Lost London 1870 1945:

Lost London Philip Davies,2017 **Lost London** Philip H. Davies,Ryszard Windsor ((książę Gloucester ;),2017
PANORAMAS OF LOST LONDON 1870-1945 ,2018 *Panoramas of Lost London* Philip H. Davies,2011 This spectacular book reproduces historic photographs commissioned by the London County Council many of them in the early days of photography to capture individual buildings and streets that along with entire neighbourhoods were on the threshold of redevelopment Enlarging over 180 of the photographs found in *Lost London* and with more than 100 previously unseen images this new larger landscape format book provides readers with a wealth of hidden detail in these historic pictures
Jacket **Lost London 1870 to 1945** Phil Davies,2009 **Panoramas of Lost London (slip-case Edition)** Philip Davies,2017-07 Over 300 spectacular photographs of London s lost buildings from the London Metropolitan Archive in Panoramic format Tudor Georgian and Victorian buidings some of them historic masterpieces captured in location just before their destruction between 19 *The Lost City of London* Robert Wynn Jones,2012-10-15 Discover the London lost in the Great Fire *The Oldest House in London* Fiona Rule,2017-11-01 London s old buildings hold a wealth of clues to the city s rich and vibrant past The histories of some such as the Tower of London and Westminster Abbey are well documented However these magnificent world renowned attractions are not the only places with fascinating tales to tell Down a narrow medieval lane on the outskirts of Smithfield stands 41 42 Cloth Fair the oldest house in the City of London Fiona Rule uncovers the fascinating survival story of this extraordinary property and the people who owned it and lived in it set against the backdrop of an ever changing city that has prevailed over war disease fire and economic crises **Murder Capital** Amy Bell,2016-05-16 *Murder Capital* is a historical study of unexpected deaths whose circumstances required official investigation in mid twentieth century London Suspicious deaths murders in the family and by strangers infanticides and deaths from illegal abortions reveal moments of personal and communal crisis in the social fabric of the city The intimate details of these crimes revealed in police investigation files newspaper reports and crime scene photographs hint at the fears and desires of people in London before during and after the profound changes brought by the dislocations of the Second World War By setting the institutional ordering of the city against the hidden intimate spaces where crimes occurred and were discovered the book presents a new popular history of the city in which urban space circumscribed the investigation classification and public perceptions of crime **National Geographic London Book of Lists** Tim Jepson,Larry Porges,2014-11-04 For London lovers of all stripes *National Geographic London Book of Lists* chronicles this ever changing city from its ancient Roman origins to the present day Organized with a minimum of organization the 140 lists in this eclectic and hugely entertaining illustrated compendium cover the city s best worst highest smallest first last and everything in between Among the many intriguing facts stats and snippets you ll discover Where you can find six old windmills within the confines of metropolitan London Why the women s restroom at an East End pub is especially popular with avant garde artists When a

