## Lovecraft A Study In The Fantastic:

Lovecraft, a Study in the Fantastic Maurice Lévy, 1988 Broader than a thematic study however Lévy's analysis is unique in his use of Lovecraft's work as a model for fantastic writing in general and in his provocative theory as to why Lovecraft wrote the sort of works he did Maurice Lévy's book is a penetrating analysis of the themes running through the works of H P Lovecraft the writer of horror and supernatural fiction Broader than a thematic study however Lévy's analysis is unique in his use of Lovecraft's work as a model for fantastic writing in general and in his provocative theory as to why Lovecraft wrote the sort of works he did At an early age Lovecraft sloughed off all religious belief and came to adopt a bleak and nihilistic philosophy where humans have no importance in the cosmos but to serve as the playthings of incomprehensible and uncaring forces Lévy sees Lovecraft's works as an attempt to purge himself of these feelings and to give himself a reason to love in a universe that cares nothing for him or for other human beings in general It is this view of Lovecraft the writer the thinker and the man that sets Lévy's work apart from any Lovecraft criticism *Transitions and Dissolving Boundaries in the Fantastic* Christine Lötscher, Petra Schrackmann, Ingrid Tomkowiak, Aleta-Amirée von Holzen, 2014 By creating hybrid zones of autonomy the fantastic a subgenre of literary works provides alternatives to conventional understandings of the world knowledge or identity The fantastic raises a number of significant questions about cultural and social developments and challenges existing boundaries With regard to fantastic fiction in literature and different media representations the articles in this volume explore crossings into other worlds time travel metamorphoses hybrid creatures and a variety of other transitions and transgressions The book analyzes hybrid genres inter media adaptations transpositions into new media as well as various forms of crossover as exemplified in the increasing trend of generation spanning all age literature Series Research in the Fantastic Fantastikforschung Vol 2 **A Subtler Magick** S. T. Joshi, 1996-12-01 He was the premier writer of horror fiction in the first half of the 20th Century perhaps the major American practitioner of the art between the time of Edgar Allan Poe and Stephen King Born into an upper middle class family in Providence Rhode Island Howard Phillips Lovecraft 1890 1937 had a lonely childhood but read voraciously from his earliest years He soon became interested in science and astronomy and began penning stories poetry and essays in great profusion publishing them himself when no other market was available The advent of *Weird Tales* in 1923 gave him a small outlet for his work and he attracted a large number of followers with whom he exchanged literally tens of thousands of letters many of them quite lengthy A number of these young correspondents eventually became professional writers and editors themselves Lovecraft's fame began spreading beyond fandom with the publication of his first significant collection *The Outsider and Others* in 1939 two years after his untimely death Book jacket Lovecraft Donald R. Burleson, 2021-05-11 Howard Phillips Lovecraft 1890 1937 has been described variously as the successor to Edgar Allan Poe a master of the Gothic horror tale and one of the fathers of modern supernatural fantasy fiction Published originally in pulp magazines his works have **The Weird Tale** S. T.

Joshi,2003-01-01 The leading critic of supernatural literature here examines the roots of the weird tale as Lovecraft called it through detailed examinations of five founding fathers of the genre Arthur Machen Lord Dunsany Algernon Blackwood M R James and H P Lovecraft The result is a thorough study of the art craft philosophy and aesthetics of an enduring genre of fantastic literature

**The Weird and the Eerie** Mark Fisher,2017-01-31 A noted cultural critic unearths the weird the eerie and the horrific in 20th century culture through a wide range of literature film and music references from H P Lovecraft and Daphne Du Maurier to Stanley Kubrick and Christopher Nolan What exactly are the Weird and the Eerie Two closely related but distinct modes and each possesses its own distinct properties Both have often been associated with Horror but this genre alone does not fully encapsulate the pull of the outside and the unknown In several essays Mark Fisher argues that a proper understanding of the human condition requires examination of transitory concepts such as the Weird and the Eerie Featuring discussion of the works of H P Lovecraft H G Wells M R James Christopher Priest Joan Lindsay Nigel Kneale Daphne Du Maurier Alan Garner and Margaret Atwood and films by Stanley Kubrick Jonathan Glazer and Christopher Nolan

