Dubler,2013-08-13 A bold and provocative interpretation of one of the most religiously vibrant places in America a state penitentiary Baraka Al Teddy and Sayyid four black men from South Philadelphia two Christian and two Muslim are serving life sentences at Pennsylvania s maximum security Graterford Prison All of them work in Graterford s chapel a place that is at once a sanctuary for religious contemplation and an arena for disputing the workings of God and man Day in day out everything is in its twisted way rather ordinary And then one of them disappears Down in the Chapel tells the story of one week at Graterford Prison We learn how the men at Graterford pass their time care for themselves and commune with their makers We observe a variety of Muslims Protestants Catholics and others at prayer and in study and song And we listen in as an interloping scholar of religion tries to make sense of it all When prisoners turn to God they are often scorned as con artists who fake their piety or pitied as wretches who cling to faith because faith is all they have left Joshua Dubler goes beyond these stereotypes to show the religious life of a prison in all its complexity One part prison procedural one part philosophical investigation Down in the Chapel explores the many uses prisoners make of their religions and weighs the circumstances that make these uses possible Gritty and visceral meditative and searching it is an essential study of American religion in the age of mass incarceration *The Nation* ,1867 *ThirdWay* ,1987-06 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *The Political Thought of America's Founding Feminists* Lisa Pace Vetter,2017-07-11 Recovering the powerful and influential contributions of women from the nation s formative years The Political Thought of America s Founding Feminists traces the significance of Frances Wright Harriet Martineau Angelina and Sarah Grimk Lucretia Mott Elizabeth Cady Stanton and Sojourner Truth in shaping American political thinking These women understood the relationship between sexism racism and economic inequality yet they are virtually unknown in American political thought because they are considered activists not theorists Their efforts to expand the reach of America s founding ideals laid the groundwork not only for women s suffrage and the abolition of slavery but for the broader expansion of civil political and human rights that would characterize much of the twentieth century and continues to unfold today Drawing on a careful reading of speeches letters and other archival sources Lisa Pace Vetter shows the ways in which the early women s rights movement and abolitionism were central to the development of American political thought The Political Thought of America s Founding Feminists demonstrates that early American political thought is incomplete without attention to these important female thinkers and that an understanding of early American women s movements is incomplete without considering its profound impact on political thought A complex and thoughtful guide to the indispensable role of women in shaping the American way of life The Political Thought of America s Founding Feminists is essential for a comprehensive understanding of the history of American political thought **Dictionary of Major Biblical Interpreters** Donald K.
