Gwinnett County Summer Camps 2013:

Black Mosaic Richard Kenyada, 2014-05-15 In *Black Mosaic Essays for Post Racial America* Richard Kenyada assesses the progress we've made in our quest to find the key element that unites us as Americans and further as human beings. The term post racial popped up after the first Obama victory but the mood of the country has not reflected that kind of hope. In many ways Americans seem to be drawing their own lines in the sand. But it's no longer the historic us against them of the Cold War era. The lines are being drawn between Americans' races, classes, genders, and sexual orientation. **The Best 168**

Medical Schools, 2013 Edition Malaika Stoll, 2012 Profiles 168 top medical schools and offers information on admissions criteria, financial aid, and special programs for members of minority groups. **Day Trips® from Atlanta** Janice

McDonald, 2011-12-20 Need a day away to relax, refresh, renew? Just get in your car and go! This first edition of *Day Trips from Atlanta* is your guide to hundreds of exciting things to do, see, and discover in your own backyard. With full trip planning information and tips on where to eat, shop, and stop along the way, you can make the most of your time off and rediscover the simple pleasures of a day trip. Explore places you never knew existed, many free of charge and most within a two-hour drive of Atlanta. Discover Georgia's peaks and valleys. Scenic little towns, majestic mountains, lakes, waterfalls, and rivers are not far from the city. Turn up the volume. Head to Athens where an incredible mixture of Victorian architecture and beautiful gardens is juxtaposed against a trendy downtown with hip shops and galleries and a vibrant music scene. Soak up some history. Spend a day in one of Georgia's historic towns; you'll be charmed by both the towns and the people who live there. Class Warfare

in Black Atlanta Augustus Wood, 2025-05-27 Between 1966 and 2015 the city of Atlanta was transformed. In the late 1960s Black politicians ascended to the top of the power structure for the first time thanks to newly enfranchised Black working class voters. Through the early 1970s the demographics of the city shifted and the combination of Black empowerment and white flight produced a growing Black working class majority that increasingly demanded Black Power policies that often clashed with the policies supported by affluent residents. But by the 2010s Atlanta's city core had been thoroughly gentrified and the ability of Black working class Atlantans to organize and build power had diminished significantly. Tracing the history of post-civil rights Black Atlanta through rigorous class analysis, Augustus Wood argues that Black and white elites responded to an energized and politicized Black working class by forging a public-private partnership power bloc that included the small but growing Black political leadership expanding the racial class contradictions in Black Atlanta. This bloc worked to shift state funding away from public services and toward gentrification projects that demolished subsidized housing and it ramped up police surveillance to deter working class resistance. Paying close attention to political economy and class while drawing on unexamined archival sources and oral histories of Black working class Atlantans, especially Black women, Wood reframes our understanding of contemporary Black urban life by highlighting the centrality of the dynamics of intraracial class conflict in urban space.