tornado razed nearly 600 houses and destroyed London Bridge The address of the only London flat where the four members of the Beatles lived together Why local children beat the stone boundaries outside the Tower of London with willow branches every three years Where you can find London's eight best waterfront pubs seven greatest Victorian gin palaces and ten most historic pubs Which two famous London museums still show World War II bomb damage on their outer walls Royal palaces Street markets Stellar views Cockney slang Favorite meals of kings Roman ruins Secrets lost to time With surprises on every page National Geographic London Book of Lists takes you deep inside the city that never fails to fascinate **The Lost Man** Peter J. Hempenstall, Paula Tanaka Mochida, 2005 This new and innovative biography portrays the life of Wilhelm Heinrich Solf a man who lived from Bismarck to Hitler 1862-1936 and whose life was deeply entangled with the ups and downs of Germany's domestic and in particular foreign and international policies Solf went from carving out a name for himself as a liberal and successful colonial Governor to becoming the imperial colonial minister of the Kaiserreich before World War I During the war he struggled to influence the Kaiser's ruling circle away from its aggressive military policies towards a negotiated peace rising to become imperial Germany's last Foreign Minister He was appointed Weimar's ambassador to Japan and turned out to be the Republic's most successful and cultured diplomat overseas restoring the relationship between the two former enemies On his return to Germany Solf became involved with several political attempts to forestall Hitler's rise to power He and his family worked against the Nazi's anti-Semitic policies In fact the Solf circle became an important opposition group After Solf's death his wife Hanna and daughter Lagi who was born in Samoa continued this work and were imprisoned by the Nazis While their accomplices were executed during the war the Solf women escaped by the barest of margins as the Russians invaded Berlin in the last stages of the war Text in English with a German summary London's Waterfront 1100-1666: Excavations in Thames Street, London, 1974-84 John Schofield, Lyn Blackmore, Jacqui Pearce, 2018-04-30 This book presents and celebrates the mile long Thames Street in the City of London and the land south of it to the River Thames as an archaeological asset Four Museum of London excavations of 1974-84 are presented Swan Lane Seal House New Fresh Wharf and Billingsgate Lorry Park Here the findings of the period 1100-1666 are presented The London Restaurant, 1840-1914 Brenda Assael, 2018-06-28 This is the first scholarly treatment of the history of public eating in London in the Victorian and Edwardian eras The quotidian nature of eating out during the working day or evening should not be allowed to obscure the significance of the restaurant defined broadly to encompass not merely the prestigious West End restaurant but also the modest refreshment room and even the street cart as a critical component in the creation of modern metropolitan culture The story of the London restaurant between the 1840s and the First World War serves as an exemplary site for mapping the expansion of commercial leisure the increasing significance of the service sector the introduction of technology the democratization of the public sphere changing gender roles and the impact of immigration The London Restaurant incorporates the notion of gastro cosmopolitanism to highlight the existence of a diverse culture in

London in this period that requires us to think not merely beyond the nation but beyond empire The restaurant also had an important role in contemporary debates about public health and the sometimes conflicting but no less often complementary prerogatives of commerce moral improvement and liberal governance The London Restaurant considers the restaurant as a business and a place of employment as well as an important site for the emergence of new forms of metropolitan experience and identity While focused on London it illustrates the complex ways in which cultural and commercial forces were intertwined in modern Britain and demonstrates the rewards of writing histories which recognize the interplay between broad global forces and highly localized spaces *The Dog in the Dickensian Imagination* Beryl Gray,2016-03-23 Fascinated by them unable to ignore them and imaginatively stimulated by them Charles Dickens was an acute and unsentimental reporter on the dogs he kept and encountered during a time when they were a burgeoning part of the nineteenth century urban and domestic scene As dogs inhabited Dickens's city so too did they populate his fiction journalism and letters In the first book length work of criticism on Dickens's relationship to canines Beryl Gray shows that dogs real and invented were intrinsic to Dickens's vision and experience of London and to his representations of its life Gray draws on an array of reminiscences by Dickens's friends family and fellow writers and also situates her book within the context of nineteenth century attitudes towards dogs as revealed in the periodical press newspapers and institutional archives Integral to her study is her analysis of Dickens's texts in relationship to their illustrations by George Cruikshank and Hablot Knight Browne and to portraiture by late eighteenth and nineteenth century artists like Thomas Gainsborough and Edwin Landseer *The Dog in the Dickensian Imagination* will not only enlighten readers and critics of Dickens and those interested in his life but will serve as an important resource for scholars interested in the Victorian city the treatment of animals in literature and art and attitudes towards animals in nineteenth century Britain *Empire Lost* Andrew Stewart,2008-11-18 Using government records private letters and diaries and contemporary media sources this book examines the key themes affecting the relationship between Britain and the Dominions during the Second World War the Empire's last great conflict It asks why this political and military coalition was ultimately successful in overcoming the challenge of the Axis powers but in the process proved unable to preserve itself Although these changes were inevitable the manner of the evolution was sometimes painful as Britain's wartime economic decline left its political position exposed in a changing post war international system

Scandals of the Royal Palaces Tom Quinn,2021-10-19 George Orwell once said that the British love a really good murder He might have added that the only thing the British love more than a good murder is a really good scandal and best of all are the sexual and political scandals that take place behind the gilded doors of Britain's royal palaces From Edward II's intimate relationship with Piers Gaveston to Prince Harry and Meghan Markle's dramatic exit from the royal family the royal residences have seen it all This glorious romp of a book contains new information on well known and not so well known scandals including those that have only recently been revealed through the release of previously secret official papers

