Carlos Monsiváis Linda Egan, 2001-09-01 One of Mexico's foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsiváis has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called *crónicas* he is perhaps best known for his analytic and often satirical descriptions of Mexico City's popular culture This comprehensive study of Monsiváis's *crónicas* is the first book to offer an analysis of these works and to place Monsiváis's work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsiváis as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre's history and its relation to other narrative forms Finally she focuses on the canonical status of Monsiváis's work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsiváis is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico's passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico's cultural space Egan's book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsiváis it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature

The Contemporary Spanish Theater (1949-1972) Marion Peter Holt, 1975 *Hercules and the King of Portugal* Dian Fox-Hindley, 2019 *Hercules and the King of Portugal* investigates how representations of masculinity figure in the fashioning of Spanish national identity scrutinizing ways that gender performances of two early modern male icons Hercules and King Sebastian are structured to express enduring nationhood The classical hero Hercules features prominently in Hispanic foundational fictions and became intimately associated with the Hapsburg monarchy in the early sixteenth century King Sebastian of Portugal 1554-78 both during his lifetime and after his violent death has been inserted into his own land's charter myth even as competing interests have adapted his narratives to promote Spanish power The hybrid oral and written genre of poetic Spanish theater as purveyor and shaper of myth was well situated to stage and resolve dilemmas relating both to lineage determined by birth and performance of masculinity in ways that would ideally uphold hierarchy Dian Fox's

ideological analysis exposes how the two icons are subject to political manipulations in seventeenth century Spanish theater and other media Fox finds that officially sanctioned and sometimes popularly produced narratives are undercut by dynamic social and gendered processes Hercules and Sebastian slip outside normative discourses and spaces to enact nonnormative behaviors and unproductive masculinities
