Elizabeth Danto, Alexandra Steiner-Strauss, 2018-12-12 With over 100 archival photographs and nine original wide ranging
essays Freud Tiffany brings to life the fascinating intersection of psychoanalysis and education Out of the cultural and
political ferment of inter war Vienna emerged the Hietzing School founded in the 1920s by Anna Freud the youngest
daughter of Sigmund Freud and Dorothy Tiffany Burlingham the youngest daughter of the great American artist Louis
Comfort Tiffany Anna Freud s story unfolds over three decades from her adolescence through the 1940s as she and Dorothy
Tiffany Burlingham leverage their hands on research with children into educational innovations at the Hietzing School and
beyond The Viennese psychoanalysts of the 1920s demonstrated a unique sensitivity to marginalised populations and to the
impact of war its threats and its aftermath especially on the lives of children The book features never before seen historical
photographs including four of Sigmund Freud as well as unpublished archival material and original paintings Drawings
manuscripts and memoirs make vivid the founders vision of the Hietzing School s origins its day to day experience and its
enduring significance for our understanding of education and the developing mind Marking the first publication of many of
the historic materials originally showcased in 2017 at a major Freud Museum London exhibition the international scholarship
behind Freud Tiffany demonstrates that the Hietzing School remains the seedbed for a surprising range of modern theory
and practice in child and adolescent mental health from Erik Erikson s lifespan model of identity to the legal concept of the
best interests of the child The Freud and Tiffany legacies are now brought together as never before in this lively book and the
Hietzing School is restored to its rightful place in the history of so many ideas with which we are still working today The book
is essential for any reader interested in the cultural legacy of interwar Vienna
