made one real human connection as a gay man That moment happened in Nazi captivity and the wolf he escaped with was a Soviet soldier They had a taste of what love might mean but in 1944 personal happiness had to come second to survival Now seventy years later when he feels the presence of Nikolai somehow close and needing him after all that time no one not gay Alpha Aaron of the Minneapolis West pack or rising political threats or even top Alpha Rick Brown himself will stop him Rory s going to answer the appeal he s waited a lifetime for Some bonds can t be denied Unacceptable Risk Kaje Harper,2021-01-30 For a hidden shifter falling in love with a man may be the death of them both Simon Conley knows about being an outcast Born into a secret werewolf pack he s the lone gay wolf an outsider even among his packmates The top wolves consider him a perversion a failure and a security risk To survive in the human world werewolves rely on absolute secrecy and any breaches of their code are dealt with swiftly and violently So when Simon falls in love with Paul a human man even his Alpha s grudging tolerance won t protect him He must keep Paul from discovering the truth about him and the secrets the pack jealously guards or it s not just their love that ll end up dead re released 2021 with light editing and the 1 1 short story included **Some Assembly Required** Lynn Kiele Bonasia,2008-07-01 Thirty nine year old Rose is content with her safe life both her job writing manuals for appliances and her long term boyfriend are reasonably satisfying But when Mr Almost Right betrays her Rose decides there has to be more to it than writing succinct descriptions about how to use the timer on a Pause n Serve coffeemaker Lured by the therapeutic promise of Cape Cod s sand salt and waves Rose abandons her careful past and leaves the city far behind Rose wants only to heal her broken heart But with the help of a few eccentric neighbors a fulfilling new job as the world s oldest cub reporter and a compellingly odd new man she comes to realize that her past is the furthest thing from her mind and she may just have stumbled upon her future happiness Some Assembly Required: 53 Illustrated Sermons Chris Bowen,2004-11-25 Illustrated Sermons for use by ministers to aid in preparation of sermons **Some Assembly Required** Richard Lazaroff MD,2018-02-01 The parenting journey can be a life changing experience and when going somewhere new guidelines are often helpful In Some Assembly Required author Dr Richard Lazaroff offers a pediatricians advice for parents attempting to raise successful and emotionally healthy children by making intentional choices starting in infancy and continuing through adolescence A reflection of Dr Lazaroffs personal experiences and opinions from his thirty five years working as a pediatrician Some Assembly Required offers savvy and specific parenting advice on topics not always discussed in books Most topic sections begin with actual patient encounters or stories about the authors own children to better illustrate the points under discussion Lazaroffs goal is for parents to understand themselves and be intentional in their parenting choices With a list of online and print resources included Dr Lazaroff shares his personal and professional experiences and lessons learned with humor guidance and wisdom about what often lies just beneath the everyday challenges of parenthood God Bless the Crimson Tide Ed McMinn,2007-08-17 Nothing in America is more exciting than college sports And God Bless the Crimson Tide is the ideal book for the faith filled and faithful Alabama sports

Life's Little Lessons: With some not so little James Smith,2021-07-20 Life is not performed in a vacuum The individuals you interact with all around you plus the social and physical environments you live in all impact who you are now and who you will become in the future While these collectively are all unique influences in your personal development it turns out these factors are only part of a set of what I refer to as lessons that everyone is exposed to and allowed to integrate into their personality at their choosing Together they essentially become the building blocks of your existence and help to determine how well you will and can participate in your ever changing social and physical environments These lessons are among a common set where each will be experienced by the majority of us in a different randomized order further individualizing each of us since no two individuals experience the same things in the same ways at the same times Fortunately it is in this myriad of possible experiential events and our interpretations that help create the depth of our personality and social presence and as such collectively for the overall population the enhancement and continued survival of our species It is in the responses and reactions created through our experienced stories where we learn to understand who we really are and how best we are to live and work in the complex and interwoven environments that we exist in This book consists of a series of short stories lessons that impacted my life and the lives of the many others that came in contact with or participated in these stories It is hoped that reading this book will help the reader realize the importance of these lessons and how attention to their details in your own life will enhance and encourage your continued development This book contains a chronological set of lessons experienced personally that represent my development into maturity These lessons start with my earliest memories and conclude with some that initiated the development of my professional career While this book is not a complete list of those experiences it does contain several that were prominent in my development where each has an associated story that helps to frame the lesson learned These lessons at a minimum will hopefully create smiles and possibly stimulate some recognized memories of similar events in your own life Life's a Joke Dr. J. T. Dock Houk,2015-12-17 Sometimes life hands you lemons In this collection of jokes autobiography and personal philosophy author and businessman Dr J T Dock Houk makes an ocean of lemonade Life s a Joke compiles four books It s All About Me My Life with a Girl Kids and Pets and Life Around Us recounting 1 162 jokes funny anecdotes and descriptions of Sunday morning comics clippings of which Dock has been collecting for an incredible amount of decades As the author writes What I mean to convey by saying life is a joke is that humor has helped me over some of the rough spots by showing me a side of life that either explains what I am feeling or gives me a glimpse of something I also see Humor whose visual expression is often a joke

makes me smile or even laugh out loud And sometimes if you don't laugh you might cry So crack open Life's a Joke and crack a smile You might learn a little wisdom but if not at least you'll get a laugh Husband: Some Assembly Required Marie Ferrarella, 2012-07-16 It Takes a Very Special Man to Win That Special Woman A silver tongue A killer smile Spectacular muscles Handsome Murphy Pendleton had all the right parts to make any number of women swoon But injured in an act of heroism he suddenly craved only one shy solemn healer Dr Shawna Saunders Shawna knew that fleeting seduction not lasting love was Murphy's stock in trade So putting him back together might just leave her shattered Still he'd uncovered a passionate secret core inside her and it was a risk she would willingly take Some Assembly Required Michael Strelow, 2017-12-08 Jake hears voices always has They've never been a problem as long as he kept them to himself While on a writing assignment to cover an AI convention Jake reads the paper of a Dr Sewall What he discovers is puzzling incomprehensible maybe even impossible Jake visits Dr S after the convention and finds his creation Rex which looks like a bowl of gray green oatmeal whose voice somehow mingles with voices Jake has heard all his life So begins an affair of impossible science The world becomes funny right on the edge of fearful the cosmic goof at large and growing larger