Exploring surviving palaces such as Kensington as well as long vanished residences including Whitehall Scandals of the Royal Palaces is the first in depth look at the bad behaviour of not just the royals themselves but also palace officials courtiers household servants and hangers on Delving into the bitter hatreds that generations of King Georges nursed for their eldest sons Queen Victoria s opium fuelled rages and Edward VII s near miss perjury conviction royal expert Tom Quinn reveals that scandal and the royal family have always been bedfellows And if the behaviour of today s royals is anything to go by the glittering palaces will continue to house intriguing embarrassing and outrageous scandals for centuries to come **St**

Paul's Cathedral John Schofield,2016-09-30 This is the first volume concerned solely with the archaeology of a major late 17th century building in London and the major changes it has undergone St Paul s Cathedral in the City of London was built in 1675 1711 to the designs of Sir Christopher Wren and has been described as an iconic building many times In this major new account John Schofield examines the cathedral from an archaeological perspective reviewing its history from the early 18th to the early 21st century as illustrated by recent archaeological recording documentary research and engineering assessment A detailed account of the construction of the cathedral is provided based on a comparison of the fabric with voluminous building accounts which have survived and evidence from recent archaeological investigation The construction of the Wren building and its embellishments are followed by the main works of later surveyors such as Robert Mylne and Francis Penrose The 20th century brought further changes and conservation projects including restoration after the building was hit by two bombs in World War II and all its windows blown out The 1990s and first years of the present century have witnessed considerable refurbishment and cleaning involving archaeological and engineering works Archaeological specialist reports and an engineering review of the stability and character of the building are provided Shakespeare's Pub Pete

Brown,2025-09-23 A history of Britain told through the story of one very special pub from The Beer Drinker s Bill Bryson Times Literary Supplement Welcome to the George Inn near London Bridge a cosy wood paneled galleried coaching house a few minutes walk from the Thames Grab yourself a pint listen to the chatter of the locals and lean back resting your head against the wall And then consider this who else has rested their head against that wall over the last six hundred years Chaucer and his fellow pilgrims almost certainly drank in the George on their way out of London to Canterbury It s fair to say that Shakespeare popped in from the nearby Globe for a pint and we know that Dickens certainly did Mail carriers changed their horses here before heading to all four corners of Britain while sailors drank here before visiting all four corners of the world The pub as Pete Brown points out is the primordial cell of British life and in the George he has found the perfect example All life is here from murderers highwaymen and ladies of the night to gossiping peddlers and hard working clerks So sit back with Shakespeare s Pub and watch as buildings rise and fall over the centuries and the beer drinker s Bill Bryson UK s Times Literary Supplement takes us on an entertaining tour through six centuries of history through the stories of everyone that ever drank in one pub Early Modern Streets Danielle van den Heuvel,2022-12-23 For the first time Early Modern

Streets unites the diverse strands of scholarship on urban streets between circa 1450 and 1800 and tackles key questions on how early modern urban society was shaped and how this changed over time. Much of the lives of urban dwellers in early modern Europe were played out in city streets and squares. By exploring urban spaces in relation to themes such as politics, economies, religion, and crime, this edited collection shows that streets were not only places where people came together to work, shop, and eat, but also to fight, celebrate, show their devotion, and express their grievances. The volume brings together scholars from different backgrounds and applies new approaches and methodologies to the historical study of urban experience. In doing so, *Early Modern Streets* provides a comprehensive overview of one of the most dynamic fields of scholarship in early modern history. Accompanied by over 50 illustrations, *Early Modern Streets* is the perfect resource for all students and scholars interested in urban life in early modern Europe.

Empire Lost Andrew Stewart, 2008-09-18. Using government records, private letters, and diaries, and contemporary media sources, this book examines the key themes affecting the relationship between Britain and the Dominions during the Second World War, the Empire's last great conflict. It asks why this political and military coalition was ultimately successful in overcoming the challenge of the Axis powers, but in the process proved unable to preserve itself. Although these changes were inevitable, the manner of the evolution was sometimes painful, as Britain's wartime economic decline left its political position exposed in a changing post-war international system.
