Bilingual François Grosjean, 2010-08-15 Whether in family life social interactions or business

negotiations half the people in the world speak more than one language every day Yet many myths persist about bilingualism and bilinguals In a lively and entertaining book an international authority on bilingualism explores the many facets of life with two or more languages

Encyclopedia of Bilingualism and Bilingual Education Colin Baker, Sylvia Prys Jones, 1998 This encyclopedia is divided into three sections individual bilingualism bilingualism in society and bilingual education It includes many pictures graphs maps and diagrams The book concludes with a comprehensive bibliography on bilingualism

Life with Two Languages François Grosjean, 1982 Many people consider bilinguals to be exceptional yet almost half the world's population speaks more than one language Bilingualism is found in every country of the world in every class of society in all age groups Life with Two Languages is the first book to provide a complete and authoritative look at the nature of the bilingual experience François Grosjean himself a bilingual covers the topic from each of its many angles in order to provide a balanced introduction to this fascinating phenomenon Grosjean discusses the political and social situations that arise when languages come into contact and the policies nations have established toward their linguistic minorities in the domains of education and governance Of particular interest is his detailed account of the psychological and social factors that lead a bilingual to choose one of her languages when speaking to another bilingual or to use both languages in the fascinating phenomenon of code switching The author explains how children become bilingual as quickly as they become monolingual describes the organization of languages in the bilingual brain and examines the legacy of bilingualism on language as exemplified in word borrowings Above all Life with Two Languages puts the emphasis on the bilingual person In a series of first hand reports scattered throughout the book bilinguals tell what it is like to live with two languages and describe the educational and social experiences they have undergone Written in a clear and informative style Life with Two Languages will appeal to professionals and students in linguistics education sociology and psychology as well as to the more casually curious

Growing Up with Two Languages Una Cunningham, 2020-02-19 Growing Up with Two Languages provides a highly accessible account of the stages of language development describes and evaluates the various systems and strategies that can be adopted and looks at the problems that can occur when a child is exposed to two languages and cultures Combining research informed advice and the experience of parents raising children as speakers of a wide range of languages in every populated continent in the world this book and its associated web material will answer questions offer tried and tested strategies to keep children speaking a minority language and provide material to enlist the support of the extended family teachers and others The perspective of adults who were themselves raised speaking more than one language is included New to this edition is a chapter focusing on families raising children as speakers of indigenous and threatened languages as well as chapters for teachers and health professionals who want to know more about multilingual child language development and how they can support parents to continue speaking their language with their children With new and updated first hand advice Internet resources and examples throughout this book also includes a chapter that introduces

important recent research into multilingual children and further reading guides for those who want to know more This book is for parents who are raising or plan to raise children as speakers of more than one language and for the teachers and healthcare workers who meet and can support them

The Psycholinguistics of Bilingualism François Grosjean, Ping Li, 2013-01-09 The Psycholinguistics of Bilingualism presents a comprehensive introduction to the foundations of bilingualism covering language processing language acquisition cognition and the bilingual brain This thorough introduction to the psycholinguistics of bilingualism is accessible to non specialists with little previous exposure to the field Introduces students to the methodological approaches currently employed in the field including observation experimentation verbal and computational modelling and brain imaging Examines spoken and written language processing simultaneous and successive language acquisition bilingual memory and cognitive effects and neurolinguistic and neuro computational models of the bilingual brain Written in an accessible style by two of the field s leading researchers together with contributions from internationally renowned scholars Featuring chapter by chapter research questions this is an essential resource for those seeking insights into the bilingual mind and our current knowledge of the cognitive basis of bilingualism

The Acquisition of Two Languages from Birth Annick De Houwer, 1990-06-29 This study s main aim is to explore the nature of early bilingual morphosyntactic development

