Children in the Films of Steven Spielberg Adrian Schober,Debbie Olson,2016-04-13 To say that children matter in Steven Spielberg s films is an understatement Think of the possessed Stevie in Something Evil TV Baby Langston in The Sugarland Express the alien abducted Barry in Close Encounters Elliott and his unearthly alter ego in E T the war damaged Jim in Empire of the Sun the little girl in the red coat in Schindler s List the mecha child in A I the kidnapped boy in Minority Report and the eponymous boy hero of The Adventures of Tintin There are many other instances across his oeuvre Contradicting his reputation as a purveyor of popcorn entertainment Spielberg s vision of children childhood is complex Discerning critics have begun to note its darker underpinnings increasingly fraught with tensions conflicts and anxieties But while childhood is Spielberg s principal source of inspiration the topic has never been the focus of a dedicated collection of essays The essays in Children in the Films of Steven Spielberg therefore seek to address childhood in the full spectrum of Spielberg s cinema Fittingly the scholars represented here draw on a range of theoretical frameworks and disciplines cinema studies literary studies audience reception critical race theory psychoanalysis sociology and more This is an important book for not only scholars but teachers and students of Spielberg s work and for any serious fan of the director and his career
