling within Islamic and global consumer cultures interviewing key players including designers bloggers shoppers store clerks and shop owners Focusing on Britain North America and Turkey Lewis provides insights into the ways

young Muslim women use multiple fashion systems to negotiate religion identity and ethnicity *Student Diversity at the Big Three* Marcia Graham Synnott, 2013 Strengthening affirmative action programs and fighting discrimination present challenges to America's best private and public universities U S college enrollments swelled from 2.6 million students in 1955 to 17.5 million by 2005 the figure included millions of older students Ivy League universities specifically Harvard Yale and Princeton face significant challenges in maintaining their professed goal to educate a reasonable number of students from all the ethnic racial religious and socio economic groups while maintaining the loyalty of their alumni College admissions officers in these elite universities have the daunting task of selecting a balanced student body Added to their challenges the economic recession of 2008-2009 negatively impacted potential applicants from lower income families Evidence suggests that high Standard Aptitude Test scores are correlated with a family's socioeconomic status Thus the problem of selecting the best students from an ever increasing pool of applicants may render standardized admissions tests a less desirable selection mechanism The next admissions battles may be whether well endowed universities should commit themselves to a form of class based affirmative action in order to balance the socioeconomic advantages of well to do families Such a policy would improve prospects for students who may have dreams aspirations and ambitions for a type of education that is beyond their reach without preferential treatment As in past decades admissions policies may remain a question of balances and preferences Nevertheless the elite universities are handling admission decisions with determination and far less prejudice than in earlier eras **The Army Lawyer** , 2014-04 Social and Personality Development Michael E.
