**Hearing Sappho in New Orleans** Ruth Salvaggio, 2012-06-13 While sifting through trash in her flooded New Orleans home Ruth Salvaggio discovered an old volume of Sappho's poetry stained with muck and mold In her efforts to restore the book Salvaggio realized that the process reflected how Sappho's own words were unearthed from the refuse of the ancient world Undertaking such a task in New Orleans she sets out to recover the city's rich poetic heritage while searching through its flooded debris Hearing Sappho in New Orleans is at once a meditation on this poetic city its many languages and cultures and a history of its forgotten poetry Using Sappho's fragments as a guide Salvaggio roams the streets and neighborhoods of the city as she explores the migrations of lyric poetry from ancient Greece through the African slave trade to indigenous America and ultimately to New Orleans The book also directs us to the lyric call of poetry the voice always in search of a listener Writing in a post Katrina landscape Salvaggio recovers and ponders the social consequences of the long song lyric chants especially the voices of women lost in time as it resonates from New Orleans's poetic sites like Congo Square where Africans and Indians gathered in the early eighteenth century to the modern day Maple Leaf Bar where poets still convene on Sunday afternoons She recovers for example an all but forgotten young Creole woman named L I and leads us all the way up to celebrated contemporary writers such as former Louisiana poet laureate Brenda Marie Osbey Sybil Kein Nicole Cooley and Katherine Soniat Hearing Sappho in New Orleans is a reminder of poetry's ability to restore and secure fragile and fragmented connections in a vulnerable and imperiled world

**Creole** Sybil Kein, 2000-08 The word Creole evokes a richness rivaled only by the term's widespread misunderstanding Now both aspects of this unique people and culture are given thorough illuminating scrutiny in Creole a comprehensive multidisciplinary history of Louisiana's Creole population Written by scholars many of Creole descent the volume wrangles with the stuff of legend and conjecture while fostering an appreciation for the Creole contribution to the American mosaic The collection opens with a historically relevant perspective found in Alice Moore Dunbar Nelson's 1916 piece People of Color of Louisiana and continues with contemporary writings Joan M Martin on the history of quadroneer balls Michel Fabre and Creole expatriates in France Barbara Rosendale Duggal with a debiased view of Marie Laveau Fehintola Mosadomi and the downtrodden roots of Creole grammar Anthony G Barthelme on skin color and racism as an American legacy Caroline Senter on Reconstruction poets of political vision and much more Violet Harrington Bryan Lester Sullivan Jennifer De Vere Brody Sybil Kein Mary Gehman Arthi A Anthony and Mary L Morton offer excellent commentary on topics that range from the lifestyles of free women of color in the nineteenth century to the Afro Caribbean links to Creole cooking By exploring the vibrant yet marginalized culture of the Creole people across time Creole goes far in diminishing past and present stereotypes of this exuberant segment of our society A study that necessarily embraces issues of gender race and color class and nationalism it speaks to the tensions of an increasingly ethnically mixed mainstream America

**The City in American Literature and Culture** Kevin R. McNamara, 2021-08-05

This book examines what literature and film reveal about the urban USA Subjects include culture class race crime and disaster *Louisiana Creole Literature* Catharine Savage Brosman, 2013-10-17 Louisiana Creole Literature is a broad ranging critical reading of belles lettres in both French and English connected to and generally produced by the distinctive Louisiana Creole peoples chiefly in the southeastern part of the state The book covers primarily the nineteenth and twentieth centuries the flourishing period during which the term Creole had broad and contested cultural reference in Louisiana The study consists in part of literary history and biography When available and appropriate each discussion arranged chronologically provides pertinent personal information on authors as well as publishing facts Readers will find also summaries and evaluation of key texts some virtually unknown others of difficult access Brosman illuminates the biographies and works of Kate Chopin Lafcadio Hearn George Washington Cable Grace King and Adolphe Duhaime among others In addition she challenges views that appear to be skewed regarding canon formation The book places emphasis on poetry and fiction reaching from early nineteenth century writing through the twentieth century to selected works by poets still writing in the early twenty first century A few plays are treated also especially by Victor Séjour Louisiana Creole Literature examines at length the writings of important Francophone figures and certain Anglophone novelists likewise receive extended treatment Since much of nineteenth century Louisiana literature was transnational the book considers Creole based works which appeared in Paris as well as those published locally **Becoming American in Creole New Orleans, 1896-1949**

Darryl Barthé, Jr., 2021-07-14 Extensive scholarship has emerged within the last twenty five years on the role of Louisiana Creoles in the eighteenth and early nineteenth centuries yet academic work on the history of Creoles in New Orleans after the Civil War and into the twentieth century remains sparse Darryl Barth Jr's *Becoming American in Creole New Orleans* moves the history of New Orleans Creole community forward documenting the process of becoming American through Creoles encounters with Anglo American modernism Barth tracks this ethnic transformation through an interrogation of New Orleans's voluntary associations and social sodalities as well as its public and parochial schools where Creole linguistic distinctiveness faded over the twentieth century because of English only education and the establishment of Anglo American economic hegemony Barth argues that despite the existence of ethnic repression the transition from Creole to American identity was largely voluntary as Creoles embraced the economic opportunities afforded to them through learning English *Becoming American* entailed the adoption of a distinctly American language and a distinctly American racialized caste system Navigating that caste system was always tricky for Creoles who had existed in between French and Spanish color lines that recognized them as a group separate from Europeans Africans and Amerindians even though they often shared kinship ties with all of these groups Creoles responded to the pressures associated with the demands of the American caste system by passing as white people completely or situationally or more often redefining themselves as Blacks *Becoming American in Creole New Orleans* offers a critical comparative analysis of Creolization and Americanization social processes that often

worked in opposition to each another during the nineteenth century and that would continue to frame the limits of Creole identity and cultural expression in New Orleans until the mid twentieth century As such it offers intersectional engagement with subjects that have historically fallen under the purview of sociology anthropology and critical theory including discourses on whiteness m tissage m tisaj and critical mixed race theory