The Handbook of Bilingualism and Multilingualism Tej K. Bhatia, William C. Ritchie, 2012-09-19 Honored as a 2013 Choice Outstanding Academic Title Comprising state of the art research this substantially expanded and revised Handbook discusses the latest global and interdisciplinary issues across bilingualism and multilingualism Includes the addition of ten new authors to the contributor team and coverage of seven new topics ranging from global media to heritage language learning Provides extensively revised coverage of bilingual and multilingual communities polyglot aphasia creolization indigenization linguistic ecology and endangered languages multilingualism and forensic linguistics Brings together a global team of internationally renowned researchers from different disciplines Covers a wide variety of topics ranging from neuro and psycho linguistic research to studies of media and psychological counseling Assesses the latest issues in worldwide linguistics including the phenomena and the conceptualization of hyperglobalization and emphasizes geographical centers of global conflict and commerce

On Bilinguals and Bilingualism François Grosjean, 2024-02-15 François Grosjean is one of the world s best known scholars in the study of bilingualism Over a career spanning two continents his holistic approach has made groundbreaking contributions to many areas of the field This book surveys this lifetime of work from the start of his career to where it stands today The first chapter sets the stage with his personal experience as a bilingual and the chapters that follow then deal with his holistic view of bilingualism the bilingual s language modes the Complementarity Principle spoken language processing cross linguistic influence biculturalism the bilingualism and biculturalism of the Deaf the statistics of bilingualism and special bilinguals In each chapter he describes the concept theory or findings that he proposed adds follow up comments and discusses reactions

replications and extensions The final chapter underlines the importance of informing the general public about bilingualism and biculturalism and illustrates how this can be done Studying Bilinguals François Grosjean, 2008-02-21 Written in a clear and informative style this volume by a respected authority in the field will interest researchers and students in linguistics language sciences psychology speech and language pathology cognition brain sciences and sign language and the Deaf BOOK JACKET Talk in Two Languages Joseph Gafaranga, 2007-12-14 One of the most common phenomena of language use among bilingual speakers is language alternation Theoretically this is impossible both grammatically and socio functionally Drawing on Ethnomethodology this book addresses the crucial question of how to account for its actual possibility and offers a critical reading of current approaches **Bilingual Minds** Aneta Pavlenko, 2006-03-09 Do bi and multilinguals perceive themselves differently in their respective languages Do they experience different emotions How do they express emotions and do they have a favourite language for emotional expression How are emotion words and concepts represented in the bi and multilingual lexicons This ground breaking book opens up a new field of study bilingualism and emotions and provides intriguing answers to these and many related questions **Cultural and Language Diversity and the Deaf Experience** Ila Parasnian, 1998-08-28 The perspective that deaf people should be regarded as a cultural and language minority group rather than individuals with an audiological disability is gathering support among educators linguists and researchers involved in the education of deaf people across America This book explores the notion that deaf people are members of a bilingual bicultural minority group whose experiences often overlap with the those of hearing minority group members but at other times are unique Contributors to this book include prominent deaf and hearing researchers educators and deaf community members The three sections review research on bilingualism and biculturalism the impact of cultural and language diversity on the deaf experience and offer rich experiential evidence from deaf community members which highlights the emotional impact of living in the deaf and hearing worlds Advances in the Study of Bilingualism Enlli Môn Thomas, Ineke Mennen, 2014-05-08 This book provides a contemporary approach to the study of bilingualism Drawing on contributions from leading experts in the field this book brings together in a single volume a selection of the exciting work conducted as part of the programme of the ESRC Centre for Research on Bilingualism in Theory and Practice at Bangor University Wales Each chapter has as its main focus an exploration of the relationship between the two languages of a bilingual Section by section the authors draw on current findings and methodologies to explore the ways in which their research can address this question from a number of different perspectives The Mysteries of Bilingualism François Grosjean, 2022-03-28 Eleven critical issues in the study of bilingualism Insightful analyses by renowned expert François Grosjean The majority of people living around the world today are able to speak more than one language yet many aspects of the nature and experience of bilingualism raise unresolved questions for researchers Who exactly is bilingual What is the extent of bilingualism How do infant bilinguals who acquire two languages at the same time

