The American Musical and the Formation of National Identity Raymond Knapp, 2018-06-05

The American musical has achieved and maintained relevance to more people in America than any other performance-based art. This thoughtful history of the genre, intended for readers of all stripes, offers probing discussions of how American musicals, especially through their musical numbers, advance themes related to American national identity. Written by a musicologist and supported by a wealth of illustrative audio examples, on the book's website the book examines key historical antecedents to the musical, including the Gilbert and Sullivan operetta, nineteenth and early twentieth century American burlesque and vaudeville, Tin Pan Alley, and other song types. It then proceeds thematically, focusing primarily on fifteen mainstream shows from the twentieth century, with discussions of such notable productions as *Show Boat* (1927), *Porgy and Bess* (1935), *Oklahoma!* (1943), *West Side Story* (1957), *Hair* (1967), *Pacific Overtures* (1976), and *Assassins* (1991). The shows are grouped according to their treatment of themes that include defining America, mythologies, counter mythologies, race, and ethnicity, dealing with World War II, and exoticism. Each chapter concludes with a brief consideration of available scholarship on related subjects; an extensive appendix provides information on each show discussed, including plot summaries and song lists, and a listing of important films, videos, audio recordings, published scores, and libretti associated with each musical.

Broadway Sheet Music Donald J. Stubblebine, 1995 Stubblebine also the author of *Cinema Sheet Music* (1991) provides a comprehensive listing of the published songs from every composer in all Broadway shows, 1918 through 1993. Each of the 2,562 entries includes the show's title, year the show opened, a listing of all songs in the production with composers and lyricists, and the show's leading players. The sheet music cover is also described, along with a one-line synopsis of the show. A limited number of shows that closed before reaching Broadway are also included. Indexed by song and by composer/lyricist. c Book
