Los Angeles Angie Surface Children:

BECKONED, Part 3: From Los Angeles with Love Aviva Vaughn, 2017-08-15 And then there were three Fire and ice have nothing on Angela Holgu n and Soren Lund who first met as MBA students in exciting Barcelona But their timing was off until Destiny put them back in the same city London and their passion ignited But will their fledgling romance stand a chance against the forces of Time and Space with Soren in Barcelona and Angela in Los Angeles And a new threat also looms on the horizon a mysterious and handsome entrepreneur interested in Angela s new business or is he Angela beckons Soren to spend the holidays with her in Los Angeles but when he makes her a beguiling offer their relationship will be put to the test BECKONED slow burn second chance romance inspired by food travel and Jane Austen Over 300 reviews with 4.4 star average Part 3 of a complete 6 part series It has been so long since I have read a series that has kept my interest like this one I literally couldn t wait to jump into part 3 of this series and again as with the first two books I wasn t disappointed I just can t help but be swept up in the relationship between Angela and Soren I really am drawn to them Again the author did a fabulous job with the writing in this book and I really do love her writing style I honestly feel like I am on the journey with these characters through the author s fabulous descriptive writing I am so excited to read part 4 Katie 5 star review Aviva Vaughn just keeps bringing it Another book in the Beckoned series that I could not put down The way Ms Vaughn writes always is so descriptive and makes you feel like you are right there with the characters She keeps you on your toes with all the twists and turns You keep reading because you want to see what is going to happen next I cannot wait to read Part 4 in the series Dori from Florida 5 star review Something I ve always admired about books is that when you find a well written series each book may even be better than the last unlike motion pictures where the second rarely adds up This is just one of the many reasons I ve always favored a good book over a movie My point is that I feel this way about Aviva Vaughn s Beckoned series I was completely drawn into Angela and Soren s story in book one book two blew my mind and yet somehow even after following their story a third time I NEED to know more Felicia 5 star review This lady has completely captured me with this series at first I was intrigued to see how a American author would write about the UK and she definitely did it justice I really feel that Aviva characters really pull you into the story and plays wonders with your imagination not many authors can really do that for me I ve only got a hand full I will read hundreds of times over and over and she has definitely gone on that list for myself Claire 5 star review The whole story series has been fascinating and captivating but this book takes it to a whole new level Ms Vaughn has upped the ante so to speak and produced a story that I devoured in matter of hours I couldn t put it down and HAD to find out what was happening The books just seem to get better and better And the love triangle of sorts the threat and the emotional rollercoaster that this story took me on had me sooooo conflicted I am now really anxious about the next book and to find out how the story will end Thank you Ms Vaughn Angela 5 star review Woah part three This series just keeps getting better I read this one in just a few hours because I could not stop reading it After

finding out this is the author's favorite book of the series I was so excited to read this and Aviva Vaughn did NOT disappoint This book gave me a new appreciation for California and seeing it through the eyes of someone who truly loves it is wonderful Every time Aviva Vaughn describes a new location I can picture it in such vivid detail She really has a way with words Bring on Part 4 Emily 5 star review I'm not even sure I'm even capable to begin to describe how much I enjoy this book and series Wow it's such a roller ride So much attention to details scenic scenes and characters I can picture it all in my head and hear their voices Phenomenal story plot with drama suspense intrigue oh and sooo much love We can't all forget that The characters are relatable and entertaining Such an amazing story once you read one you'll want to read the others ASAP Nicole 4 star review This series just gets better and better with each book Lisette 5 star review FROM THE AUTHOR Dearest Reader I wrote BECKONED for many reasons but first and foremost I wrote it to feature the kind of people I know diverse smart complicated men and women My heroines are strong and educated and my heroes are polite and respectful As an avid reader I wanted to see characters that looked like me and my friends and reflect the world I want to see I also wanted to write a beautiful book I consider BECKONED to be a modern story told in an old fashion way with lots of metaphors and beautiful phrases and where the sex is explicit but also elegant So if you are a Word Nerd like me then you will love BECKONED If you choose to embark on this journey with me you and your taste buds will get to visit London Barcelona Bath Los Angeles Honolulu Costa Rica New Zealand and Copenhagen It will be a fun and delicious ride There are even recipes in some of the books as well as soundtracks to give you a multi sensory experience BECKONED is a single story in six parts and should be read in order The intimacy is steamy but it is slooooooow burn and is distributed throughout the books because of how the couples relationships change and deepen Birthing BECKONED has truly been a labor of love and I hope you enjoy reading it as much as I enjoyed writing it BUCKLE UP and enjoy the journey Wishing you love and romance Aviva

Los Angeles Documentary and the Production of Public History, 1958-1977 Joshua Glick, 2018-01-19 Los Angeles Documentary and the Production of Public History 1958-1977 explores how documentarians working between the election of John F. Kennedy and the Bicentennial created conflicting visions of the recent and more distant American past. Drawing on a wide range of primary documents, Joshua Glick analyzes the films of Hollywood documentarians such as David Wolper and Mel Stuart along with lesser-known independents and activists such as Kent Mackenzie, Lynne Littman, and Jesús Salvador Treviño. While the former group reinvigorated a Cold War cultural liberalism, the latter group advocated for social justice in a city plagued by severe class stratification and racial segregation. Glick examines how mainstream and alternative filmmakers turned to the archives, civic institutions, and production facilities of Los Angeles in order to both change popular understandings of the city and shape the social consciousness of the nation. **Who's who on the Pacific Coast**, 1949
