Clinical Practice Guidelines 2 260 total pages current as of 19 September 2023 INTRODUCTION The SMOG continues to go
through significant improvements with each release as a result of the collaboration of Emergency Medicine professionals
experienced Flight Medics Aeromedical Physician Assistants Critical Care Nurses and Flight Surgeons There has been close
coordination in the development of these guidelines by the Joint Trauma System and the Defense Committees on Trauma Our
shared goal is to ensure the highest quality en route care possible and to standardize care across all evacuation and
emergency medical pre hospital units It is our vision that all of these enhancements and improvements will advance en route
care across the services and the Department of Defense Unit medical trainers and medical directors should evaluate Critical
Care Flight Paramedics CCFP ability to follow and execute the medical instructions herein These medical guidelines are
intended to guide CCFPs and prehospital professionals in the response and management of emergencies and the care and
treatment of patients in both garrison and combat theater environments Unit medical providers are not expected to employ
these guidelines blindly Unit medical providers are expected to manipulate and adjust these guidelines to their unit s mission
and medical air crew training experience Medical directors or designated supervising physicians should endorse these
guidelines as a baseline appropriately adjust components as needed and responsibly manage individual unit medical missions
within the scope of practice of their Critical Care Flight Paramedics Enroute Critical Care Nurses and advanced practice
aeromedical providers The medication section of this manual is provided for information purposes only CCFPs may
administer medications only as listed in the guidelines unless their medical director and or supervising physician orders a
deviation Other medications may be added so long as the unit supervising physician and or medical director approves them
This manual also serves as a reference for physicians providing medical direction and clinical oversight to the CCFP
Treatment direction which is more appropriate to the patient s condition than the guideline should be provided by the
physician as long as the CCFP scope of practice is not exceeded Any medical guideline that is out of date or has been found
to cause further harm will be updated or deleted immediately The Medical Evacuation Concepts and Capabilities Division
MECCD serves as the managing editor of the SMOG and are responsible for content updates managing the formal review
process and identifying review committee members for the annual review The Standard Medical Operating Guidelines are
intended to provide medical procedural guidance and is in compliment to other Department of Defense and Department of
the Army policies regulatory and doctrinal guidance Nothing herein overrides or supersedes laws rules regulation or policies
