Eros Of The Impossible Alexander Etkind, 2019-03-13 Marxism was not the only Western idea to influence the course of Russian history In the early decades of this century psychoanalysis was one of the most important components of Russian intellectual life Freud himself writing in 1912 said that in Russia there seems to be a veritable epidemic of psychoanalysis But until Alexander Etkind's *Eros of the Impossible* the hidden history of Russian involvement in

psychoanalysis has gone largely unnoticed and untold The early twentieth century was a time when the craving of Russian intellectuals for world culture found a natural outlet in extended sojourns in the West linking some of the most creative Russian personalities of the day with the best universities salons and clinics of Germany Austria France and Switzerland These ambassadors of the Russian intelligentsia were also Freud's patients students and collaborators They exerted a powerful influence on the formative phase of psychoanalysis throughout Europe and they carried their ideas back to a receptive Russian culture teeming with new ideas and full of hopes of self transformation Fascinated by the potential of psychoanalysis to remake the human personality in the socialist mold Trotsky and a handful of other Russian leaders sponsored an early form of Soviet psychiatry But as the Revolution began to ossify into Stalinism the early promise of a uniquely Russian approach to psychoanalysis was cut short An early attempt to merge medicine and politics forms final chapters of Etkind's tale the telling of which has been made possible by the undoing of the Soviet system The effervescent Russian contribution to modern psychoanalysis has gone unrecognized too long but Eros of the Impossible restores this fascinating story to its rightful place in history **Free to Live** Guy Brandon,2010-04-15 In these economically constrained times the Bible's emphasis on freedom and love offers both relief from the burdens we carry and a radical new way to live The release from slavery and debt that lay at the heart of Israel's cycle of Jubilee celebrations reveals that the whole of the Law and Prophets as fulfilled by Christ is about loving God and loving our neighbour But in practice it's difficult not to be influenced by consumerism and individualism How do we guard against this How can we apply our faith in practical ways What disciplines may we put in place to help us worship God in every area of our lives 1984 Redux Andrew Curtiss,2011 July 2009 Andrew Curtiss received a Chain Mail in his E Mail box The Message was sent to him from a former colleague he served with in the US Army Special Forces at Fort Bragg North Carolina The subject line of the message read Congratulations you made the terrorist watch list The content suggested that the Department of Homeland Security had labeled millions of Americans who are Constitutionlists Pro Life of Christian faith voters for rightwing politics are combat veterans and more as potential domestic terrorists After researching the matter Andrew found that the DHS did in fact publish such a report that was meant to be confidential for law enforcement only The report was published April 7 2009 It was during Andrew's research into the matter that he realized the Fundamental Transformation of America as promised by Barrack Obama was indeed transforming America into something much like Oceania in George Orwell's 1984 1984 Redux digs deep into the issues facing Americans today as America Fundamentally Transforms Curtiss draws the comparison of where Obama and his leftist handlers and drones want to take America as part of this transformation to the extreme Socialist Oligarchy depicted in Orwell's 1984 Supported by scores of references and facts one might be surprised to see how close to Orwell's nightmarish depiction America is headed 1984 Redux is not only a wakeup call to America but the world as to what could be if the most influential nation in the world and last hope for freedom falls to the left
