G. Otte,2020-11-26 The lamps are going out all over Europe We shall not see them lit again in our life time The words of Sir Edward Grey looking out from the windows of the Foreign Office at the end of August 1914 are amongst the most famous in European history and encapsulate the impending end of the nineteenth century

world The man who spoke them was Britain's longest ever serving Foreign Secretary in a single span of office and one of the great figures of late Victorian and Edwardian Britain Statesman of Europe describes the three decades before the First World War through the prism of his biography which is based almost entirely on archival sources and presents a detailed account of the main domestic and international events and of the main personalities of the era In particular it presents a fresh understanding of the approach to war in the years and months before its outbreak and Grey's role in the unfolding of events Yet Grey's life was not all public affairs momentous as those were He disliked being in London much preferring country life at Fallodon his family estate in Northumberland and displayed none of the ambition of his contemporaries or successors He attended assiduously to his duties as director of the Great North Eastern Railway one of the transformative enterprises in industry and communications of the period and wanted to spend as much time as he could fishing Apart from his memoirs the only book he wrote was called *The Charm of Birds* This hinterland gave quality to his judgements and made his character attractive to his contemporaries This important book is the definitive biography of one of the pivotal figures in European diplomacy and a magnificent portrait of an age **The Nineteenth Century and After**, 1906 Microwave Experiment

Mary E. Gregory, 2011-12-01 Asserting that the U S government is carrying out microwave experimentation on its citizens this discussion of various governmental chemical and biological testing sets forth unnerving accusations that are not for the faint of heart This book is for those who wonder if national and global tragedies are not mere accidents but rather planned events that are executed by the U S military industrial oil bank complex for nefarious purposes A variety of taboo topics not discussed in the mainstream media are addressed Allegations such as electro bolts to the brain driverless cars swerving through traffic and preparation for urban warfare are discussed in this book full of hard hitting allegations *The Broad Church* Tod E. Jones, 2003-01-01 *The Broad Church* A Biography of a Movement is an account of the origins and directions of the Broad Church movement from the beginning of the nineteenth century to about 1880 Author Tod Jones provides readers with a unique approach to the movement demonstrating the development of the Broad Church movement by sketching the complex web connecting both important individuals and generations of great thinkers The opinions and correspondence of key figures such as Thomas Arnold Mathew Arnold Samuel Taylor Coleridge and Alfred Tennyson are examined as are broader questions about the Broad Church movement's roots in the Erasmian influence on England's church reformers A work of immense depth *The Broad Church* sketches the complex web of friendship and influence that made this movement such a significant cultural power and provides a comparative analysis of its diverse and brilliant principal thinkers

**Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1901 The Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1904 *The Victorian Clergy* Alan Haig, 2016-07-01 First published in 1984 The Victorian clergy occupied a uniquely prominent position in English society Their church generated continual and often rancorous debate and they played an important part in the local provision of education welfare and

justice Politically also they were never negligible But while in 1830 the clergy still constituted England's largest and wealthiest professional body by 1914 their position was increasingly marginal This title examines these changes and the issues in which the clergy was facing during this transition The Victorian Clergy will be of particular interest to students of history *Life and Letters of Mandell Creighton* Louise Creighton, 2015-09-05 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
