*Love Letter to the Milky Way* Drew Dellinger, 2002      *The Big Bang and God* Chandra Wickramasinghe, Theodore Walker, 2015-09-09 As advanced by astronomer cosmologist Sir Fred Hoyle astronomy biology astrobiology astrophysics and cosmology converge agreeably with natural theology In *The Big Bang and God* these interdisciplinary convergences are developed by an astronomer collaborating with a theologian      *World as Lover, World as Self* Joanna Macy, 2007-10-28 A new beginning for the environment must start with a new spiritual outlook In this book author Joanna Macy offers concrete suggestions for just that showing how each of us can change the attitudes that continue to threaten our environment Using the Buddha's teachings on Paticca Samuppada which stresses the interconnectedness of all things in the world and suggests that any one action affects all things Macy describes how decades of ignoring this principle has resulted in a self-centeredness that has devastated the environment Humans Macy implores must acknowledge and understand their connectedness to their world and begin to move toward a more focused effort to save it      **Journey of the Universe** Brian Thomas Swimme, Mary Evelyn Tucker, 2011-06-28 The basis for the Emmy winning film A wonderful highly readable account of the history of the universe from the Big Bang through the present moment Thomas Lovejoy University Professor in Environmental Science and Policy George Mason University Through the astonishing combined achievements of natural scientists worldwide we now have a detailed account of how galaxies and stars planets and living organisms human beings and human consciousness came to be And yet we thirst for answers to questions that have haunted humanity from the very beginning What is our place in the 14 billion year history of the universe What roles do we play in Earth's history How do we connect with the intricate web of life on Earth In *Journey of the Universe* Brian Thomas Swimme and Mary Evelyn Tucker tell the epic story of the universe from an inspired new perspective weaving the findings of modern science together with enduring wisdom found in the humanistic traditions of the West China India and indigenous peoples The authors explore cosmic evolution as a profoundly wondrous process based on creativity connection and interdependence and they envision an unprecedented opportunity for the world's people to address the daunting ecological and social challenges of our times *Journey of the Universe* transforms how we understand our origins and envision our future Though a little book it tells a big story one that inspires hope for a way in which Earth and its human civilizations could flourish together What's most striking about Swimme and Tucker's work is a simple but beautiful assumption a cosmological orientation opens the human mind to wonder gratitude humility and creativity Orion      **Coming Back to Life** Joanna Macy, Molly Young Brown, 2014-11-01 *Coming Back to Life* has helped people transform denial despair and grief in the face of the social and ecological challenges of our time This new completely updated edition repositions the classic work within the context of deepening global crises and the cognitive spiritual and perceptual revolutions occurring all around us      **Humankind and Nature** Artur K. Wardega, Albert Wong, 2015-01-12 As climate change continues to batter the coastlines of North America and elsewhere and

as extreme weather events provide abundant proof of its reality religious leaders can no longer ignore the fact that the human has become a geologic force a force that must be re educated and re formed in order to guarantee safe passage into a sustainable future Hopefully Jesuits and their lay partners can continue to provide leadership in regard to this issue correctly identified by Fr Adolfo Nicol s SJ as a top priority In this particular context the role of religions and their valuable contributions must be evaluated Religion s role is not simply one of morality rather it seeks especially in Christianity to show the face of God It is out of this relation that believers then seek to live towards the good especially in relation to their neighbours creation and God Religious believers may have failed severely in communicating this relationship in the twenty first century This publication gathers together a roster of Western and Asian experts contributions from various fields of knowledge related to ecology anthropology religions and ethics economics technology and to environmental and health protection studies This collection of essays embracing a wide scope of current topics theme and questions will renew awareness of the ecological dilemma and stimulate reflection on its spiritual and social dimensions

**Sacred Instructions** Sherri Mitchell,2018-02-13 A profound and inspiring collection of ancient indigenous wisdom for anyone wanting the healing of self society and of our shared planet Peter Levine author of Waking the Tiger Healing Trauma A Penobscot Indian draws on the experiences and wisdom of the First Nations to address environmental justice water protection generational trauma and more Drawing from ancestral knowledge as well as her experience as an attorney and activist Sherri Mitchell addresses some of the most crucial issues of our day including indigenous land rights environmental justice and our collective human survival Sharing the gifts she has received from the elders of her tribe the Penobscot Nation she asks us to look deeply into the illusions we have labeled as truth and which separate us from our higher mind and from one another Sacred Instructions explains how our traditional stories set the framework for our belief systems and urges us to decolonize our language and our stories It reveals how the removal of women from our stories has impacted our thinking and disrupted the natural balance within our communities For all those who seek to create change this book lays out an ancient world view and set of cultural values that provide a way of life that is balanced and humane that can heal Mother Earth and that will preserve our communities for future generations
