Guinea Masks Minerals Bram Posthumus:

Guinea Bram Posthumus, 2016-12-15 Guinea is rich both materially and culturally with the world's largest bauxite reserves, gold, diamonds and iron ore. It abounds in culture and traditions and has a remarkable if often turbulent history. Guinea is also exceptional in that it was the first French colony proudly to declare its independence in 1958. Thereafter the country suffered under the tyranny of Sekou Toure. Today headed for the first time by an elected president, Guineans are trying to put their troubled past behind them and fulfil the promise of a decent life for all. It will not be easy. Tens of thousands perished in the years of chaos and even more human potential continues to go to waste. Guinea is the classic paradox: there are vast mineral reserves, its peoples are resourceful and the earning potential of agriculture and tourism is evident. And yet most citizens are desperately poor and lack even the most basic services. Governance lies at the heart of this problem. Posthumus touches on all these themes while taking the reader to all corners of Guinea which is captivating and exasperating in equal measure. He also highlights Guinea's remarkable cultural accomplishments, most notably its globally renowned music.

The Handbook of African Intelligence Cultures Ryan Shaffer, 2023-02-06 Bringing together a group of international scholars, *The Handbook of African Intelligence Cultures* provides the first review of intelligence cultures in every African country. It explores how intelligence cultures are influenced by a range of factors including past and present societal, governmental and international dynamics. In doing so, the book examines the state's role, civil society and foreign relations in shaping African countries' intelligence norms, activities and oversight. It also explores the role intelligence services and cultures play in government and civil society.

Mémoires d'un musicien africain Famoudou Konaté, 2022-12-30 Ce livre est l'autobiographie du grand musicien Famoudou Konaté originaire de Guinée en Afrique de l'Ouest. Il appartient aux Malink, un groupe ethnique dont la culture musicale très différenciée est centrée sur le tambour djemb. Son instrument est aujourd'hui connu et apprécié dans le monde entier, notamment grâce aux innombrables représentations et ateliers organisés par des musiciens comme Famoudou Konaté. Ce livre contient de nombreux détails sur le djemb et ses instruments d'accompagnement, sur son histoire, sur les modes de jeu et les principes de création, sur les rythmes, les chants et les danses et leur signification. Mais Konaté parle aussi en détail de son enfance en Guinée, de la société de son pays avec ses pratiques culturelles et ses problèmes d'hier et d'aujourd'hui, de ses voyages et d'une vie entre les cultures qui a façonné sa vision du monde.