**H.P. Lovecraft** Peter H. Cannon,1989 In the years following H P Lovecraft s death in 1960 few of his friends and admirers were moved to write down their personal impressions This may have been in part because HPL outlived so many of his colleagues One can only wonder what intimates such as W Paul Cook or Robert Barlow might have penned had they not preceded him to the grave Perhaps others felt they had little more to add to the already ample public record of a successful author Then too the appearance soon after his passing of August Derleth s brilliant critical survey and L Sprague de Camp s definitive biography seems to have discouraged younger scholars from pursuing Lovecraft studies Now in one volume Peter Cannon has scraped up three hitherto unpublished memoirs each focused on a critical stage in Lovecraft s career Though HPL was most comfortable in male society two out of the three selections are written by women Clarissa Stone s account of his early literary triumphs and Leonora Lathbury s memoir of his time in England Even Robert Pratt s brief view of Lovecraft in his last days spotlights Lyda Arco Long the outspoken bride of HPL s favourite adopted grandson Frank Belknap Long While offering few surprises to the Lovecraft aficionado these disparate reminiscences amount to an incomparable portrait sure to revive interest in an author unjustly neglected in recent decades

**Journeys into Darkness** James

Goho,2014-03-06 The tradition of supernatural horror fiction runs deep in Anglo American literature From the Gothic novels of the eighteenth century to such contemporary authors as Stephen King and Anne Rice writers have employed horror fiction to unearth many disquieting truths about the human condition ranging from mistreatment of women and minorities to the ever present dangers of modern city life In Journeys into Darkness Critical Essays on Gothic Horror James Goho analyzes many significant writers and trends in American and British horror fiction Beginning with Charles Brockden Brown s disturbing novels of terror and madness Goho proceeds to discuss the influence of Edgar Allan Poe s The Fall of the House of Usher on H P Lovecraft who is treated in several penetrating essays Lovecraft was a uniquely philosophical writer and Goho

approaches his work through the lens of existentialist philosopher Søren Kierkegaard while also probing Lovecraft's racism as exhibited in several tales about Native Americans Goho also discusses the Welsh writer Arthur Machen's tortured tales of suffering and evil and Algernon Blackwood's numerous stories set in the wilds of the Canadian backwoods The book concludes with a centuries spanning essay on the witchcraft theme in the American Gothic tradition and a comprehensive essay on Fritz Leiber's invention of the urban Gothic In this wide ranging study James Goho examines the varied ways in which supernatural fiction can address the deepest moral social and political concerns of the human experience Journeys into Darkness will be of interest to readers and scholars of horror fiction and to students of literary history and culture in general

**A Feeling of Wrongness** Joseph Packer, Ethan Stoneman, 2018-11-01 In *A Feeling of Wrongness* Joseph Packer and Ethan Stoneman confront the rhetorical challenge inherent in the concept of pessimism by analyzing how it is represented in an eclectic range of texts on the fringes of popular culture from adult animated cartoons to speculative fiction Packer and Stoneman explore how narratives such as *True Detective*, *Rick and Morty*, *Final Fantasy VII*, Lovecraftian weird fiction and the pop ideology of transhumanism are better suited to communicate pessimistic affect to their fans than most carefully argued philosophical treatises and polemics They show how these popular nondiscursive texts successfully circumvent the typical defenses against pessimism identified by Peter Wessel Zapffe as distraction isolation anchoring and sublimation They twist genres upend common tropes and disturb conventional narrative structures in a way that catches their audience off guard resulting in belief without cognition a more rhetorically effective form of pessimism than philosophical pessimism While philosophers and polemicists argue for pessimism in accord with the inherently optimistic structures of expressive thought or rhetoric Packer and Stoneman show how popular texts are able to communicate their pessimism in ways that are paradoxically freed from the restrictive tools of optimism *A Feeling of Wrongness* thus presents uncharted rhetorical possibilities for narrative making visible the rhetorical efficacy of alternate ways and means of persuasion

[Walking Shadows](#) Ib Johansen,2015-08-25 Walking Shadows focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant
