same And the goal They have no idea Neither do I **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1910 Atlantean Credentials of the New World Helena Petrovna Blavatsky,2018-06-07 Go where we may to explore the antiquities of America whether of Northern Central or Southern America we are first of all impressed with the magnitude of these relics of ages and races unknown and then with the extraordinary similarity they present to the mounds and ancient structures of old India of Egypt and even of some parts of Europe Whoever has seen one of these mounds has seen all Whoever has stood before the cyclopean structures of one continent can have a pretty accurate idea of those of the other Only be it said we know still less of the age of the antiquities of America than even of those in the Valley of the Nile of which we know next to nothing But their symbolism apart from their outward form is evidently the same as in Egypt India and elsewhere Equalling Egypt in the immensity of her cyclopean structures Peru surpasses her in their number while Cholula exceeds the grand pyramid of Cheops in breadth if not in height However Incan history only dates back to the eleventh century A D Judged by their exclusive privileges power and infallibility Incas are the antipodal counterpart of the Brahmanical caste of India On the other hand Manco C pac is the exact counterpart of the Chinese Fohi the Hindu Buddha the terrestrial Osiris of Egypt the Quetzalcoatl of Mexico the Votan of Central America The theory of cycles is the only plausible theory to solve the great problems of humanity the rise and fall of numberless nations and races and the ethnological differences among the latter and the two sided question incessant progress on the one side and an irresistible decadence on the other of the cycle The extraordinary similarity of the Aryan with the South American tradition suggests that the old Solar and Lunar races Suryavansha and Chandravansha have already reappeared in the New World For America was once united with Europe Asia Africa and Australia That man has lived in America at least 50 000 years ago is now proved scientifically and remains a fact beyond doubt or cavil Must we still locate a geographical Eden in the East and suppose a land equally adapted to man and as old geologically must wait the aimless wanderings of the lost tribe of Israel to become populated *Fort Caroline, the Search for America's Lost Heritage* Richard Thornton,2014-07-10 In 1564 the French attempted to establish a colony calling it Fort Caroline along the May River now St Johns River The original site is has been lost Here Thornton uses histories documents and maps in an effort to locate the elusive Fort Caroline and to determine if it might be located in Georgia or Florida which has been historically debated *Proceedings Volume of the Geological Society of America for ...* Geological Society of America,1954 *Ancient Village 3* Navneet Singh, Outline Part 1 The Discovery Introduction of the protagonist an archaeologist named Maya Maya s discovery of an ancient tablet referencing a mysterious village called Village 3 Description of the village s location in a remote mountain valley untouched by modern civilization Maya assembles a small team to explore the site Part 2 The Village Awakens Arrival at the village ruins Strange phenomena artifacts glowing unusual weather changes Exploration reveals intricate murals ancient technology and hints of a forgotten culture The team finds a hidden chamber with inscriptions warning about an ancient curse Part 3 The Secret of Village 3

The Lost City of the Exodus Ahmed Osman,2014-03-24 Recent archaeological findings confirm Osman s 25 year old discovery of the location of the city of the Exodus Explains why modern scholars have been unable to find the city of the Exodus they are looking in the wrong historical period and thus the wrong region of Egypt Details the author s extensive research on Hebrew scriptures and ancient Egyptian texts and records which allowed him to pinpoint the Exodus site Reveals his effort to have his finding confirmed by the Egyptian government including his debates with Zahi Hawass Egyptian Minister for Antiquities Affairs When the first archaeologists visited Egypt in the late 1800s they arrived in the eastern Nile Delta to verify the events described in the biblical Book of Exodus Several locations believed to be the city of the Exodus were found but all were later rejected for lack of evidence This led many scholars to dismiss the Exodus narrative merely as a myth that borrowed from accounts of the Hyksos expulsion from Egypt But as Ahmed Osman shows the events of Exodus have a historical basis and the ruins of the ancient city of Zarw where the Road to Canaan began have been found Drawing on decades of research as well as recent archaeological findings in Egypt Ahmed Osman reveals the exact location of the lost city of the Exodus as well as his 25 year effort to have this finding confirmed by the Egyptian government including his heated debates with Zahi Hawass former Egyptian Minister for Antiquities Affairs He explains why modern scholars have been unable to find the city of the Exodus they are looking in the wrong historical period and thus the wrong region of Egypt He details his extensive research on the Pentateuch of the Hebrew scriptures the historical scenes recorded in the great hall of Karnak and other ancient source texts which allowed him to pinpoint the Exodus site after he discovered that the Exodus happened not during the pharaonic reign of Ramses II but during that of his grandfather Ramses I Osman concluded that the biblical city of the Exodus was to be found at Tell

Heboua at the ruins of the fortified city of Zarw the royal city of Ramses I far from the Exodus locations theorized by previous archaeologists and scholars In 2012 after 20 years of archaeological work the location of Zarw was confirmed by Egyptian officials exactly where Osman said it would be 25 years ago Thus Osman shows that time and again if we take the creators of the source texts at their word they will prove to be right [The Lost Treasure of King Juba](#) Frank Joseph,2003-03-25 The story of a mysterious southern Illinois treasure cave and its proof of the presence of Africans in North America long before Columbus Includes over 100 photographs of the artifacts discovered Re creates the historic voyage of King Juba and his Mauretanian sailors across the Atlantic to rebuild their society in the New World Explains the mystery of the Washitaws a tribal group of African origin first encountered by the Lewis and Clark Expedition In 1982 Russell E Burrows a treasure hunter in southern Illinois stumbled on a cache of ancient weapons jewels and gold sarcophagi in a remote cave There also were stone tablets inscribed with illustrations of Roman like soldiers Jews early Christians and West African sailors These relics fueled a bitter controversy in the archaeological community regarding their authenticity leading Burrows to destroy the entrance to the cave Researching more than 7 000 artifacts removed from the cave before it was sealed Frank Joseph explains how these objects came to be buried in the middle of the United States It started with Cleopatra whose daughter was made queen of the semi independent realm of Mauretania present day Morocco which she ruled with her husband King Juba II Following the execution of their son Ptolemy by Emperor Caligula the Mauretanians rebelled against their Roman overlords and made their way into what is now Ghana There they constructed a fleet of ships for a transatlantic voyage to a land where they hoped to rebuild their kingdom safe from Roman rule They took with them a great prize unsuccessfully sought by two Roman emperors Cleopatra s golden treasure and King Juba s encyclopedic library of ancient wisdom Fully illustrated with many previously unpublished photographs of artifacts retrieved from the southern Illinois site The Lost Treasure of King Juba is a compelling story that could force us to rethink the early history of our nation and the possibility that Africans arrived on our continent nearly fifteen centuries before Columbus **Proceedings of the Geological Society of America** Geological Society of America,1952 List of members **The Publisher** ,1910 **Wonders Lost and Found: A Celebration of the Archaeological Work of Professor Michael Vickers** Nicholas Sekunda,2020-02-13 Twenty one contributions written by friends and colleagues reflect the wide interests of Professor Michael Vickers from the Aegean Bronze Age to the use made of archaeology by dictators in the modern age Seven contributions relate to Georgia where the Professor has worked most recently and made his home [Interior, Environment, and Related Agencies Appropriations for 2016, Part 1, 2015, 114-1](#) ,2015
