Verse 2 (Rap) - Repeat as Needed

Chorus - Vocal Hook 1

18

I said, "Baby, I do this, I thought that you knew this."
 Can't stand no haters, and honest the truth is,
 And my flow retarded, such beat, dont, departed.
 Swagger on stupid, I can't sleep at no department.
 Better get my money on time, if they not money, do fine.
 I just can't worry 'bout no haters, gotta stay on my grind.
 Now tell me, who that, who that? That do that, do that?
 Put that paper over all, thought you knew that, knew that.
 I be that I-G-G-Y, put my name in bold.
 I been working, I'm up in here with some change to throw.

position chords for C and G etc and building up to full position is also really important for beginners The picture diagrams of hand position is a nifty feature I know lots of beginners respond more to visuals and will often revert to looking at the hand pictures rather than the chord diagrams Also think the added audio clips are a great feature so students can compare the sounds of their chords with the audio for reference There could be a couple of chord progressions at the end of each section Apart from the song suggestions at the end of the book and strumming patterns That would be an added feature that I think could work nicely although this would make for a larger book and it is only 1 99 for the eBook Otherwise I think what s been put together is great Anthony Bierman Bmus Hons Contemporary Jazz Guitar South Africa Looks fab I particularly like the different ways of playing the A chord The physical warm up exercises for flexibility are also good It is good that movable major and minor barre chords are shown as partial versions to make them initially easier and beginners might find extra interest where near the back of the book easy open versions of other more exotic chords are shown such as Dm maj7 the James Bond chord Campbell Murray RGT MU Registered Tutor Scotland