manage to separate them Does language processing work differently when bilinguals are interacting with monolinguals and with bilinguals When a speaker changes their language do they also change aspects of their personality In *The Mysteries of Bilingualism* eminent scholar François Grosjean provides a comprehensive examination of individual bilingualism that delves into unanswered questions and challenges many of the myths and misconceptions surrounding bilingualism Through insightful analyses of eleven key questions this book offers a unique combination of personal reflection literature review personal testimony and case studies to explore these mysteries Altogether this text offers Comprehensive explorations of the linguistic aspects of bilingualism including who is bilingual describing bilinguals accented speech and language loss Practical discussions of speech and language processing including language choice and mixed speech perception and production In depth examinations of personality and culture in relation to bilingualism and biculturalism Perfect for undergraduate and graduate students of bilingualism multilingualism second language acquisition and applied linguistics *The Mysteries of Bilingualism* offers an up to date view of the leading research questions in the study of bilingualism today *The Handbook of Bilingualism* Tej K. Bhatia, William C. Ritchie, 2008-04-15 The Handbook of Bilingualism provides state of the art treatments of the central issues that arise in consideration of the phenomena of bilingualism ranging from the representation of the two languages in the bilingual individual's brain to the various forms of bilingual education including the status of bilingualism in each area of the world Provides state of the art coverage of a wide variety of topics ranging from neuro and psycho linguistic research to studies of media and psychological counseling Includes latest assessment of the global linguistic situation with particular emphasis on those geographical areas which are centers of global conflict and commerce Explores new topics such as global media and mobile and electronic language learning Includes contributions by internationally renowned researchers from different disciplines genders and ethnicities **Cross-Linguistic Structures in Simultaneous Bilingualism** Susanne Döpke, 2001-02-12 This volume explores the implications of cross linguistic structures in simultaneous bilingualism It aims to find cognitive explanations for the presence or absence of cross linguistic structures that go beyond the debate of one system or two The contributors present syntactic morphological and phonological features that are found in bilingual children but are untypical of monolingual development and discuss pertinent methodological issues The orientation of this volume stands out from competing volumes in the field in that the focus is not limited to similarities between monolingual and bilingual first language acquisition The volume will be of interest to researchers in the field of bilingualism and primary language acquisition language theorists and professionals working with bilingual populations *Bilingualism in Schools and Society* Sarah J. Shin, 2017-07-28 This revised edition of *Bilingualism in Schools and Society* is an accessible introduction to the sociolinguistic and educational aspects of and the political issues surrounding bilingualism including code switching in popular music advertising and online social spaces It also addresses the personal aspect of the topic in a well informed discussion of what it means to study and live with multiple languages in a globalized world and practical advice on raising

bilingual children Extensive new material has been added that deals with more holistic understandings of bilingual performance including translanguageing flexible bilingualism and code meshing blending standard and vernacular languages dialects in hybrid texts and recent developments in policies surrounding the education of English Learners and EL assessment including Common Core State Standards CCSS PARCC and SBAC testing WIDA and ELPA21 language assessments and Every Student Succeeds Act ESSA Updated and new discussions on community based heritage language programs and super diversity further enhance this new edition along with updated statistics on bilingual populations and the world's top languages Each chapter includes lists of further readings helpful digital resources and study questions as well as student activities and boxed vignettes Firmly grounded in the analysis of empirical work with bilingual children and adults in various multilingual settings throughout the world *Bilingualism in Schools and Society* is the ideal text for courses on bilingualism in language education programs

Sign Bilingualism Carolina Plaza Pust, Esperanza Morales López, 2008 This volume provides a unique cross disciplinary perspective on the external ecological and internal psycholinguistic factors that determine sign bilingualism its development and maintenance at the individual and societal levels Multiple aspects concerning the dynamics of contact situations involving a signed and a spoken or a written language are covered in detail i e the development of the languages in bilingual deaf children cross modal contact phenomena in the productions of child and adult signers sign bilingual education concepts and practices in diverse social contexts deaf educational discourse sign language planning and interpretation This state of the art collection is enhanced by a final chapter providing a critical appraisal of the major issues emerging from the individual studies in the light of current assumptions in the broader field of contact linguistics Given the interdependence of research policy and practice the insights gathered in the studies presented are not only of scientific interest but also bear important implications concerning the perception understanding and promotion of bilingualism in deaf individuals whose language acquisition and use have been ignored for a long time at the socio political and scientific levels
