The Fulfilling Workplace Ronald J. Burke, 2016-03-09 It is very easy for organizations to ignore or overlook the impact of social and commercial change of increased pressure to deliver profit above all else and of transformation in the ways in which we are now working on the mental health and consequently the performance of their employees And yet there is plenty of evidence that in many workplaces performance is down stress is up and professional employees are struggling to balance their home and work lives This collection while looking at individuals places the spotlight on organizational initiatives to support the development of attitudes values character and behaviors in employees The aim of these initiatives is to increase our resilience to those experiences and events which impact on performance There is a particular focus on managerial and professional jobs where employee discretion and commitment are critical *The Fulfilling Workplace* extends the themes developed in early titles in the *Psychological and Behavioral Aspects of Risk Series* deeper into organizations to explore the organization's role in coming to grips both with human frailties and toxic workplaces both destructive to individual and organizational health

difficult to form a marriage between their coaching and a Christian lifestyle This book intends to meld the two together providing clear effective teacher education and biblical advice to Christian coaches The book also provides selected scriptures from God s Word Can a Christian coach really make a difference How can one Christian coach save the world of sport Well first there is more than one Christian coach out there Second if there was only one Christian coach willing to go to battle with Christ they would fight and win One coach plus Jesus equals a majority Recall that it appeared as though David didn t stand a chance when he went to fight Goliath David was not alone David knew that God would be with him Was he afraid Maybe but his faith in God was greater than his fear Hopefully this book motivates coaches to allow their faith in Christ to shine through their coaching style and behavior
